

Last, but of paramount importance at this season, comes the Athletic Association. No Catholic institution on the continent can boast of a society which has done so much for the development of manly sport. It is under the management of a committee of students, and controls everything pertaining to athletics. It is the proud possessor of the foot ball championship of Canada, an honor wrested from a host of doughty opponents. For baseball, lacrosse, hockey, snow-shoeing, and general athletics, its members have no rivals in any neighboring college. We are ambitious, and should an opportunity offer, will aim at something higher than the championship of Canada.

Hereafter, every number of THE OWL will contain accounts of the organization and work of these societies for the year '90-'91.
