A SERIES OF SPECIAL SERVICES IN ST. JAMES' CHURCH

"The Unsearchable Riches of Christ!" This is the theme of a series of special services being held in St. James' Church, Bridgetown, during this week, conducted by the Rev. Canon G. Osborne Troop, and all those who have attended these services thus far, are unanimous in the thought concerning those who have not been there, "what they have missed!"

Canon Troop is a man of winsome personality and intense fervor. This, undoubtedly, is the secret of his attraction. He has no misgivings concerning his message. It is the one thing needful for this and every age, alike for the individual and the community.

A "Bible Reading" is held each afternoon in the Sunday School room at 3.30 and a Mission service every evening (excepting Saturday), commencing at 8 o'clock.

On Sunday, in addition to the services at the usual hours (8 a.m., Holy Communion, 11 a.m., with a second celebration of Holy Communion, and 7 p.m.) there will be a special service for men including "older boys" in the afternoon, commencing at 3.30.

A hearty welcome is extended to everybody to attend these services but especially to the men.

A "Thank-offering" will be asked at the Friday evening service.

LITTLE BROOK EXHIBITION

The exhibition held at Little Brook, Digby County, on Tuesday and Wednesday of last week, was largely attended and was one of the finest yet held. The many exhibits were attractive and excellently arranged. The Red Cross, ever ready to demonstrate its usefulness, had an extra fine booth, tastefully decorated. Posters were used to show the various preventive measures used in the cure and treatment of disease. "The Greatest Mother in the World," and "The Roll Call" had special electrical apparatus showing the effect. Daily lectures on different subjects were given by H. T. Draper, who was the representative of the Provincial Red Cross at the exhibition. Miss Pearl Chute, of Bridgetown, nurse for Digby County, assisted Mr. Draper in his work.

THE NOVA SCOTIA EVAPORATORS

(Berwick Register)

The Berwick plant of The Nova Scotia Evaporators, Limited, (formerly known as Graham's Limited) is continuing operations to the extent of its capacity, both in evaporating and canning. This establishment at present has a staff of somewhere in the neighborhood of one hundred employees, and from 500 to 600 bushels of apples are handled per day. The benefit to our town and community from such an industry is widely felt and it is sincerely hoped the factory will continue operations throughout the winter.

ANOTHER AUTO ACCIDENT

Mr. J. Everett Pike reports that while he was on his way from Halifax, a day or two ago near Windsor Jet, his car, a Chevrolet, was run into by a Studebaker. His car was thrown a number of feet, landing in the bushes. Mr. Pike noticed that the car coming towards him was acting strangely, going from one side of the road to the other, so stopped his own car off in the ditch to give the "wild" machine all the room possible. He was able to walk to the nearest station where he took the train for Bridgetown.

BIG APPLE SHIPMENTS

Apple shipments from the Annapolis Valley this year approximate a quarter of a million of barrels, being fully 50 per cent. more than any previous year at this season of the year. Late cables from England indicate a firm market and an increasing demand, and the same may be said of the United States markets which are taking all the apples that shipping facilities can be arranged for.

THROAT AND NOSE CLINIC

On October 28th, there will be a throat and nose clinic in the Clinic rooms, Bridgetown, from 2 to 5 p.m. Drs. Morse and Phinney will be in attendance. All children with throat defects are asked to be present.

DEATH STRUGGLE ON OCEAN BED SCENE IN "THE WHITE HEATHER"

Superb Photographic Effects Are Features of Tournier's Latest Production.

A scene of tremendous dramatic power is that in which two men engage in a death struggle on the floor of the ocean in Maurice Tournier's latest Paramount-Artcraft special picture, "The White Heather," which will be displayed at the Primrose Theatre next Friday and Saturday. This is said by New York critics to be the most thrilling and novel scene ever pictured.

"The White Heather" is adapted from the Drury Lane melodrama. Indirectly, the title comes from the good luck flower of the Scotch Highlands, the white heather. Yet Scotland is the background for but a part—and a minor part—of the melodrama.

The action centers around the recovery of a marriage record from the hulk of a destroyed yacht, called "The White Heather." The big scene of the melodrama takes place at the bottom of the sea, where the hero and the villain, in the weird costumes of deep sea divers, fight to the death.

Thus the thrilling portion of "The White Heather" has the bottom of the sea for its background. For those scenes Mr. Tournier employed the newest inventions of the Williamson Brothers, whose subsea photography devices made possible the visualization of under the water scenes. Much of the story centers in London, revolving between the financial district and the slums. In the scenes "on change" Mr. Tournier employed thousands of players.

