## Distilled Sunshine

Did you ever have a  
headache that made  
Sunday feel like wash-  
day?

Q Perhaps you have been  
drinking inferior teas.

Q No, you don't need medi-  
cine—all you need is a  
package of Grand Mogul  
Tea.

Q This tea combs the kinks  
out of the nerves. Why?  
Because it is rich in theine  
(the flavoring essence)  
which is just concentrated  
sunbeams. Grown on the  
high table lands of Ceylon,  
this tea contains the ele-  
ments of a pure nerve-food.

## Grand Mogul Tea

Q There are no other teas "just  
as good" as Grand Mogul. 25c,  
30c, 40c and 50c per pound.  
Q Sold only in packages, lined with  
air-tight paper. Premium coupons  
in each package. The cost of these  
coupons is not taken out of the tea  
—but is simply a part of the ad-  
vertising appropriation.

## STRUCK AT CROSSING.

Young Woman Seriously Wounded by a  
Wabash Train.

St. Thomas, Jan. 13.—When No.  
13 Wabash express, due at 11.30  
a.m., arrived here from the east  
yesterday, the engine was covered  
with blood. At the New Sarum  
road crossing the train struck a  
horse and buggy, driven by Miss  
Adelaide Dickie, daughter of Mr.  
James Dickie, farmer, near New  
Sarum. The horse was cut to  
pieces, and portions of it carried  
half a mile along the track. The  
buggy was wrecked. Miss Dickie  
was thrown out. She was picked  
up unconscious, and still remains  
in that state. She was brought to  
the hospital here. Her shoulder is  
injured, and it is feared that the  
base of her skull is fractured. Her  
recovery is doubtful.

## NOT GUILTY OF ARSON.

Julia Waukosh Acquitted by Jury at the  
Winter Assizes.

Julia Waukosh, the Indian woman,  
was acquitted at the winter  
assizes, at London, on the charge  
of arson. The jury was out little  
more than half an hour.

The evidence for the prosecution  
was purely circumstantial. Some  
threats that she was alleged to  
have made, coupled with the evi-  
dence of several Indians, who  
swore to seeing her going to and  
returning from the scene of the  
fire, was offered by the crown.

The defense brought several wit-  
nesses to discredit the testimony  
of David Logan and George Fisher,  
two strong witnesses for the crown.  
An alibi was also sworn to, Mrs.  
Fox, Julia Waukosh, the accused,  
her mother, and Thos. Annett, all  
swearing that Julia did not leave  
the house the night of the fire.

## BRITISH ELECTIONS

The Liberals Sweeping the Country—  
Will Have a Majority Over All Parties

The elections in Great Britain are re-  
sulting in a sweep for the Liberals  
each succeeding day is bringing proof  
of the great revulsion of public feeling.  
The following is the result up to and in-  
cluding January 16:

Liberals.....	106
Unionists.....	27
Unionist Free Traders.....	2
Nationalists.....	31
Labor.....	18
Labor gains.....	49
Unionist gains.....	15

Two Canadians were elected to  
the British House of Commons, Sir  
Gilbert Parker and Hamar Green-  
wood, B.A. Both are from Ontario,  
the former from near Belleville,  
the latter from Whitby. Both are  
university men, one from Trinity,  
the second from Toronto. Both  
sought fortune and fame in Old  
London, Parker by way of Aus-  
tralia, Greenwood via Liverpool.

Parker married the daughter of a  
New York millionaire, successfully  
assailed the courts of aristocracy  
and was knighted. His many  
novels testify to his literary abil-  
ities. He has done well. Both for-  
tune and fame are his.

Greenwood is an orator and by  
his silver tongue, magnificent phy-  
sique and magnetic manner has  
made himself one of the most  
sought-after public speakers in  
Great Britain. His candidacy in  
York came to him unsought. He  
had gone to the Cathedral City to  
speak at a friend's nomination, but  
the electors heard him they would  
have none but him. They do that  
sort of thing in Yorkshire.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for  
many years from rheumatism," says W.  
H. Howard, of Husband, Pennsylvania.  
"At times she was unable to move at all,  
while at times walking was painful. I  
presented her with a bottle of Chamber-  
lain's Pain Balm, and after a few applica-  
tions she decided it was the most wonder-  
ful pain reliever she had ever tried, in fact,  
she is never without it now and is at all  
times able to walk. An occasional appli-  
cation of Pain Balm keeps away the pain  
that she was formerly troubled with." For  
sale by R. A. Kirkland, druggist.

