HOTEL DIEU NURSES GRADUATE

Interesting and Striking Function Monday Evening—Ten Nurses Receive Diplomas

Unprecedented success attended the exercises of the graduating class of the Hotel-Dieu Hospital. Approximately 500 people were in attendance at the former R. C. Church building, Arns St., Monday evening where the exercises took place.

The 1924 function was pronounced a successful event in the history of the institution.

Following a selection by the orchestra composed of the Misses Gertrude Cormier, L. Barthe, Misses Kane and A. Louden, the chairman L. G. Pinault, M. D. delivered a short address of welcome.

The next number was a vocal selection "Welcome" sung by the student and graduate nurses, followed by a very able French address by Rev. M. Lantagne. The Reverend Father, after extending congratulations to the graduates upon the attainment of their goal after three years of strenuous work and study, brought forth most eloquently the high ideals of the nursing profession.

Dr. L. G. Pinault, President of the Hotel-Dieu Hospital, medical staff was the next speaker, and he dealt principally with the "duty of the nurse towards the patient." This address proved to be highly interesting and practical. Dr. Pinault then voiced the staff's congratulations and well wishes to the graduates of 1924.

Then came the presentation of diplomas and class pins. The graduates are as follows:

Rev. Sister Albert, Tracadie, Rev. Sister Dugas, Tracadie, Miss Leonie Roy, Miss Elzouza Audet, Miss Helen Legacy, Miss Margaret, Legacy, Miss Marie Dugas, Miss. France Duquenne, Miss Josephine Albert. Miss Winnifred Halsey.

His Worship Mayor McKay honored the audience with a few appropriate remarks on the "Community's duty to a hospital."

The reading of the Valedictory by Miss W. Halsey was followed by the taking of the Nightingale Pledge by the class of 1924: "I solemnly pledge myself before God and in the presence of my colleagues to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and I will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty I will endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care."

Farewell to the Graduates. by the Juniors and the class song were well rendered and greatly applauded.

Junior Farewell to the Graduates. There is no bond of friendship true which parting does not cleave asunder. There is no cloud however dark. That sunshine does not soon relieve. Not yet our fears be half so grave. A heavenly glow o'uth promise peace. Chorus.

Farewell loved Seniors. God speed your way.

Faint not our father, duty obey. Every dark night is followed by day. There are havens safe from every storm.

That issues out of human life; May your best anchor safely lie. Amid the threatening storm of strife.

May you to "service" o'd be true. For love must show itself indeed. And only they who work for love. And perseverance at last succeed.

The musical programme was a very enjoyable one:

WHEAT CUTTING IN WEST NEARLY DONE

The Yields and Grades Generally Exceeding the Earlier Expectations

Winnipeg, Sept. 23.—Excellent harvest weather during the first portion of the week enabled rapid advancement of all farm work, according to the weekly crop report of the agricultural department of the Canadian Pacific Railway. Heavy rains towards the latter end, however, necessitated almost entire suspension of operations throughout the west.

Wheat cutting is practically completed, and coarser grains are just approaching that stage. Comparatively little threshing has been accomplished so far, but returns available reveal yields and grades generally exceeding earlier expectations. In some districts where crops were late, farmers fearing frost, cut the wheat too green, which will of course hurt the sample.

Except for some local shortages harvest help situation is satisfactory and available supply adequate for demands.

CANADIAN LOAN OVER-SUBSCRIBED

The Entire Offering of \$50,000, 000 Taken up in Less Than Three Hours

Toronto, Sept. 23.—The Dominion Government's refunding loan has broken all records. At noon to-day subscription books were closed, the entire offering of \$50,000,000 having been over-subscribed in less than three hours.

While subscription books have been closed and no large blocks are available, it is pointed out that there are still some bonds left in the hands of dealers, which are available for individual subscribers.

No official word is available regarding institutional subscriptions, but it is believed that applicants for large blocks will only be allotted about fifty per cent of their subscriptions.

Passed Through Here

Britisher Came to America for Rest But Did Not Stay Long

London, Sept. 20.—Dr. J. D. Jones of the Bournemouth Congregational Church went over to prohibition America to take a rest from his life work of fighting the devil. He soon came back having found that the devil did not spend all his time in Bournemouth. He was unable even to get a rest on the voyages over and back.

"My daughter and I hardly spoke to anyone on the ship" he said. "The passengers belonged as it seemed to me to the rich and loud set. The ladies turned the ship into a fashion parade almost all of them smoked cigarettes and drank cocktails."

SUCCESSFUL FAIR AT AMQUI

Fine Display of Farm Produce, Animals and Household Work

On the 9th and 10th of September last took place at Amqui the third annual exhibition of the Agricultural Society of the County of Matapedia, P. Q. Paved with ideal weather the exhibition was a success. The exhibits were admired by the large number of visitors, who attended from all parts.

There was a great display of farm products and articles made by the ladies of the county which was commented upon favorably by the visitors.

