

THE BEST OF ALL.

The New and Elegant Preparation
EXTRACT OF COD LIVERS
(EXTRACTUM HEPATIS MORRHUÆ.)

A Pure Extract made from Selected Cod Livers.

Repeated Chemical Analysis and large clinical experience abundantly prove that Extract of Cod Liver is the most valuable remedial agent ever offered to the Medical profession. It possesses in a concentrated form all the valuable properties of Cod Liver Oil without its objectionable features. By its method of preparation the Extract retains all the fatty principles in an active state and exerts a true alterative and tonic effect upon the processes of nutrition and assimilation and promotes constructive metamorphosis. It builds up the growing tissues, reconstructs those wasted by use or disease and supplies nervous, muscular and digestive force to the different parts of the organism demanding it.

The indications for the use of the Extract are necessarily numerous and varied. In all pulmonary and scrofulous affections it has proved to be vastly superior to Cod Liver Oil, and being pleasant to the taste and acceptable to the weakest stomach, it can be given where oil would not be tolerated. In diseases of exhaustion and Diphtheria, etc., it has been used with the happiest results.

In rheumatic and malarial congestions it accelerates the action of remedies and materially hastens recovery.

In nervous diseases it rapidly repairs nerve waste and quiets the distressing irritability prevalent in these cases.

In the multiform varieties of dyspepsia it has proved to be a specific, no case of failure being yet reported.

It cures Chronic Constipation and has proved invaluable in many other conditions. To test the truthfulness of these statements we will send a sample jar to any physician free of charge.