**WATER IN YOUR BLOOD**

Lots of people have thin, watery blood,  
they eat plenty, but don't digest. When  
digestion is poor food isn't converted into  
nourishment—in consequence the body rap-  
idly loses strength. To positively renew  
health, nothing equals Ferrozone. It ex-  
cites sharp appetite,—makes the stomach  
digest,—forms life sustaining blood.  
Abundant strength is sure to follow. If  
you need more vitality, extra energy,  
better nerves, then use Ferrozone, the  
medical triumph of the age. Fifty cents  
bottle. A box of fifty chocolate coated Ferro-  
zone tablets.

byterian church in Canada, held its an-  
nual meeting on Wednesday. The  
membership is 1,240; receipts, \$11,400;  
Sunday school membership, 395; mis-  
sionary stipend, \$8,000.

## CHURCH UNION.

The Hamilton Spectator, in dis-  
cussing the proposed union of the  
Presbyterian and Methodist  
churches, says: Looking at the  
question from a strictly business  
standpoint, there can be no ques-  
tion of the high desirability of the  
union of the churches. But is it  
proper to look at these things from  
a strictly business point of view?  
Is there not something else that is  
more important?

It is true that the Presbyterians  
and Methodists have been "drawing  
nearer" to each other of late years  
—in appearance. There has been  
no change in the doctrines of the  
churches, and the apparent draw-  
ing together is caused by the fact  
that both churches have been ig-  
noring their doctrines. A fash-  
ionable Methodist church of to-day is  
no more like the church of John  
Wesley than day is like night. The  
ordinary Presbyterian church of  
to-day is no more like John Knox's  
church than night is like day. Doctrinal  
sermons have been al-  
most entirely abandoned, the ser-  
vice has been made more gaudy—  
the attitudes in prayer or singing  
more restful. Except for one or  
two unimportant little peculiarities  
it is almost impossible for a  
stranger now to say whether he  
is listening to a Presbyterian or a  
Methodist service. This may be  
all for the better; many people,  
both clergymen and laymen, now  
say that it is for the better. But  
what is to become of the old  
doctrines?

For all these years the people  
have been taught that the doctrines  
of a church were all important.  
They have fought and bled and  
died for the doctrines of their  
churches; and those who have per-  
ished because of their adherence to  
doctrine have been looked upon as  
martyrs. All these years the people  
have been taught such and such  
doctrines. Because of these doc-  
trines the people separated into  
different religious bodies and have  
been giving of their goods for the  
purpose of training the young in  
these doctrines, that they might  
preach them in their purity and  
simplicity. "Unalloyed by any of  
the doctrines or devices of man."  
It is only a few years since there  
were heresy trials in the Presby-  
terian church in Canada.

And now we are told by clergy-  
men, in effect, that all these sacred  
things are nonsense—something to  
be brushed aside and forgotten!  
The people are told that the pre-  
cious doctrines which have been so  
long maintained as the very es-  
sence of the church, and sole reason  
for the existence of the church or  
organization, are not to be considered  
when they stand in the way of a  
business combination which pro-  
mises to be profitable.

Well, the world moves. But it  
is to be hoped that the example of  
the clergy in throwing away a por-  
tion of the "religion" of the people  
will not be held to be good excuse  
for the laymen to throw away the  
rest of it.

## AN ENORMOUS RECORD.

The subscription receipts of the Family  
Herald and Weekly Star of Montreal dur-  
ing December were thousands of dollars  
over all previous records. In fact the  
total subscriptions were so great as to  
cripple for a time the largest staff of clerks  
they ever employed. The lovely picture,  
"Queen Alexandra, Her Grandchildren  
and Dogs," given as a premium, and the  
big valued of the Family Herald itself are  
responsible for the large increase and it is  
said their farmers' book, "The Farmers'  
Manual and Veterinary Guide," has also  
won them over twenty thousand new sub-  
scribers. They are putting another edi-  
tion of the book, and farmers who have  
not secured a copy should do so at once as  
it is of immense value to them. Samples  
of book and picture can be seen at this  
office. No such value has ever been offered  
in this country.

## PASTOR CHARGED WITH HERESY

Toronto, Jan. 14.—Because cer-  
tain deacons of the Walmer Road  
Baptist Church believed their  
pastor, Rev. Oliver C. Horsman, to be  
guilty of heresy, his resignation  
before the board of that church.  
The beginning of the trouble  
dates to a certain sermon the re-  
verend gentleman preached in which  
he said that he did not believe that  
the world was made in six literal  
days. He believed this to be a fig-  
ure of speech, meaning six spaces  
of time, whether longer or shorter.  
He did not, however, convey the  
impression that the feat was be-  
yond the power of God.

The utterance caused consid-  
erable talk among the deacons with  
the result that Mr. Horsman  
handed in his resignation. The re-  
signation was not accepted at two  
stormy meetings, at which it was  
shown that the deacons are not en-  
tirely unanimous on the matter.

An agreeable movement of the bowels  
without any unpleasant effect is produced  
by Chamberlain's Stomach and Liver Tab-  
lets. For sale by R. A. Kirkland, druggist.

