## Note and Comment

In the cricket game finished March 1 at Sydney, N.S.W., after a very keen and exciting struggle, New South Wales succeeded in defeating South Africa by 4 runs. During the five days 174 runs were scored, this being the second highest aggregate in first-class cricket. The record aggregate of 191 runs was made on the same ground in a match between New South Wales and Victoria three years ago. The magnificent partnership between Faulkner and Nourse, which had put on 32 runs overnight, realized altogether 318 runs for the third wicket in a first-class game. Australia, it is noted just under three hours and three-quarters. Faulkner made 144 and Nourse 125. New South Wales had seven wickets out, C. G. Macartney getting them both, 119 in the first innings, and 125 in the second.

His Majesty King George will patronize a specially-arranged race meeting at Leopardstown on Tuesday, July 11, in connection with his visit to Dublin. King Edward, on the occasion of his last visit to Ireland, attended a meeting on the same course.

Workmen have begun to rebuild the track rails, replace obstacles and the stewards stand at Belmont Park, which is taken to mean that racing will be resumed there in May. The Wilson and Carman two-year-olds, numbering about 40, were calloping over the big course yesterday. Horses that have wintered at Sheepshead Bay and Gravesend also trotted and cantered over the odds near these tracks. Practically all of the trainers around New York will prepare horses for the season and Belmont Park will be open the spring meeting three weeks from Wednesday.

Amateur football has been abandoned by the Victoria (Australia) Football Association, and players will be paid for their services in the future.

Decided at a meeting of the governing body, and hundreds of players will hereafter play for a regular salary. This action was deemed necessary in view of the number of cases in which it was shown that players had been offered bribes by outsiders, and it was believed that the men received a small salary it would preclude any possibility of them accepting bribes. The Victoria Association includes clubs in Sydney, Adelaide, Melbourne and other cities. The Soccer stars appear to be in as much demand abroad as hockey, lacrosse or baseball stars are in this country.

The fact that Bill Pankke, the United States middleweight, knocked out Dave Smith, the Australian champion, yesterday at Sydney, N.S.W., Saturday is sufficient proof that Pankke was not himself when he lost on a technicality in a fight with a man named Smith in a fight in the middleweight title again, which will probably be fought in Sydney, N.S.W., Saturday.

The Washington players, in training at Atlanta, are under a great deal of stress. Manager McAlister is the originator of this scheme, as far as the Washington players are concerned, but the case has been in use at leading colleges for many years.

Billy Hamilton, once the champion basketball player, has signed a contract to coach for the Boston Nationals this year. Hamilton managed the Victoria team of the New England League in 1909 and 1910, and is considered an expert judge of young players.

Somewhere asked Manager Donovan of the Boston Red Sox in Los Angeles the other day what he thought of this year's American League race, and this was his response: "I honestly believe my team will capture the pennant, but the way it looks to me that Hal Chase's team will be extremely dangerous this year, for Chase is sure to make a great leader, and he has a fine lot of men. Connie Mack and the Athletics will be the team to watch. I hear that the Detroit Tigers have strengthened the Detroit. Even the Red Sox will be well balanced, and is bound to show greater stamina than last year. We've got some fine pitchers, and that means a lot."

The spliced cleek is the latest foreign golf invention for which unusual advantages are suggested. Briefly described, the heads are forged in the ordinary manner, but with well-perfect blades. Part of the socket is then ground away to permit of the insertion of a piece of wood, which, when the cleek is in use, enables the shaft to be added by splicing an ingenious method of uniting an iron head to the shaft. Finally, after being glued and firmly bound with whipping, the result is a combination partridge of both iron and wooden club. The feeble of the club is what all golfers have been looking for in a cleek.

The club, novel in construction, is distinctive in appearance, beautifully finished, and, from all accounts, most effective. This is not surprising, as, of course, the whole object consists in making easy that which is now so difficult in cleek play, and from its structure enables one to get a longer ball, even than with a brassie. These spliced clubs are the invention of a well-known Edinburgh amateur, and are made in cleeks, driving irons, mashies, mangle sticks and putters, and to any model. The irons may become a boon to mashie players, for the construction there is an absence of the "dirt," or wrist jar. Consequently, cleek play in the past so difficult to many, may become pleasurable to all.

Thursday Night's Boxing. There will be plenty of action at the monthly boxing show of the Metropolitan Club on Thursday night. One of the bouts on the program is at eight rounds, three are at six, and another at five rounds. This means that the boxers will be kept busy from start to finish, and every round will be a test of power. The principals are training carefully, and will enter the ring in splendid condition.

# Ottawa 7 Galt 4

## DEFEAT GALT IN A LISTLESS GAME

Final Score Was 7-4—Ottawa Were Much the Best at All Times—Smallest Crowd of Season.

OTTAWA, March 12.—The Ottawa hockey team easily disposed of Galt, champions of the Ontario Professional Hockey League, in the Stanley Cup match at the arena to-night. At the finish the score was 7 to 4 for Ottawa. Nothing two goals while Galt had but one in the first period. Ottawa held the visitors without a tally and opened the second session by making it 4 to 0. Then the defenders appeared to ease up, and Berliand, who had been the star of the first period, was off, and another while Walsh made it 5 to 0. Then the Galt team, which had been so listless, came to life, and made it 5 to 2. Then the Galt team, which had been so listless, came to life, and made it 5 to 2. Then the Galt team, which had been so listless, came to life, and made it 5 to 2.

