

"The Month," of England, are all to be found at the library and probably there are no publications which are less in demand. If our people were to show a little more appreciation of what has already been done to supply them with good sound Catholic reading matter we have no doubt that on proper representations being made to them the purchasing committee would lend a willing ear to any request that might be made to give us more recognition. It may be that the fact that these excellent Catholic publications are to be found at the Library has not been hitherto generally known and we trust that this announcement will lead many of our readers to frequent the Library rooms and by showing that the Catholics of the city take an interest in the institution encourage the management to still further consult our wishes.

ST. PIE — LETELLIER.

Jan. 18, 1899

The ladies of Letellier have collected, lately, the money to buy a very nice statue of St. Anthony, to whom several of them have a great devotion. The funds collected amounting to more than was anticipated, a bracket and hung lamp have also been ordered. St. Anthony is awaiting the arrival of these ornaments in the sacristy; we hope to see him enthroned in the church next Sunday.

The Letellier school reopened Monday with another new teacher. We wonder if this young lady will suit our fellow parishioners better than the last four or five teachers, who have given them the benefit of their services.

Mr. Onézime Lemire returned last week from a visit to his parents and relatives in the province of Quebec. He was accompanied by his brother's wife, and family of seven children, coming to join Mr. Zacharie Lemire, who came from Quebec this autumn, and liked our Manitoba so well that he decided to remain here.

The price of wheat has been more encouraging this last week, from 52 to 55 cents being paid for it at Emerson. One afternoon it even went up to 59 for a few loads. Several farmers along the river are profiting by the rise to sell a part of their crops.

Our neighborhood having been newsless lately, this is the first opportunity that offers of wishing the NORTH WEST REVIEW a happy and prosperous New Year.

Partial Paralysis.

A SEVERE COLD BRINGS A WIFE AND MOTHER LOW.

Partial Paralysis Accompanied by Fainting Fits Follows—Doctors Fail to Bring Relief—Dr. Williams' Pink Pills Restore Health.

Brookholm, a suburb of Owen Sound, is fairly vibrating with interest in the wonderful cures effected in that place by the use of Dr. Williams' Pink Pills. A newspaper man of Toronto, spending some time in the vicinity, was directed to a house on a hill overlooking Owen Sound's beautiful bay, and was told that there he would learn something about a cure effected by Dr. Williams' Pink Pills. The hill was climbed and it is to Mr. J. F. Goodfellow, the genial owner and occupant of that pleasant home, that he is indebted for the following facts: "My wife owes her good measure of health to-day to Dr. Williams' Pink Pills," said Mr. Goodfellow. "On the 12th of July, 1895, Mrs.

Goodfellow went on an excursion to Collingwood by boat, and came home with a severe cold, which developed into a partial or slight attack of paralysis in the left side and limb. In addition, at times she would be seized with a dizziness which often resulted in sudden and severe falls. The paralysis made her unable to lift any weight with her left hand. She called in medical aid and for some months followed the advice and took the medicines prescribed. But it was only money wasted, as she did not get any better. As Mrs. Goodfellow has three children and her husband to care for it was a deep trouble to the family for her to be so afflicted. For eight months these dizzy spells and the paralysis continued. Then some friend asked her to try a box of Dr. Williams' Pink Pills. To please the friend she consented to purchase a few boxes. When these had been taken she felt decidedly better. The fainting spells came less frequent, her strength returned to her side and arm and she was delighted with the result. After taking about six boxes, and feeling quite well again, she discontinued the use of the pills for a time, but later felt some of the old symptoms returning. She again procured a supply and recommenced their use, and was overjoyed to find that these valuable little pellets again gave relief. She continued taking them until she felt that she must certainly be over the effects of the trouble, when she again ceased to take the pills. That is over a year and a half ago, and only once or twice since has she had any slight symptoms of the old trouble, and then a few doses of the pills would give full relief. Mrs. Goodfellow is decidedly of the opinion that she owes her present health to Dr. Williams' Pink Pills, and is most enthusiastic in her recommendation of them to her friends and acquaintances.

