Mr. Harry Wallace, the asphalt
pavement sprinkler, who has lived here

DEATH OF T. J. SWARTZ.
The death of Thomas J. Swartz, of
Winnipeg, is announced by the papers
of that city of Feb. 6. He was born
here 37 years ago, but moved west with
his parents when quite young. He was
formerly employed by the Bell
Telephone Company, but was lately a
fireman on the Canadian Northern
Railway. He leaves a widow and five
small children.

PLEASEANTLY SURPRISED.
Mr. and Mrs. Vanbinder, of York
street, were pleasantly surprised at
their home the other evening, when a
number of friends gathered and pre-
sented them with a Book of Mormon.
Addresses were given by Messrs. Mar-
tin, Madge, Cope, Cambridge and Mrs.
Pope, and Miss Hattie Baynes. The
presentation was made in behalf of the
Zion Religio-Literary Society, of which
Mr. and Mrs. Vanbinder were mem-
bers. The latter are going to Wingham
reside.

FALL DIDN'T HURT HIM.
A friend induced Henry Hendrick to
stay with him over night at the On-
tario House last night. When they got
to the top of the stairs Hendrick, who
had been enjoying himself, became
dizzy, and fell to the bottom. He was
picked up unconscious, but no bones
were broken. He was taken to the Vic-
toria Hospital in the ambulance, and
left there this morning. It is only a
few days ago that he fell down the
stairs at the Boswell House, breaking
his collarbone.

It is pleasant to take,

Thousands of well-fed people

their food. They therefore
get insufficient nourishment,
and are slowly starving.
Angier's Petroleum Emul-

It helps digest and assimilate
the food, cleanses the stomach
and bowels, improves nutri-

the entire system and thus
increases health, weight and

scribe it for persons who are

GIRL FELL ON ICE.
The ten-year-old daughter of Mr.
Ernest E. Nugent, 168 Bruce street,
South London, met with an accident
the other day which will confine her
to the house for several weeks. While
skating in a neighbor's yard with a
number of other children, she fell on
the ice, causing a severe fracture of
the leg.

COMMISSIONER'S LAST MEETING.
When Commissioner Eva Booth ap-
peared at the Citadel last night to con-
duct the last of her series of meetings
in this city she did so before an audi-
ence that crowded the army head-
quarters to the doors. Her address
was an appeal to have faith. She took
as her example Paul, who, though he
had been the most persecuted, had
praised and shown his faith. Faith
was something that Christians had rea-
son to be thankful for, and in its per-
sonal application it was the greatest
requisite of Christianity. Miss Booth
made a deep impression on her hear-
ers, as she did at each of her very
successful meetings on this visit to
London.

MR. GEORGE P. MACLAREN'S suc-
CESS.
Mr. George P. MacLaren, C. E., son
of Dr. A. MacLaren, of this city, has
been meeting with marked success. He
studied here in the office of Mr. F.
Farcombe. During the surveying for
the L. E. and D. R. Railway he was
working on Mr. McKay's staff. He and
Mr. Warren, in the fall of 1900, sur-
veyed 35 islands west of the Bruce
Peninsula, rendering the Government
the service of local theater-
goers when she last appeared here as
the page of the first "Princess Chic."

in the ensemble than in the solos.

HOW TO BE CHEERFUL
The Blues Come From Indigestion and
Dodd's Dyspepsia Tablets Will Drive
Them Away.

Many people who are low spirited
imagine that they are affected by cir-
cumstances, when as a matter of fact,
it is the state of their health that is
bothering them. To the man or woman
who is perfect in health, good spirits and
happiness come as a matter of course.
The lesson this teaches is that if you
are blue you are not perfect. Indiges-
tion or Dyspepsia is the greatest hap-
piness hamper in the world. If your
food doesn't agree with you nothing
else will.

Consequently it is your duty to your-
self and others to make your food
agree with you. This is easily done by
agreeing with Dodd's Dyspepsia Tablets.
They are the recipe for cheerfulness. They
digest the food themselves, convert it
into blood and tissue matter, and thus
supply the body with the power it needs
to answer easily and readily to the de-
mands made on it.

There is abundant proof of this.
Gusty Campbell, of this city, Ship-
pagan, Gloucester County, N. B., fur-
nishes part of it. She writes:
"I cannot say enough in favor of
Dodd's Dyspepsia Tablets. I suffered
from indigestion and was always get-
ting worse till I decided to try Dodd's
Dyspepsia Tablets. They gave me re-
lief almost at once and soon cured
me. I can honestly recommend them
to any one of my friends who are
suffering from Dyspepsia."

One or two of Dodd's Dyspepsia Ta-
blets taken after eating is an insurance
policy against discomfort.

ILL ONLY SIX DAYS
Young Londoner Succumbs to Attack
of Pneumonia.

Pert F. Smith, the second son of Mr.
and Mrs. Harry T. Smith, 588 Dufferin
avenue, died at the family residence
at 5 o'clock yesterday after a short
illness from pneumonia. The de-
ceased was in his 20th year, and had been
confined to his bed less than a week.
On Wednesday last he was taken ill
while at work, and when the family
physician was called in he found him
in a very serious condition. On Mon-
day all hope of his recovery was given
up.

Mr. Smith was a young man of ex-
emplary character, and had a large
circle of friends, who will hear of his
death with regret. For some years he
was identified with the Memorial
Church, and in everything pertaining
to the Sunday school he took a keen
interest. He was an assistant book-
keeper for the Hobbs Manufacturing
Company, and was formerly with the
London Hardware Company. Besides
his father and mother, there survive
three sisters, Minnie, at home;
Mrs. W. R. Robinson, of this city; and
Mrs. Frank Plant, Ottawa; and three
brothers—Henry T., of Toronto; Wm. J.
and Edwin, either at home or in the
army.