It was the poorest exhibition of the season, and the crowd was by far the smallest. The ice was covered with water in spots, and the conditions, in fact, were absolutely adverse to the Ottawa style of play. It is doubtful if Galt were able to play at all under such unfavorable conditions, for they at times seemed in their element, whereas the fast Ottawa team was never able to loosen up. The Ottawa players seemed contented with their safe work, and only at intervals did they extend themselves. It was a slap-dash hockey from beginning to end. The Galt team added a little spice by its roughness. They checked like "sawdust," and occasionally the Ottawa forwards shinned the puck from one to another. The Ottawa team, which had been so listless, came to life, and made it 5 to 2.

The fact that Bill Pankke, the United States middleweight, knocked out Dave Smith, the Australian champion, yesterday at Sydney, N.S.W., Saturday is sufficient proof that Pankke was not himself when he lost on a technicality in a fight with a man named Smith in a fight in the middleweight title again, which will probably be fought in Sydney, N.S.W., Saturday.

## Amateur Baseball Clubs and Leagues Are Reorganizing

The Gladstone Athletic Baseball Club organized last night for the season. They decided to put two teams in the field—senior and junior. Application will be made to enter a good senior league. About 75 members were present, and the prospect looked good for two first-class teams.

A meeting of the West Toronto Senior Baseball League will be held at the clubhouse, 1271 West Beaver street, on Thursday evening, March 16, at 8 o'clock. The officers for the coming season are earnestly requested to attend, and any new members will be cordially welcomed.

The Toronto Senior League will hold its first meeting on March 16 at the Jersey Hotel, King and Niagara. The following are the officers for the coming season: President, J. H. King; Vice-President, J. H. King; Secretary, J. H. King; Treasurer, J. H. King; Captain, J. H. King; Manager, J. H. King.

The fact that Bill Pankke, the United States middleweight, knocked out Dave Smith, the Australian champion, yesterday at Sydney, N.S.W., Saturday is sufficient proof that Pankke was not himself when he lost on a technicality in a fight with a man named Smith in a fight in the middleweight title again, which will probably be fought in Sydney, N.S.W., Saturday.

The Washington players, in training at Atlanta, are under a great deal of stress. Manager McAlister is the originator of this scheme, as far as the Washington players are concerned, but the case has been in use at leading colleges for many years.

Billy Hamilton, once the champion basketball player, has signed a contract to coach for the Boston Nationals this year. Hamilton managed the Victoria team of the New England League in 1909 and 1910, and is considered an expert judge of young players.

## League Scores

The C.B.A. tournament will be held on the afternoon of March 15, and the executive committee yesterday afternoon and made the above decision. Orr Bros. failed to put in an offer.

The big doings will be run in the same satisfactory manner as last year and it promises to be the largest in the history of the organization. Last year \$170.84 was distributed in prize money. A large number of the local concerns have expressed a desire to enter and a record for this year will be handed out.

The following local bowlers will have entries: Adams Furniture Co., Emmett Shoes Co., Royal Canadian five teams, Gladstone four, Alderson four, Payne, Brunswick, Bowling Club, Geo. Downes, Eaton team, James Stephenson's, Toronto Typewriter, Canadian General Electric and many others.

The tournament opens April 1 and April 8 will see the last ball rolled. The entries close with Secretary Jack Chesnut, 13 Shuter-street, on March 23.

On Athletes' Alley. Spotters want all three from Aberdeen in the A League. Spotters want all three from Dukes in the B League, and the fact that they have held their weekly tournament in the Mercantile League, Kodaks were three. The scores are as follows:

At the Toronto Bowling Club last night, Bobby Bain's Pippins lengthened their stay in the Apple League by winning three games in a row from the Kings. The scores are as follows:

The Woodgreen Lacrosse team held their annual meeting at the home of the manager, C. E. Vaughan, 1271 West Beaver street, Saturday night. The business of the meeting was to elect officers for the coming season. The officers for the coming season are earnestly requested to attend, and any new members will be cordially welcomed.

The fact that Bill Pankke, the United States middleweight, knocked out Dave Smith, the Australian champion, yesterday at Sydney, N.S.W., Saturday is sufficient proof that Pankke was not himself when he lost on a technicality in a fight with a man named Smith in a fight in the middleweight title again, which will probably be fought in Sydney, N.S.W., Saturday.

The club, novel in construction, is distinctive in appearance, beautifully finished, and, from all accounts, most effective. This is not surprising, as, of course, the whole object consists in making easy that which is now so difficult in cleek play, and from its structure enables one to get a longer ball, even than with a brassie. These spliced clubs are the invention of a well-known Edinburgh amateur, and are made in cleeks, driving irons, mashies, mangle sticks and putters, and to any model. The irons may become a boon to mashie players, for the construction there is an absence of the "dirt," or wrist jar. Consequently, cleek play in the past so difficult to many, may become pleasurable to all.

The C.B.A. tournament will be held on the afternoon of March 15, and the executive committee yesterday afternoon and made the above decision. Orr Bros. failed to put in an offer.

The big doings will be run in the same satisfactory manner as last year and it promises to be the largest in the history of the organization. Last year \$170.84 was distributed in prize money. A large number of the local concerns have expressed a desire to enter and a record for this year will be handed out.

The following local bowlers will have entries: Adams Furniture Co., Emmett Shoes Co., Royal Canadian five teams, Gladstone four, Alderson four, Payne, Brunswick, Bowling Club, Geo. Downes, Eaton team, James Stephenson's, Toronto Typewriter, Canadian General Electric and many others.

The tournament opens April 1 and April 8 will see the last ball rolled. The entries close with Secretary Jack Chesnut, 13 Shuter-street, on March 23.