Some Renegade Galicians.

A couple of weeks ago a long screed appeared in the *Free Press* purporting to express the views of one Michael Fekula, a Galician, and sixteen other fellow-renegades, who protest against Catholic schools and publish an imaginary historical sketch of the Church in Galicia. Rev. Father Kulawy, of St. Mary's Church, Winnipeg, who has spent all his early life among Galicians in Europe and has visited all the Galicians in Manitoba, wrote the following terse and telling letter, which appeared in the *Free Press*.

The renegades are a mere handful, but they are very noisy and are egged on to their vile work by Protestant bigots whose delight is to fish in troubled waters.

GALICIANS AND CATHOLIC SCHOOLS.

To the Editor of the *Free Press*:

SIR,—I trust you will allow me to make some remarks on the letters that appeared in your issue of Saturday last concerning the Galicians and separate schools.

I had a few hours' talk with Mr. Paul Wood, Dominion agent for Galicians, and he admitted to me that he had been imposed upon.

It is no doubt true that Mr. Michael Fekula and the sixteen other Galicians who sign with him are opposed to Catholic schools; but they represent nobody but themselves, and there are over three hundred Galician families in the Dauphin district, who have expressed to Rev. Father Page, O. M. I., and to Mr. Rochon their preference for Roman Catholic schools.

It is not true that the Galicians in Tp. 29, Rs. 21, 22, be-

Every woman wears a crown who is the mother of a healthy baby. The mother of a puny, sickly, peevish baby bears a cross. It rests with every woman to decide for herself which kind of a mother she will be.

The woman who takes the right care of herself during the months preceding maternity may rest content in the assurance that her baby will be a strong, healthy, happy one. The woman who suffers from disorders of the distinctly feminine organism during this critical period, and fails to resort to the right remedy, is pretty sure to have a puny, peevish, sickly baby, born into the world with the seeds of weakness and disease already implanted in its little body. Dr. Pierce's Favorite Prescription is the best of all medicines for prospective mothers. It imparts health, strength, vigor, and elasticity to the delicate and important organs that bear the brunt of motherhood. It prepares a woman for the time of trial and danger. It strengthens and invigorates, and insures the perfect well-being and absolute health of both mother and child. It does away with the squeamishness of the interesting period. It makes such an ample supply of nourishment for the little new-comer. It transforms weak, sickly, nervous and despondent invalids into healthy, happy wives and mothers. Thousands of homes to which babies once came to stay but for a brief day and then die, now bless this wonderful medicine for the gift of happy, healthful babies.

The dealer who tries to persuade you to take some other medicine, than that you ask for insults your intelligence. "The best doctors in Kansas City told me that unless I went to the hospital and had an operation performed I could not live," writes Miss Brookline, Calaway, of Wilkes-Barre, Pa., "I had ulceration and weakness, and each month I would get down in bed and suffer severely for twenty-four hours. Four bottles of your 'Favorite Prescription' cured me."

long to the Russian church; they are Catholics of the Greek rite, a-knowledging the Pope as their head. If they had understood this letter which Mr. Fekula publishes, they would have protested against it.

The historical sketch of the church of Galicia is too ridiculous to call for anything but a summary dismissal.

Having spent the last fortnight among the Galicians of the Dauphin country, I am in a position to speak of them, their religion and their wishes with a full knowledge of the facts. Nothing can exceed the heartiness of the welcome they gave me wherever I went.

I have used Ripans Tablets with so much satisfaction that I can cheerfully recommend them. Have been troubled for about three years with what I called bilious attacks coming on regularly once a week. Was told by different physicians that I had bad teeth, of which I had several. I had the teeth extracted, but the attacks continued. I had seen advertisements of Ripans Tablets in all the papers but had no faith in them, but about six weeks since a friend induced me to try them. Have taken but two of the small 5-cent boxes of the Tablets and have had no recurrence of the attacks. Have never given a testimonial for anything before, but the great amount of good which I believe has been done me by Ripans Tablets induces me to add mine to the many testimonials you doubtless have in your possession now.

