—Testimonials like the following are rarely obtained by oven makers of old standing, who have been manufacturing and improving for years, but when they are written in praise of the very first instrument turned out of a newly established factory as in this instance, the fact is unprecedented in the history of piano making and is the strongest possible proof of the success achieved.

WINDSOR HOTEL, January 31st, 1892.

Mr. L. E. N. PRATTE,  
Montreal.

Sir,—The piano which you were so kind as to send me during my stay in Montreal is excellent in every respect, and has given me entire satisfaction. I desire to congratulate you.

Please accept my heartfelt thanks,  
EA. ALBANI GYE.

Montreal, June 9th, 1892.

Dear Mr. PRATTE,

Prior to my departure for England, I write to thank you for the very excellent instrument you sent me for my use.

The piano as I understand is of your own manufacture and as such does you credit. The tone is rich, full and of a "velvety" quality such as artists appreciate, whilst the touch is everything, to my mind, than can be desired.

Your piano-fortes will assuredly command a high standing amongst the profession and those seeking a really first class instrument.

Wishing you success,  
Believe me to remain,  
Yours truly,

EDWARD LLOYD.

—A very fine upright piano is now on view in L. E. N. Pratte's piano warerooms, No. 1676, Notre-Dame Street. The case is in Brazilian rosewood, natural colour and has been manufactured at L. E. N. Pratte's factory. As to its musical qualities it is only necessary to mention that it is an exact duplicate of the instrument sold and delivered last week to Prof. R. O. Pelletier, organist to St. Peter's Cathedral, for his personal use as well as that of his advanced pupils.