## CALL SUSTAINED.

Rev. Mr. Mann Will be the New  
Pastor at Crinan and West Lorne.

A special meeting of the London  
Presbytery was held at St. Thomas  
on Tuesday, with Rev. H. W.  
Reede presiding.

Rev. Mr. Scott presented the  
call of Argyle and West Lorne to  
Rev. A. J. Mann, B.A., of Eramosa.  
Mr. Scott stated that 179 members  
and 26 adherents signed the call.  
The stipend is \$850 with free  
manse, the minister to have four  
weeks holidays. Mr. Scott sup-  
ported the call in an earnest ad-  
dress.

Moved by Mr. Henderson, sec-  
onded by Rev. R. McIntyre, that  
the conduct of the moderator be  
approved.—Carried.

Duncan Campbell and Mr. Car-  
michael, commissioners from West  
Lorne, supplemented the remarks  
of Rev. Mr. Scott, and reiterated  
the statements as to the unanimity  
of the call.

Rev. R. McIntyre moved that the  
call be sustained as a regular gospel  
call, and on motion of the clerk and  
Mr. Lawrence it was ordered that  
the Guelph Presbytery be notified  
by telegraph of the call.

Rev. Mr. Scott said it had been  
provisionally arranged to have the  
induction take place on Wednes-  
day, Feb. 7, at Crinan, at 2 p.m.

Rev. Mr. Scott and Rev. W. Ross  
were chosen to present the call.  
Rev. Mr. McKay, the moderator,  
is to preside at the induction. Rev.  
W. Atkinson, of Appleton, to preach;  
Rev. Mr. Malcolm to address the  
minister, and Rev. Mr. Ellison the  
people.

The clerk read a communication  
from the Presbytery of Sarnia,  
suggesting that Euphemia be de-  
tached from Sarnia and added to  
Alvinston. Rev. Mr. Wallace, of  
Inwood, was heard in regard to the  
matter, and a committee composed  
of Rev. J. G. Stewart, and Rev.  
Mr. Henderson, London; Rev. Mr.  
Weir, of Glenora, and Elders Mc-  
Neil and Taylor, were appointed  
to deal with the question.

## 80,000 BY CLOSE OF CENTURY

Lord Strathcona Predicts Canada's Popu-  
lation at this Figure

In the course of an address de-  
livered at Montreal on Thursday,  
Lord Strathcona said that while he  
was proud of the title by which he  
had been honored by the late la-  
mented Queen Victoria, he would  
rather be remembered by his friends  
as Donald Smith. It was the name  
by which he had been known to  
them in other days and he would be  
loath to change the relations which  
had existed between them then.  
He predicted that by the end of the  
present century there would be a  
population in the Dominion twice  
as large as the combined popula-  
tions of Great Britain and Ireland.  
Everything was favorable to that  
end and the natural conditions of  
the country could not be improved  
upon. It was also satisfactory to  
know that the prosperity here, past  
and present, was due not to a boom,  
but to those natural conditions.

## BANWELL IS A PRISONER.

Bank Clerk Overhauled at Kingston,  
Jamaica, and His Wife With Him

Toronto, Jan. 12.—The extended  
travels of Edwin St. George Ban-  
well, who robbed the Crown Bank  
on December 9, are very nearly  
ended. After a chase from Buffalo  
to New York, to St. Louis, to Mem-  
phis, Tenn., to New Orleans, to  
Jacksonville, Florida, to Tampa, to  
Patna Gorda, to Havana, Cuba, to  
Santiago, Detective Black of the  
Toronto Detective force, who  
started out in search of Banwell on  
December 22, finally found him in  
Kingston, Jamaica.

Detective Black cabled the suc-  
cess of his chase yesterday after-  
noon, and later sent a cipher mes-  
sage containing fuller information.  
Banwell had with him the money  
stolen from the bank, with the ex-  
ception of what he had spent for  
travelling expenses. He was ac-  
companied throughout his flight by  
Norah Hector, the young woman  
with whom he went away, and  
whom he is understood to have  
married under an assumed name  
in Buffalo.

As Jamaica is a British posses-  
sion, no extradition papers will  
be necessary. In order to  
avoid passing through the United  
States Detective Black will have to  
bring Mr. and Mrs. Banwell home  
by way of England, or by the Pick-  
ford and Black Line to Halifax.

Stomach Troubles and Constipation  
"Chamberlain's Stomach and Liver  
Tablets are the best thing for stomach  
troubles and constipation I have ever sold,"  
says J. R. Callman, a druggist of Potter-  
ville, Mich. They are easy to take and  
always give satisfaction. I tell my cus-  
tomers to try them and if not satisfactory  
to come back and get their money, but  
have never had a complaint." For sale by  
R. A. Kirkland, druggist.
