

The Prince and Princess of Wales

The Prince the other day opened the new works which have made Devonport the best-equipped and largest war-port in the world. They include a fine tidal basin, with an entrance direct from the Hamoaze, and a closed basin, which has been provided with an entrance from the Hamoaze, which can be used for dry-docking men-of-war. Devonport has now three new docks, which can take even the biggest men-of-war, apart from the entrance-lock.
