

Pianos That Stand

There are a number of pianos that look well and sound fairly well—AT THE START. You can buy cheap pianos that do that, but a piano should be built to last a lifetime. If it only "stays good" a few months it is dear at any price.

BELL PIANOS

are the kind that STAND. They are safe instruments to buy. They stand the wear and tear of everyday usage, and with ordinary care three generations of children may practice on one. Besides their known goodness you have our ten years' guarantee.
