

WHENEVER I see
Hood's Sarsaparilla
I know I want to bow
and say

"Thank You"
I was badly affected with
Hood's Sarsaparilla
Sore, covering almost
the whole of one side of
my face, nearly to the
top of my head. Burning sores discharged
from both ears. My eyes were very bad, the
eyelids so sore it was painful opening or
closing them. For nearly a year I was deaf.
I went to the hospital and had an operation
performed for the removal of a cataract from
one eye. One day my sister brought me

Mrs. Paisley.

Hood's Sarsaparilla
which I took, and gradually began to feel bet-
ter and stronger, and slowly the sores on my
eyes and in my ears healed. I can now hear
and see as well as ever. Mrs. AMANDA PAISLEY,
176 Lander Street, Newburgh, N. Y.

HOOD'S PILLS cure all Liver Ills, jaundice,
sick headache, biliousness, sour stomach, nausea.

Radway Wins

In the Contest for the City Cycling
Road Championship.

Dr. Rice First in the \$25,000 Brook-
lyn Handicap.

The Boston-Baltimore Baseball Match
Called on Account of Fire—How the
Buffalo Express Roasts the
Home Baseball Team—
General Sporting
News.

THE WHEEL.

His name is Radway. He has been out
from England only a few weeks, and
seems to have taken to Canadian cycling
conditions quite readily. Few in the city
heard of him until last night, but now he
is the champion ten-mile rider of London.
He broke the record on the first trial.
Bully for Radway! There were nine
starters in last night's handicap run to St.
Johns and return. Bryant and Elson
were given 8 minutes' start; Brown, Jenkins
and Sweeney, 5 minutes; Holt, 4 minutes;
Wade, 3 minutes; and Radway and Manville
were scratched, leaving the "Guns" at
7 o'clock. A big crowd saw them go and
return. Manville took a header at the C.
P. R. track on the way out and his arm
was badly bruised. He remounted at once,
but lost valuable time. The riders returned
in the following order:

	Time.	Secs.
Bryant.....	33	45
Elson.....	35	45
Sweeney.....	34	35
Holt.....	34	35
Radway.....	32	34
Wade.....	34	34
Jenkins.....	36	35
Manville.....	38	35
Brown.....	39	35

The best record for this ten miles was
held by Manville—32 minutes 34 seconds.
Radway lowered it one second according to
Dr. Balfour's gold-plated, guaranteed,
stem-winder stop watch. Young Sweeney's
performance was very creditable. As the
road was somewhat heavy after the rain,
it is probable that better time may yet be
made. The contestants were all members
of the London Bicycle Club except Jenkins.
Bryant and Elson will get trophies for
making first and second places; Radway
will get the time prize. Dr. James Mc-
Cormick was the starter and Dr. Balfour
the time-keeper. An attempt will be made
later on to lower Manville's St. Thomas
record.

Ald. W. C. Coo has just purchased from
Messrs. Carrell, McKenzie & Co., a very
beautiful "Quadrant" tandem bicycle,
enameled in white, which is by competent
authorities considered to be one of the finest
tandem machines ever brought into Can-
ada. He can be seen daily in the park with
two other branches of the family upon it,
an example that might be emulated by
many other family men, so say Messrs. C.
McK. & Co.

FAST WHEELS.

LAST NIGHT'S RACE.
All last season's Brantford machines under
Mr. Clay Manville, did most of the winning
of races. Mr. Manville does not now ride a
Brantford, but the Brantford machines
under other riders still continue to win.
We do not like to advertise our wheels in
connection with races, but prefer to sell
them on their own merits. But when our
competitors make such a blow about
"nothing" as they did after the last race,
we think we ought to let the public know
what kind of wheels we are selling, even if
we do use the results of a race to do it. We
do not employ men to do our racing. Others
do. Mr. Frank Bryant, on his Brantford,
was an easy winner. He never rode except
in one race before, and then he came in last.
Last night he reversed the order. Besides
winning the race, our wheels under Messrs.
Sweeney, Holt, Bryant and Wade made
second, third, fourth and fifth best time,
all beating and making better time than the
rider who was advertised as doing so
wonderfully well in the last race. Had the
riders of our competitors' machines made
the showing which the above riders did, we
venture to say that the ADVERTISER would
have to have been enlarged to hold all they
would have had to say about it. W.
MAN & CO., 397 Clarence Street.

