Mr. Geo. J. Casanova, of Hotel Grifright

A leading physician of Pittsburg advises the use of Stuart's Catarrh Tablets in preference to any other treat-ment for catarrh of the head, throat or stomach.

He claims they are far superior to inhalers, salves, lotions, or powder, and are much more convenient and pleas-ant to take, and are so harmless that little children take them with benefit, as they contain no opiate, cocaine or any poisonous drugs.

is uproariously funny, and though based on the old foundation of mistaken identity, the structure is rather unique, and one forgives the little that is old for the much that is new. The author, Mr. Broadhurst, has written many good pieces, and in this, his latest effort has given great scope for a good low comedian, and Mr. George Summers as Willie Slab certainly fills the bill. Mr. Summers is an old Toronto boy who, since joining the "profesh," has developed into a first-rate comedian. His work in this new piece is capital, and as Willie the Paper Hanger he will certainly "stick" in the memory of those who saw him in Toronto. Miss St. George Hussey, as Mrs. Dooley, did some of the best character acting I have seen, and her brogue is just about the right "thickness." The rest of the cast was excellent, and "The House That Jack Built," though perhaps not so large, should pretty nearly fill the Grand for the week.

"HUMAN HEARTS" NEXT SATUR-

DAY. "A tale of the Arkansas hills, plainly yet dramatically told," is said to be a fair description of "Human Hearts." The public are the best judges of what is good and purest in the drama, and the fact that "Human Hearts" has been successfully presented for seven consecutive seasons, would seem to place it in that category. It is said that the play contains the elements of both pathos and comedy to the superlative degree which is found to be necessary to suc-cess. The play is said to be a powerful argument against conviction on circumstantial evidence, and in writing it the author had this point in "Human Hearts" will be at the New Grand next Saturday, matinee

A short programme was given, in which Mr. and Miss Freeland and Miss Carroll played an important part. The following address of appreciation was read:

Dear Friend,-We, the members and friends of Hope Sabbath school, have watched with great satisfaction your every good word and work. Especially you have always taken in teaching us the truths contained in God's Word. and in leading us in the voice of song We cannot but feel that you have been faithful in the discharge of your duty, and we take this opportunity of expressing our gratifude to you for the service you have rendered. We do not presume to reward you for labor done for the Master, believing you are prompted by a better, a higher, a nobler, a purer, motive to work in the vineyard of the Lord; but we do ask you, on this the evening of the 6th day of November, to accept this watch and We trust you may be long spared to labor among us, knowing your labor is not in vain in the Lord. Be assured that your valuable services have been and are being appreciated. May God's and are being appreciated. May God's blessing rest upon you.
