

LAS VEGAS HOT SPRINGS, NEW MEXICO

A Newly Established Health Resort, on the Santa Fe Route.

Comprises a Sanatorium, Hospital and Cottages, Natural Hot Saline and Sulphur Springs, Bath Houses and Natatorium, also a Muck Mud Bath House, a Bacteriological and Chemical Laboratory, etc. Las Vegas Hot Springs is situated in the tablelands of New Mexico, 6,767 feet above the sea. It was opened June 1st, 1896, as a health resort for those persons desirous of obtaining the benefits of a climate in an elevated region having a dry and pure atmosphere, and who require careful medical attention and nursing. An extensive surrounding territory belongs to the institution, which, as a part of the treatment, will be used for excursions, and for all forms of exercise and amusements, etc. Recent medical and scientific methods, of recognized value, will be carefully and fully utilized. Out-door treatment, in appropriate cases, will be a special feature. Absolute and perfect quiet can be obtained by those requiring it. Reduced rates will be given, and nurses furnished, when needed for journey, from any point on the Santa Fe. It is advised that no patients advanced in the third stage of tuberculosis be sent from their homes.

**LAKEHURST SANITARIAN,**

OAKVILLE, ONT.

THE attention of the Medical Profession is respectfully drawn to the uniform success attending the treatment of Alcoholism and Morphine Addiction at Oakville. A prominent medical man in Toronto has, within the last few weeks, paid a glowing tribute to its efficacy in the case of one of his patients who had long since lost susceptibility to the ordinary form of treatment employed and whose life seemed to hang in the balance. Many come to Oakville in the last stages of the malady, yet of these but two cases in four years have proved to be beyond reach of our treatment—a record well deserving thoughtful consideration of the Profession.