RADWAY LOWERS THE RECORD.
In the road race to St. Johns and return
last evening Frank E. Radway on a
"Quadrant" lowered the record held by
Clay D. Manville some few seconds, his time
for the 10 1/2 miles being 32:29. Manville

had the misfortune to fall from his machine
while crossing the tracks at the foot of the
Mount Hope hill, or it is safe to say he
would also have been within record time.
These were the only two "Quadrant" men
in the race, and they both started from the
scratch mark. The way Manville's wheel
came through the ordeal is a glowing
tribute to the excellence of these machines.
At the time of the fall he was going at full
racing speed and it is safe to say any
ordinary machine of its weight (22 pounds)
would have been wrecked, but the little
"Quadrant" had not even a broken spoke
or loose bearing.

Cahill. Umpire—Snyder.

ROUGH ON BUFFALO'S NINE.

The Binghamton baseball team played
in Buffalo on Sunday, winning easily.
Buffalo's score was 17 runs, 14 hits, 15
errors, while Binghamton had 30 runs, 20
hits and 1 error. And this is how the Buf-
falo Express "goes for" the home team:

"Just plain dubs!
"That is what the members of the Buf-
falo Baseball Club are, no more and no less.

"The distinguished Mr. Chapman, in the
perfection of his baseball wisdom, has suc-
ceeded in getting together an aggregation
of butter-fingered, white-livered, awkward
and bow-legged young and old men who
play as if they were each aged 102 years
and had never seen a contest at One Old
Cator Handy Andy Over, to say nothing of
a professional game. They cannot hit
and they cannot field. Some of them
might be useful for passing water, but the
major portion of them ought to have good
fat jobs carrying hods somewhere.

"When the club from a measly little
town like Binghamton beats the Buffalo
club as the Binghamtons beat the Buffalos
yesterday and the day before, it is time to
yell murder. This playing ball on sus-
picion will not do. Excuses have been
made until everybody is sick of them.
The members of the Buffalo club made money
out of it last year. He should not be so
silly about spending a little of that
money now. It is bad enough for a first-
class city to be in a second-class league,
but to be represented by such a conglomera-
tion of misfits in such a league is scandal-
ous.

"One or two new players will not fill the
bill. There are not more than four men on
the team who ought to play ball anywhere
outside of Podunk, and they would run a
good chance of getting chased off the field
even there. Reorganization is needed, and
homoeopathic doses of it will not suffice.
It must come in large and jagged chunks.
The genial and distinguished Mr. Chapman
cannot hold Buffalo up any longer.
The imitation of the national game which his
club is now giving is not satisfactory. He
and his boss, the alderman from the 20th
ward, have got to get a ball club, and get it
right away or they must go out of the busi-
ness."

It is pleasant to say that Johnson (late of
the Alerts) was not a contributor to the
column of errors.

THE GREAT HANDICAP.

NEW YORK, May 15.—The Brooklyn
handicap, the first big turf event of the
season, was won by Dr. Rice in the fast
time of 2:07 1/4 to-day. Over 40,000 people
saw the race. It was an ideal day for the
race. The track was in perfect condition,
and there was every prospect of the record
of 2:07 1/4 being broken by Dr. Rice's gelding
lowered. The enclosure was uncomfortably
crowded. All the transportation
facilities were greatly overtaxed, and the
betting ring was so crowded that it was as
much as a person's life was worth to
attempt to make a wager. It needed the
services of a rusher from a football team to
place a bet. The weather was fine and
every one was happy.

The big event was the fourth race on the
card. It was scheduled to take place at
4 o'clock, but it was nearly 5:48 when the
flag fell. The horses were at the post
nearly 40 minutes. Break after break
occurred, but not one was even enough
to warrant their getting the word.
It was finally decided to open the turn
which had been temporarily closed and
make the start there. This was done. A
start was finally effected. It looked to be
a fair one for all but Lowlander. Martin,
however, did not think it was a start and
Clifford was left standing still. Thompson
also began to pull up Sport, just as they
got the flag. McDermott made no effort to
join the field with Lowlander. He simply
centered back to the paddock. Clifford and
Sport went after the others but gave up the
unequal struggle very soon.

Copyright was the pacemaker to the
first turn. He set a clinking pace. Bergen
made an effort to draw away from his field
as they neared the far turn but failed to
do so. Henry of Navarre who had been his
nearest antagonist all the way moved
up to him. The instant he was collared
Copyright was beaten.