In the swine competition a hog of Mr. Oscar Couture of Val-Bertrand appears at the head of the list of prize winners. The Ayrshires represented by a herd owned by Mr. McNicholl of Amqui and the Holstein of Mr. G. Savoie of Val-Bertrand were a credit to their owners.

After the judging of cattle and products of all kinds in the afternoon of the 10th the Band of Amqui played choice music, followed by addresses by Mr. Dufour, M. P. P. and several others, the prize list was announced and the people dispersed delighted with the exhibition.

TENDERS FOR MAGNIFICENT WHARF

Plans to be Made to Establish a Proper Ferry Service to be Operated

Dalhousie, N. B. Sept. 24.—The first important step taken towards establishing a proper steam ferry service between the two Restigouche County towns and Quebec points, is the call for tenders being made by the Department of Public Works, Ottawa, dated Sept. 20, 1924, and to be received at the Public Works office before 12 o'clock noon Tuesday, October 14, 1924, for the construction of a landing ship and of an extension to the wharf at Miguasha, County of Bonaventure, Que.

Plans and forms of contract can be seen at the Post Office, Miguasha, West, P. Q. This Post Office is opposite Dalhousie and just a few yards from the proposed new wharf. Blue prints can be obtained at the Department by depositing an accepted cheque for the sum of \$10.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

The sum of \$9000.00 was voted at the last session at the request of Hon. Charles MacNeil, M. P., for the Upper Miguasha wharf. The idea for the call for tenders now is to give a favorable opportunity to any contractor to build a ferry boat, and lumber during the winter months, and to do the hauling of stone on the first snow. This improvement will complete the chain of wharves needed for a practical steam ferry service between Carleton Place and Miguasha, there being splendid wharfing accommodation at Carleton, St. Omer, Dalhousie and Campbellton. The Dalhousie ferry wharf has a slip for the convenience of a ferry boat, and with the proposed slip to be added to the long wharf at Upper Miguasha, the travelling public using automobiles, will find the service most convenient.

It is the intention to have the Upper Miguasha wharf completed early in the spring of 1925.

IMPROVEMENTS AT CROSS POINT

Matter of Evening Ferry Service is Now Under Consideration

That the completion of the new cross-province highway from Campbellton to Madawaska now under construction may help to bring the Campbellton-Cross Point inter-provincial bridge project to successful conclusion was the hope expressed by Mr. Pius Michaud, member for Restigouche and Madawaska, Counties, in an interview with the Graphic yesterday. That the new road when completed will mean much to the province and more particularly to the north where it is apparent that there can be little doubt that this new highway and the possibilities it brings to mind will have a most favorable effect in connection with the merger which is now of so many years standing.

Mr. Michaud said that efforts were now being made to arrive at some more favorable agreement between the different governments, federal and provincial, and the municipalities directly interested in the project.

In Northumberland County, Mr. Michaud was on his way home from Newcastle where he had accompanied Premier Mackenzie King together with a few friends of the government from Campbellton. In speaking of the outlook in Northumberland, Mr. Michaud said that prospects looked good for the Liberal candidate. The meetings held in Birchall and other settlements and also those at Chatham and Newcastle were very enthusiastic and on each occasion the hall was crowded to the doors. While in that district the Premier visited the Liberal candidates and also called on the widow of the late John Morrissey. Premier King passed through here on yesterday morning's Maritime. He will leave Monday for his western tour which will take up at least six weeks.

On Tuesday night, the same garage was broken into, and the automobile taken again. Word has been sent to Bathurst, Newcastle and Moncton hoping to apprehend the guilty party.

\$25,000 LOSS IN MATAPEDIA FIRE

Two Stores and Contents Destroyed—Local Brigade Called Out

A loss which is estimated at about \$25,000 was occasioned by a fire in Matapedia which broke out early yesterday morning in the store of Mr. John A. Adams. Two buildings were destroyed in the blaze, the Adams store and a storehouse and garage owned by Mr. Robert Ferguson, situated directly across the street from the Adams building. This includes a carload of hay which was also burned. The unfortunate merchants carried very little insurance. The Campbellton Fire brigade was summoned to the scene of the blaze and a special train specially arranged for, carried some fifteen members of the department to the fire. The situation appeared dangerous for a time as a high wind was blowing but in less than an hour from the time the alarm was rung in, the firemen had the blaze under control. They returned home about six o'clock, all danger then being passed.

The fire is believed to have originated from the furnace in the Adams Store.

HUNTING MOOSE SEASON STARTS OCT 1

Many Enquiries from United States Seeking Big Game

The season for hunting moose will open on Oct. 1 and judging from the number of enquiries received, many from the United States are considering spending a vacation in the New Brunswick forests, seeking big game. Some have already arrived and are putting in the interim seeking deer and ducks. So far as can be learned very few deer have been brought out since the opening of the season on Sept. 15. They are said to be numerous but the density of the undergrowth is handicapping the hunters.