"The White Heather" has a cast including H. E. Herbert, little Ben Alexander, the child who scored in "The Turn of the Road" and "Hearts of the World," Ralph Graves, Mabel Balfe, Jack Gilbert and Spottiswoode Aitken.

WEDDING BELLS

HAWTHORNE-MARSHALL

(Lynn, Mass., paper.)

The marriage of Miss Rose M. Marshall, daughter of Warren Marshall, of Middleboro, Mass., and Frank E. F. Hawthorne, son of Mr. and Mrs. Charles F. Hawthorne, 57 Center street, Lynn, was solemnized Saturday morning, October 1st, in the parsonage of the First Baptist Church on North Common street, Rev. Eben F. Francis, pastor of the church, officiating.

Following the ceremony Mr. and Mrs. Hawthorne left on a trip to Portland, Me., and will be at home after November 1st, at 3 Hawthorne Terrace, Lynn.

The bride is a Nova Scotian by birth, and was employed in the Silsbee street market of the J. B. Blood company. Mr. Hawthorne is in business at 55 Center street. The groom was overseas and was a sergeant in the army attached to the 156 Depot Brigade, S.C.

HOMANS-DURLING

The marriage took place at Springfield, Anna, Co., on Wednesday, Oct. 12th, of Miss Dorothy Durling, daughter of Mr. and Mrs. Wm. Durling, of Springfield, and Mr. Harold Homans, of Port Mouton, N.S. The event was celebrated in the church, Rev. G. C. Durkee being the officiating clergyman. The organist was Mrs. V. L. Roop, and the ushers were Miss Willem Wilson and Miss Jennie Durling. The bride was charming in a travelling suit of brown velvet with beaver trimmings, and wore a henna hat.

Mr. and Mrs. Homans left on a wedding trip by motor to Truro, New Glasgow and other points of interest. The bride was for some time a member of the staff of T. P. Calkin & Co., of Kentville, and her many friends will join in extending best wishes.

MCLEOD-STEWART

A quiet wedding took place at the residence of Mrs. Sydney Wood, Digby, when Margaret Wood, daughter of the late Walter E. and Mrs. Stewart, of Digby, became the wife of Dr. Donald Angus McLeod, of Sydney, Rev. Wm. Driffield, rector of Holy Trinity, officiated. The bride, who was attired in a travelling suit of brown, was unattended. Immediately after the ceremony Mr. and Mrs. McLeod left in their car for Sydney, via Yarmouth and the South Shore. The groom's father, from Point Tupper, and his brother, Rev. John McLeod, of Riverport, were present.

DROP IN WHEAT

Portland, Oregon, Oct. 19.—Wheat prices went below one dollar a bushel here yesterday for the first time since August 2nd, 1916, the close being 97 cents to \$1.01, for immediate delivery. The threatened railroad tieup was ascribed as the reason for the break.

Montreal, Oct. 19.—The general consensus of opinion to-day in grain circles is that the absence of any foreign demand at the present time is responsible for one of the most serious and intricate wheat problems this country has had to confront for many years, and unavoidable congestion is expected in Canadian grain terminals.

Montreal grain dealers and exporters are unanimous in their opinion that the grain markets are stagnant.

Dr. Craig, of the Red Cross, says 1,500 babies die in Nova Scotia each year and with proper care one half of them might be saved.

ARMISTICE DAY

"Buy A Poppy on Poppy Day"

Red Poppies made by French orphans, will be sold throughout the Allied countries for Armistice Day. The Poppy of Flanders has been adopted by the Great War Veterans Association, and will be adopted by all the Veterans of the Great War, in all Allied countries, as the Flower of Remembrance, or Memorial Flower.

The local branch of the G.W.V.A. will organize a "Poppy Day" for Saturday, November 5th, 1921. With the inspiration given by such a good cause, there should be a ready response from the public to assist in every way possible and to wear a Poppy on Armistice Day, showing an outward expression of sentiment.

THREE WORTHY OBJECTS

There are three most worthy objects which we hope to attain by this "Poppy Campaign," as follows:—

1. "To insure the custom of wearing the Poppy as a memorial flower on Armistice Day, and thus cherish in perpetuity the memory of our sacred dead."

2. "To provide local branches with

relief funds to meet the distress which is certain to be occasioned by widespread unemployment during the coming winter.

3. "To aid the orphan children of the devastated areas in France to become self-supporting by purchasing at a reasonable price, the replicas in silk of the Flanders Poppy which they are manufacturing."