Henry of Navarre piloted the field into the
home stretch.
Dr. Rice and Sir Walter, who had been in
easy positions and well up, as if with
one accord closed on Henry of Navarre as
soon as they were headed for home. A
ding-dong finish then began. Tarsi and
Dr. Rice with strength and energy that
have made him famous. He urged him to
the utmost limit of endurance. The game
fellow responded to the whip and spur, and
finally won a superb race by a scant
length.

Henry of Navarre struggled gamely to the
last gasp. He lasted long enough to
beat Sir Walter half a length for the
place. Sir Walter was really up to a

bruiser race. The pace and distance
began to tell on him. He faltered at the
critical juncture. The cry that the favor-
ite wins rent the air when Doggett made
his effort with the courageous little fellow.
It was premature, as Sir Walter was all
out, and really had nothing left with which
to finish.

Basestlaw, the imported horse, made a
credible showing. He was one of the
last to leave the post, and trailed until
they began to negotiate the turn for home.
Then he began to crawl up on the leaders.
He threaded his way through the field at a
great rate, and finished fourth, full of
running. His finish was the strongest of
the lot, as none of the others had anything
to spare.

Comanche took it into his head to run
when it was too late.
Ajax was never once dangerous or promi-
nent. This also applies to Banquet, Blitzen,
Diablo, and Herald.

Fred Foster, the owner of Dr. Rice,
backed the horse heavily on the Winter
books. His winnings aggregate \$50,000,
in addition to the stake, which is worth
\$25,000, of which \$18,000 goes to Dr. Rice.
A number of persons backed the horse on
Snedeker's book. When they went to cash
in they found an empty box. Snedeker
had decamped. The saddest individual of
the lot was a man who held a ticket which
cost \$3,500 to \$500 Dr. Rice. Snedeker
made a future book on the race, and owes
several thousand dollars.

THE MANAGERS ARRESTED.
The pool room men who are determined
to enforce the lottery law, as interpreted
by Judge Pryor, caused the arrest of
President P. J. Dwyer and the judges
during the afternoon. The arrest, as far
as Mr. Dwyer was concerned, was a farce.
A man from Police Justice Walsh's court
told him that he was under arrest and asked
him to appear before Justice Walsh to-
morrow. He promised to do so.

All went well until the third race. Just
as the horses were going to the post Sheriff
Buttling and several deputies quietly took
up a stand in the judge's enclosure. They
told the judges that they were under arrest.
As soon as the race was run Judges Sim-
mons, McDowell and Smith were taken
before Judge Watson, who was holding
court in Gravesend town hall. They were
admitted to bail in \$1,000 each. It is said
that over 60 warrants have been issued
and wholesale arrests will follow. It is
the intention of Dr. Lacey to seize
the race horses as gambling paraphernalia.
The race track people make light of the
affair and say it will all end in smoke.

The pool men and their lawyers insist
that Judge Pryor's decision in the Irving-
Britton case, in which he declared the
Irish Bill unconstitutional, has rendered the
bill null and void, and that the officers of
the Brooklyn Jockey Club are violating
the lottery law, and are liable to a penalty
of two years' imprisonment or a fine of
\$1,000 for each offense. Howe & Hammett,
the counselors for the pool room men, say
they will see that the laws are enforced.

THE PLAYERS.
TORONTO, May 15.—With race-day only
a week off the final touches are being put
on all the horses at Woodbine. Five
guinea candidates had the question asked
of them this morning, but not one of them
answered it as satisfactorily as did Joe
Miller yesterday. Lou Daly and Rosa
Daly went the plate distance in 2:21,
covering the first mile in 1:50.

SARINIA'S MEET.
SARINIA, May 15.—The Sarinia Turf Club
is making elaborate preparations for the
spring race meeting, May 23, 24 and 25,
and a large number of Canadian and Ameri-
can horses are expected to enter the con-
test here. The programme comprises trotting,
pacing and running events. The meeting,
it is intended, shall surpass any of the
club's previous efforts.

TIPS.
The English jockey Wheland, who was
injured during the races at Nantes on May
3, died the following morning.

While exercising Walker's celebrated
stallion Cartridge (2:14 1/2) became fright-
ened, and kicking himself loose, ran away,
tearing off the left hind foot. He had to be
chloroformed to death.—[Chatham Banner.