To the bereaved family the sympathy
of many friends will be extended.

THE BURGOMASTER AGAIN
Success of Last Year Returns to
Crowded House.
Cast is Weaker and the Performance
Poorer Than Before.

The drawing powers of "The Burgo-
master" must have astonished every
one who was at the new Grand last
night. A fever for musical comedy in
its various forms has spread over this
country to the injury of nearly all
other classes of dramatic effort. London
has had a bad attack of it. This city
supplied an audience of niggardly size
when Mrs. Le Moyne appeared in "The
First Duchess of Marlborough," and
another to see Henrietta Crossman's
fine performance in "The Sword of the
King," even Martin Harvey got a
much smaller house than he and his
company had in the past. The other
musical affair like "The Burgomaster"
comes along with a mediocre company,
whose members can't sing nor even be
funny, the opera house is packed and
standing room tickets are sold.

Miss Ruth White is the only present
member of the company that was here
a year ago and she was no better and
no worse than then. Richard Carle is
sadly missed in the part of the Burgo-
master. Carle was a comedian; his
spirit and wit, his humor, is not
most frequently is foolish, taking far
too much of the attention and time of
the audience. Oscar L. Pignam, as
the part was weak. The other male
members of the cast were not worthy
of mention.

Miss White repeated her fairly ac-
ceptable work of last year. Her ef-
forts to keep the fun going with such
support must be discouraging. Miss
Mathilde Preville is somewhat of an
exception to the rule. She acted with
more grace and sang better than any
of the other principals. Her voice has
changed from the full rich con-
gours when she last appeared here as
the page of the first "Princess Chic."
The peculiarities of Phoebe Kum-
mington, a theosophist, which were al-
most lost to Miss Jennie Weathersby.
The Broadway Soubrette, the Rainy
Daisies, and Miss Prim's "Princess"
with the college boys, made an effective
chorus, and the well-known Burgo-
master music was sung more pleasingly

MANY WANT THE POSITION
Twenty Applicants for C. M. B. A.
Secretaryship.

The appointment of a successor to the
late Samuel R. Brown, grand secretary
of the Catholic Mutual Benefit Associa-
tion, has been indefinitely postponed. The
grand officers of the association met in
this city yesterday afternoon to consider
the matter, and finally decided to defer
the choice until a future meeting.

"You may say," said Father
Crinion, of Dunville, the clerical repre-
sentative on the board, "that I have
about twenty applications for the vacancy
and that every province in Canada is
represented in the list. It is natural that
there should be a large number of ap-
plicants, as the position is a good one,
and with the association growing, is al-
most certain to become more remunera-
tive. There were many things to be
considered in making a choice, and there-
fore we felt justified in moving slowly."

"Have you any requests for the re-
moval of the head office from London?"
asked several. Branches in
many places have passed resolutions ask-
ing that the offices be removed; but what
action will be taken is hard to say, for

A DAILY NUISANCE
A Simple Remedy Which Will In-
terest Catarrh Sufferers.

In its earlier stages catarrh is more
of a nuisance than a menace to the
general health, but sooner or later the
disease extends to the throat, bron-
chial tubes and even to the stomach
and intestines.

Catarrh is essentially a disease of
the mucous membrane, the local
symptoms being a profuse discharge
of mucus, stoppage of the nostrils, irri-
tation in throat, causing coughing,
sneezing, gagging and frequent clear-
ings of the throat and head.

The usual treatment by local
douches, snuffs, salves, etc., often gives
temporary relief, but anything like a
cure can only be obtained by a treat-
ment which removes the catarrhal
taint from the blood and the disap-
pearance of the inflammation from the
mucous surfaces.

A new remedy which meets these re-
quirements and which so far has been
remarkably successful in curing
catarrh is Stuart's Catarrh Tablets.
These tablets act upon the blood and
mucous membranes only. They can
hardly be called a secret patent medi-
cine as they are composed of such
valuable remedies as Blood Root, Hy-
drastis, Red Gum and similar cleansing
antiseptics, which cure by eliminating
from the blood and mucous surfaces
the catarrhal poison.

Stuart's Catarrh Tablets are large,
pleasant tasting lozenges taken inter-
nally, allowing them to dissolve slowly
in the mouth, in this way they reach
the throat, sinuses and the entire al-
imentary canal.

If desired, they may also be dis-
solved in water and used as a douche.
In addition to the internal use, but it
is not at all necessary to use a douche;
a few of them dissolved in the mouth
daily will be sufficient. However,
when there is much stoppage of the
nose, a douche made from these ta-
blets will give immediate relief, but the
regular daily use internally of these
tablets will cure the whole catarrhal
taint without resorting to the incon-
venience of a douche.

Dr. Bement states "that the inter-
nal treatment for catarrh is rapidly
gaining the place of the old plan of
douching and local application and
further says that probably the best
and certainly the safest remedy at
present on the market is Stuart's
Catarrh Tablets, as no secret is made
of their composition and all the really
efficient remedies for catarrh are con-
tained in this tablet."

Druggists sell Stuart's Catarrh Ta-
blets at 50 cents for full-sized packages.
Ask your druggist and if he is honest
he will tell you there is no safer, more
palatable, more efficient and more con-
venient remedy on the market. 16-c-wyt
