TVIMORRIS

200 LOTS

AUCTION SALES

The mere announcement of Lots for Sale in this, the first important point settled in Southwestern Manitoba, will be sufficient to those acquainted with the country. First, also, in population, as well as in the fer-tility and natural advantages of its surroundings.

BY FAR THE LAREST TOWN IN THE ROCK LAKE DISTRICT

Surveyed in 1880, it is no prospective town, but is a thriving place—a large business being done. Churches, Schools, Mills, Registry Office, Stores, and every essential to sup-plying the wants of a thickly populated section. The town site is the property of but one proprietor (Thos. Greenway, Esq., M. P. P. and his faith in the future of Crystal City is such that the proceeds of this, as well as o former sales, will be employed in fostering every legitimate industry and building up the town.

Over Forty Buildings Now Under Contract for Early Spring Completion.

As to the eligibility of investing, we refer intending purchasers to anyone acquainted with the Province, or to the shrewdness of speculators in Manitoba town property.

The mere fact that over 7,000 letters were posted at this office in one quarter will convey a par-tial idea of the volume of business done, as well as the population of the district.

AND FRIDAY, MARCH 9TH AND IOTH. THURSDAY

No extended description of this point is required, for the merit of its natural advantages caused its survey. It has grown to its important position by its merits, and will be sold on the same.

TITLE PERFECT. TERMS EASY. SALE AT 3 AND 7.30 P.M.

Plans and particulars may be obtained from MESSRS. VAUGHAN, DENNIS & CO., Toronto Street, Toronto.

We have received instructions from the Toronto Office of MESSRS. VAUGHAN, DENNIS & CO., to sell on THURSDAY AND FRIDAY Next, 9th and 10th instant,

AUCTION SALES

GRAND AUCTION

EMART.

100 GOOD TOWN LOTS IN MORRIS.

To those who contemplate investing their money in some of these lots, a brief description of the town of Morris may be interesting. The original town site was surveyed out in 1877. At that time the only buildings here were a few small houses. Since then it has steadily grown, till now it claims to be the fourth largest town in the Province. Morris is situated on the west bank of Red River, midway between the international boundary line and the city of Winnipeg. Its location is high, and is surrounded by picturesque scenery. The town is thoroughly drained by the Red and Morris (or Scratching) Rivers, both of which run through and alongside the town site. In the immediate vicinity of the fourth four run of stanes; a large saw mill, capable of turain (out 2,00) feet of oak lumber per day; four general stores, a wholesale liquor store, a boot and shoe shop, a merchant taflor, a weekly newspaper and job printing of three wore privations, that are store, livery stables, four grain ouyers (each having a large storehouse), a bakery, three loan, insurance, and land generies, a painter and dressmaking establishment. For the accommodation of the traveling public, the town supplies three first-class holes. In addition to these, there are four agencies, a painter and dressmaking establishment. For the accommodation of the traveling public, the town supplies three first-class holes. In addition to these, there are four churches, each with a resident minister; one of the largest public schools in Manitoba, besides a number of private residence. It has also a post-office, with a triveekly mail. The buildings here are all substantially built, a number of them being of solid brick walls. During the past year new buildings were erected and improvements made to old ones to the amount of over \$75,000.

Morris is so favorably located that the Government has chosen it as the county seat of Morris County, and has selected it for the office of the County Court. Next year a registry office will be established here.

The country surrounding Morris is thickly settled by industrious and thrifty farmers. The land is the best, and not surpassed by any other part of the world for the growing of grain, roots, etc.

COMMUNICATIONS.

At the present time this town is without railway communication, but we have every confidence that within the next year a line running through this town—a Manitoba Central—will be under contract, and the work of construction commenced, which line will give us communication with the north, west and south, and in all probability to the east, connecting with the South-western, Northern Pacific and Canada Pacific Railway. The Pembina Mountain branch of the C. P. R. passes to the west of Morris about five miles. During the navigation season, boats stop here on their way from Winnipeg to West Lynne, also on the return trip. The present winter a boat is to be built by a Morris firm, and be put on Red River next season.

PRICE OF LOTS.

Notwithstanding that we have, as yet, no railway facilities, influential capitalists feel so confident of the future of Morris that they have invested considerable of their money in real estate in the town. The price of town lots has rapidly advanced. Two years ago, desirable business site lots could be purchased at from \$60 to \$100, but to-day they sell readily at from \$400 to \$600 each. Uther lots have risen in proportion, and those that could have been purchased at from \$18 to \$25 two years ago are now held at \$50 to \$100. Next year, we venture to predict and feel confident that our hopes will be realized, property in Morris will advance 100 per cent. above present value. If any doubting Thomas is suspicious as to the correctness of our statement in regard to the value of property here, they are at liberty to refer to any of the following gentle-in residents of Winni peg, who will give an uninterested opinion : Col. W. N. Kennedy, Registrar of Selkirk ; S. Mulvey, Collector of Inland Revenue; Capt. D. H. Me-Millan, M. P. L.; Capt. H. S. Donaldson, of Donaldson Bros.; R. Adamson, of Gordon, Adamson, & Co., Bankers ; C. S. Rankin, Barrister ; F. H. Scobell, Real Estate Agent. Plans and full information may be obtained from the auctioneers.

