Would Use Gold Jewelry to Pay

London, Feb. 6.-The Daily Express today appealed to the people of England to surrender their gold jewelry and ornaments and hoarded coin so that the bullion could be used to pay the British debt to the United States at once.

"We have enough gold in the homes of this country to liquidate our American debt and pay off our foreign creditors," said the Daily Express.

The newspaper suggests a bond issue to secure the indebtedness of the people who surrender their gold.

CURB COLLECTION OF GARBAGE NOW URGED BY SUPERINTENDENT

Only Satisfactory Method Here, He Declares.

Curb collection by the garbage de-partment will be recommended by Wal-ter C. Dodd, superintendent of the gar-bage department, at the next meeting of the city council. The present system, he says, is very unsatisfactory, as large numbers of the people have not proper receptacles to put their refuse in, while just as many have not any at all.

In some parts of the city at present it

Some of the garbage men, out of courtesy, have gone into citizens' cellars and made the collection.

Curb collection is the only kind which Curb collection is the only kind which wifl allow efficiency, it is argued. Some photographs taken by Mr. Dodd of garbage receptacles in backyards were illustrations of very insanitary surroundings.

DAIRY STANDARDS ACT WILL BE PUT INTO England's Debt EFFECT IN ONTARIO

Drury and Doherty Receive Deputation of Dairymen,

Toronto, Feb. 6.-A deputation dairymen waited on Premier Drury and Hon. Manning Doherty this morning asking that the "dairy standards act" asking that the "dairy standards act" be made operative. It was passed in 1916, and calls for payment of milk on the basis of the amount of butter fat it contains instead of by the gallon. It was to apply to milk sold to creameries, cheese tactories and condensors. Mr. Doherty said this would entail a testing system in every district, but he said it was very likely that the act would be put in force as soon as the testing system could be arranged.