Davis & Haskins have cut Lou Daly's
price from 6 down to 4 and Vicar of Wake-
field from 5 down to 4. The following are
the quotations on the Plate for Mr. Lou
Daly, Vicar of Wakefield, Lochivar, Dio-
dori, each 4 to 1, Thorncliffe, 3 to 1. The
book is full on Joe Miller.

FOOTBALL.
NEW YORK, May 15.—The Tribune says
the report of the committee which has
been appointed to secure evidence as to
whether football is a dangerous game, will
state that the investigation has proved
most favorable to football as a game
and shows that, as a matter of fact,
the sport is not a dangerous one. The
committee has learned that nearly all the
reported injuries were mere bruises or
sprains and that 75 of these were due to
the nature of the field instead of to colli-
sions occurring in the game.

CHESS.
LASKER VS. STEINITZ.
MONTREAL, Que., May 15.—The fifteenth
game of the great chess match between
Steinitz and Lasker for the championship
of the world, which was commenced this
afternoon, resulted to-night in a victory
for Lasker, Steinitz being forced to resign
on the 44th move. Lasker has won 8,
Steinitz 4, drawn 3.

TORONTO PRESBYTERIANS
Rouse to Middle with the "Confession
of Faith."

TORONTO, May 15.—The Toronto Presby-
tery held a special meeting to consider
overtures laid before it at the last regular
meeting. One was in regard to the augmen-
tation fund. Dr. Knox
Church, Scarborough, and suggested that
the minimum salary of unmarried ministers in
the country should be \$600 instead of \$750
as at present. It was decided to forward
the overture to the augmentation com-
mittee.

A second overture was from Rev. D. J.
Macdonnell, and urged the General As-
sembly to revise the regulations relating to
the call of Presbyterian ministers. It will
be forwarded to the Assembly.

A third overture, also from Mr. Macdon-
nell called for various modifications in the
Confession of Faith with a view to greater
unity on the part of various branches of the
Christian Church. Mr. Macdonnell's resolu-
tion proposed "the shortening and simpli-
fying of the Westminster Confession of
Faith or substitution of a shorter and
simpler creed for the said Westminster
Confession of Faith so far as its use as a test
of admission to office is concerned."

Mr. Macdonnell was almost alone in his
advocacy of the overture, though a number
of members supported different clauses of
the preamble.

Finally an amendment which was a direct
negative to the motion to forward the
overture was offered on motion of Prof.
Greig and carried by 15 to 18.

TORONTO, May 15.—A. A. Deficit.
TORONTO, May 15.—The annual meeting
of the Y. M. C. A. was held to-night. The
financial statement showed a deficit on the
year's transactions of about \$9,000. Mr.
E. W. Pratt's appointment as secretary in
accession to Mr. Wm. McCulloch was in-
dorsed by the meeting.

Dominion Parliament

Several Government Bills Read
a First Time.

Investigation Called for in the Case
of the Member for Mont-
morcency.

The Alleged Revision of the Voters' Lists
to Proceed Under the Present Sys-
tem—Government Increasing
Tariff Burden Instead of
Reducing Them.

[Special to the ADVERTISER.]

OTTAWA, May 15.—In the House to-day
the following Government bills from the
Senate were read the first time: A bill to
amend the Insurance Act; a bill respecting
the arrest, trial and punishment of youth-
ful offenders. The Insurance Bill is to be
referred to the committee on banking and
commerce.

Mr. Brunet, rising to a question of
privilege, proceeded to charge Mr. Car-
cote, the member for Montmorcency, with
having violated the Independence
of Parliament Act by supplying goods under
contract to the Government of Canada.
He moved that the matter be referred to
the committee on privileges and elections
in order to ascertain if Mr. Carcote had
not vacated his seat. It was agreed to
allow the motion to stand until Thursday,
when it will be taken up.

Mr. Laurier pointed out that it was now
within fifteen days of the time when the
law required that the work of revising the
electoral lists should commence, but no
instructions had yet been issued to revising
officers. What, he asked, were the Govern-
ment's intentions?

Sir John Thompson replied that the re-
vision would proceed under the existing
system, and would commence according to
law. The bill amending the Franchise Act
would not alter the existing system.

Some time was spent in committee on
Mr. Daly's bill to extend the ballot to the
Northwest Territories. Several amendments
were made to the bill, including one pro-
viding that application may be made to any
Superior Court judge for a recount of votes
cast at any election in the Northwest.

