

In winter a complete enclosure of glass.

A Sun Room in Winter An Open Porch in Summer

THE sash with the graceful curved glass framing above them are readily removable. We can doubtless make a similar treatment for you.

If your porch is just where you would like a sun room, then glassing it in is the logical thing.

We can do it for you so it will be lastingly satisfactory.

Send for Catalog No. 342, showing numerous conservatories, sun rooms and porch glassings.
