SUDDEN DEATH OF HOTEL CLERK

Death came suddenly last Friday to Wm. Langille, aged 32, clerk at the Waverly Hotel, after a little more than a days illness of congestion of the lungs. His remains were conveyed to Amherst, N. S., where interment was made. His mother and one brother reside in Amherst, and two brothers and one sister in the West. Billy was well known in town and was always of a cheerful and obliging disposition, and was much thought of by the travelling public and the many patrons of the Waverly. He has been associated with Mr. A. J. Gorman, the proprietor of the Waverly for many years in the capacity of clerk, being 6 years in Amherst Hotel, with Mr. Gorman then in the Vendome, Montreal, Glasgow, then coming to Campbellton to the Waverly. His mother was here from Amherst and took charge of the remains for burial at home in Nova Scotia.

WILL PROBE CHARGES

The Standard says that Commissioner Chandler has decided to investigate the charge preferred by Mr. E. E. Carter that the Dalhousie Lumber Company paid \$2900 to Mr. W. H. Berry and that the amount did not go into the revenues of the province. On Friday last Mr. Chandler wrote Mr. Carter that the matter was beyond his scope. He has since arrived at a different conclusion and expects Mr. Carter to be on hand Thursday with his witnesses. Mr. Carter will, no doubt, be on hand with the names of his witnesses and it will be up to the government to subpoena them, and provide for their expenses.

GLOUCESTER MAN

DIES IN THE WEST (From the Gloucester Northern Light) Thomas McCarthy, son of John and Ellen Dempsey McCarthy of Canobie, died a short time ago in Minnesota, where he has been living for the past thirty years. He leaves a wife, and five children, also a brother James in the West and a sister, Mrs. Emily F. Lahey in Everett, Mass. Another brother, William, was killed about a year ago in the West. The late Mr. McCarthy had a large number of friends down the shore who will regret to hear of his death.

TREATMENT OF SMUT.

Commissioner Clark writing in the Agricultural War Book on "Treatment for Smut Prevention" says that in Eastern Canada there is considerable smut in the grain crops each year, but that it has not been sufficiently prevalent to make treatment for its prevention general. The losses, however, are much greater than is commonly realized, and the value of the crop could be considerably increased if treatment for smut prevention were more generally practised. Over half the samples of fall wheat collected in Ontario contain smut, and it is also very common in the spring crops, especially oats. Reports on the samples treated indicate that formalin, one pound in forty gallons of water, is much more popular than bluestone as a preventive.