When the bill was about to be reported
from committee, Mr. Martin referred to the
last occasion when the bill was discussed,
and rebuked Mr. Daly for what he called
the bumptious and offensive manner in
which the Minister of the Interior had de-
fended his bill. On that occasion Mr. Daly
had asserted that the present law required
that elections in territories be held three
weeks later than elsewhere, whereas he (Mr.
Martin) stated at the time that the provision
in question had been repealed and he had
since found that his statement was true. He
was glad to find that Mr. Daly's manner
towards members of the House appeared to
be improving.

Mr. Daly rose to reply, but Sir John
Thompson motioned him to sit down, and
said he did not think Mr. Martin's language
justifiable or that Mr. Daly's conduct on
the former occasion should be described as
bumptious or offensive.

Mr. Martin pointed out that the Speaker
had since ruled Mr. Daly out of order for
similar misconduct.

In committee on the tariff resolutions,
Mr. Foster moved to increase the duty on
axes and other edged tools from 30 to 35
per cent.

Messrs. Cartwright, Charlton and other
Opposition members protested against this
increase as unjustifiable, and said the duty
should be reduced rather than increased.

It seemed that Mr. Foster had been hold-
ing Star Chamber conferences with the
manufacturers since the tariff resolutions
were laid before the House, and the result
of these conferences was now being made
apparent. Mr. Foster said the increase
was necessary because of the high duties
upon iron and steel. He had received ad-
ditional information since his resolutions
were first proposed. In answer to Sir
Richard Cartwright, Mr. Foster said that
the raw material used in making edged
tools was made in this country.

Mr. Patterson pointed out that if Sir
John Thompson's reasoning in other cases
was correct, tool manufacturers would pay
no duty upon their raw material at all. At
all events the duty upon the raw material
required by tool makers would not be more
than 6 per cent, leaving them 29 per cent
protection.

Other Liberal members spoke against the
proposed duty, pointing out that the duty
paid on axes imported last year was 30 per
cent, so that Mr. Foster was increasing
taxes under the pretense of reducing them.
The business of making tools was prospe-
rous in Canada long before the protective
tariff was introduced.

The discussion was continued for several
hours, the Opposition pointing out that
every alteration made by the Government
in their tariff resolutions was in the
direction of increased taxation upon the
people for the benefit of the manufacturers,
who were selling goods in foreign countries
at lower prices than those charged to
Canadian consumers.

The item passed.
The duty on shovels, spades and iron and
steel cut to shapes was increased from 35
per cent, as first proposed, to 50 cents per
dozen and 25 per cent.

Iron wire, when imported by makers of
barbed wire, was rated at 15 per cent.
The duty on rolled iron and steel angle
beams and sections was made 12 1/2 per cent,
and the duty on stereotype plates was re-
duced from three-fourths to three-eighths
of a cent per square inch.

Mr. Somerville thought the duty still
excessive, and Messrs. Mills, Cartwright
and Greive argued for further reduction,
but the Government would not yield.

The duty on cases for watches and
jewelry was made 5 cents each and 30 per
cent.

On cane or rattan split or otherwise
manufactured 17 1/2 per cent—an increase of
3 cents over what was first suggested.

On sugar and glucose the duty was made
1 cent a pound, which means 100 or more
per cent, which Mr. Casey considered a
tremendous duty. The item passed.

There was a long discussion on the ques-
tion of an export duty on logs, but as the
Government has not proposed such a duty
the utility of the discussion was not ap-
parent. The House adjourned.

Frost Around Hamilton.

HAMILTON, May 15.—About two degrees
of frost registered on the thermometer at
this vicinity last night, and farmers and
fruit growers are anxious about their crops.
If no further frost appears it is unlikely
the fruit will be much injured.

NIAGARA, Ont., May 15.—This section of
the country was visited last night by a
heavy frost, which almost entirely de-
stroyed the early strawberry crop, and it
is feared the apple and late peach crop will
be also greatly lessened.

SARAH McCOMACK, "White Nun," is in
custody in Edinburgh, Scotland, charged
with falsehood, fraud and willful imposition.
It is said she never was a nun.

The purity and excellence of Chase & Sanborn's Coffee secured the only
testimonial granted by the Restaurant Commission of the World's Fair.