I want to inform you, in highest praise of the benefit I have derived from Ripans Tablets. I am a professional nurse and in this profession a clear head is always needed. Ripans Tablets does it. After one of my cases I found myself completely run down. Acting on the advice of Mr. Geo. Bowler, Ph. G., 588 Newark Ave., Jersey City, I took Ripans Tablets with grand results.

MISS BESSIE WIEDMAN.

Mother was troubled with heartburn and sleeplessness, caused by indigestion, for a good many years. One day she saw a testimonial in the paper endorsing Ripans Tablets. She determined to give them a trial, was greatly relieved, and has since run down. Acting on the advice of Mr. Geo. Bowler, Ph. G., 588 Newark Ave., Jersey City, I took Ripans Tablets with grand results.

I have been a great sufferer from constipation for over five years. Nothing gave me any relief. My feet and legs and abdomen were bloated. I could not wear shoes on my feet and only a loose dress. I saw Ripans Tablets advertised in our daily paper, bought some and took them as directed. Have taken them about three weeks and there is such a change! I am not constipated any more and I owe it all to Ripans Tablets. I am thirty-seven years old, have no occupation, only my household duties and nursing my sick husband. He has had the dropsy and I am trying Ripans Tablets for him. He feels some better but it will take some time, he has been sick so long. You may use my letter and name as you like.

Mrs. MARY GORMAN CLARK.

I have been suffering from headaches ever since I was a little girl. I could never ride in a car or go into a crowded place without getting a headache and sick at my stomach. I heard about Ripans Tablets from an aunt of mine who was taking them for catarrh of the stomach. She had found such relief from their use she advised me to take them too, and I have been doing so since last October, and will say they have completely cured my headaches. I am twenty-nine years old. You are welcome to use this testimonial.

Mrs. J. BROOKMYER.

My seven-year-old boy suffered with pains in his head, constipation and complaint of his stomach. He could not eat like children of his age do and what he did eat did not agree with him. He was thin and of a sallow color. Reading some of the testimonials in favor of Ripans Tablets, I tried them. Ripans Tablets not only relieved but actually cured my youngster, the headaches have disappeared, bowels are in good condition and he never complains of his stomach. He is now a red, chubby-faced boy. This wonderful change I attribute to Ripans Tablets. I am satisfied that they will benefit any one (from the cradle to old age) if taken according to directions.

E. W. PRINCE.

A new style packet containing TEN RIPANS TABLETS packed in a paper carton (without glass) is now for sale at some drug stores—FOR FIVE CENTS. This low-priced set is intended for the poor and the economical. One dozen of the five-cent cartons (150 tablets) can be had by mail by sending forty-eight cents to the RIPANS CHEMICAL COMPANY, No. 10 Spruce Street, New York—or a single carton (TEN TABLETS) will be sent for five cents. RIPANS TABLETS may also be had of some grocers, general storekeepers, news agents and at some liquor stores and barber shops. They banish pain, induce sleep and prolong life. One gives relief.

A New Boarding-House For Small Boys.

The Sisters of Charity of St. Boniface, yielding to repeated requests from various quarters, have determined to undertake the management of a boarding-house for boys between the ages of six and twelve. Special halls will be set apart for them, where, under the care and supervision of the Grey Nuns, they will be prepared for their First Communion, while attending either the Preparatory Department of St. Boniface College or the classes of Provencher Academy. This establishment will be known as "Le Jardin de l'Enfance" (Kindergarten).

The results already attained in similar institutions of the Order give every reason to hope that this arrangement will fill a long felt want. Board and lodging will cost six dollars a month. For the boys who attend Provencher Academy there will be an additional charge of fifty cents a month; and for those who take music lessons, \$3 a month. Bedding, mending and washing will be extra. The Sisters are willing to attend to these extras on terms to be arranged with them. The boys who attend the Preparatory Department of St. Boniface College will have to pay the tuition fees of the College.
