This overskirt is quite different from any other, though very simple and graceful; the sash, or panel back effect is produced by the novel way of draping, and though it has the appearance of a separate part, it is all one thing, and one of its chief attractions is its convenient shape for making over by any other pattern. It is intended for any kind of goods, and will be a great favorite for wash materials the coming summer. Paris houses are now using it for their model in preparing suits for the spring season.

Price of Pattern with Cloth Model, 50 Cents, Mailed

SMITH'S INSTANT DRESS ELEVATOR.

This Out shows the Upper Part of the Skirt (wrong side out), with the "Elevator" fixed in. You can raise your skirt while passing a muddy place, and then let it fall. It keeps the skirt from the Filth. It Loops in like a Fan. It draws all the fullness to the back. It Saves more than Ten Times its Cost. It can be changed from One Dress to another. A great convenience and saving, when used in the Common House Dresses. Price, 45 cents each.

The above Pattern with Cloth Model complete, and One Dress Elevator, will be sent, post-paid, in one package to any person who will send Sixty cents, with their name and address to A. BURDETTE SMITH, 914 Broadway, New York City.