At the closing of the morning services in St. Andrew's church yesterday two verses of "God Save the Queen" were sung. A man named Michael McQuillan was found drowned in the Don on Saturday by Stephen Dart. He was in the employ of Taylor Bros. The funeral of Mrs. Kerr took place on Saturday afternoon and was very private, only the relatives of the deceased lady be-ing present. Margaret and Michael Callaghan were ar-Margaret and Michael Callaghan were ar dinner to commemorate its inauguration. The motion was carried unanimously amid enthusiastic applause, and the day for the dinner will be appointed by the executive committee. Lately a law student had been convicted of disorderly conduct at the police court. Mr. Nelson said that notice of appeal had been given and the students purpose toshow that the conviction was made through

malicious spite on the part of a policeman. matcious spite on the part of a poll deman. He said that four law students had given evidence that the con-victed party was not disorderly. but notwithstanding this, ex-Ald. Barter had said he believed the policeman rather than the evidence to the contrary. Three gentlemen were named who would receive unbounder of the reservation of

subscriptions to aid in the prosecution of the case, and several donations were made on the spot. The meeting was conducted in an orderly

manner and good feeling seemed to prevail generally, and it is safe to predict that co-operation by the union will become some-thing more substantial than a myth.

WHAT HE DID WITH THE QUARTER.

There is a student at Toronto university who is a married man. He being a student and not wealthy, the young people are obliged to be economical, and as the male biped is prone to extravagance the lady is treasurer of the combination. The other day he asked her to give him fifteen cents to get his hair cut. "Now Charlie you don't need to get it cut for a week yet," she replied to his modest re-quest. He urged the matter, and succeeded

in getting 25 cents, with which he was to get his hair cut, buy two 3c. stamps, a spool of thread and some needles. He vent out at two o'clock on his errand and by tea time had not returned. At about

He said "my dear its all right." I went and spent the quarter in seeing the whale and was afraid to come home before you were in bed. He got the whale on his back.

SKETCHES. Geo. Hazael, the winner, was born London, Eqg. in 1845 and is 5 ft. 6¹/₂ inches high, and weighs 132 pounds. Previous to the present contest, his last six day score was 500 miles made in Madison Square in Sector Hall and the score in the score September 1879. He is the recognized champion runner of England, from six to fifty miles, and had the following best-on-records, made in six-day races prior to this contest:—Four hours, 33 miles 1,650 yards; 5 hours, 40 miles 1,100 yards; 6 hours, 47 miles 1,210 yards; 7 hours, 54 miles 935 yards, all made April 21, 1879 : and eight hours, 61 miles 880 yards ; 9 hours 68 miles 880 yards; 10 hours, 75 miles 440 yards, made on May 9, 1881 The second man, Patrick J. Fitzgerald, is an Irishman and is 36 years old, 5 ft 101 inches high and weighs 165 pounds. He began as a pedestrian in Canada when 12 years of age. He first tried a sixty-day work in the initial competition for the O'Leary belt, in Madison Square Gardens, October, 1879. In the first hour he ran 9 miles 416 yards, then the best record performance at this style of contest, and led for five hours, but then fell back, and retired with a badly swollen knee and something over 85 miles to his credit. At the Ameri

can institute, Dec. 26-31, in a six day race gotten up by John Ennis, Fitzgerald eclips-ed all previous records with a score of 582 miles, 55 yards.

THE TOWN OF MOBERLY.

One of the Johnston Bros., the firm who placed the paper town of Moberly on the market, called in The World office on Saturday and objected to the item in that day's paper regarding this town, "the best and safest investment yet offered in Manitoba property," a town which "must, from the

property," a town which "must, from the nature of things, soon develop into a place of great importance." He said the didn't care what The World said about it as a to-be town, but he objected to the inference that Moberly was in a marsh. He there-upon produced some papers from the de-partment of the interior showing that the section whereon Moberly is, or rather is to be, is dry, the marsh being on the next section. Mr. Johnston was anxious to have it understood that M berly was high and dry. Well, all we've got to say is that **IISS MARY CLENCH**

at the house No. 95 Elizabeth street, where studies. Patent ventilators are now being they were arrested. They will be arraigned Il a prospective town has only the mere fac

To Manufacturers and Merchants desirous of locating in one of the growing towns of the Northwest. To any such the Town of

Offers special inducements, being situated on the main line of the Canada Pacific Railway, midway between Portage la Prairie and Brandon, and having every necessary requisite for successful manu-facturing. To all such we are authorized by the proprietors to offer special inducements, and to that end invite correspondence.

The sale of lots in this rising town has been unprecedented.

They are sold only by Private Sale, being too valuable to offer at public auction in competition with paper towns situated on imaginary railroads. These lots have a real present value and in one year from now should be worth three times their present price.

F Special terms will be made with capitalists desirous of purchasing blocks.

Although only placed on this market ten days ago, some of the purchasers have already resold at large profits.

THE TITLES ARE GUARANTEED PERFECT OR NO SALE.
