

# NOW THIS CITY?

years ago it had less than five thousand population---to-day it is the bank clearings of this city for last year were over one hundred million dollars---the percentage of increase over every other city in the world---one-ninth of the total cost of all the buildings constructed in this one city. It is the financial and distributing centre of one continent---enough land to feed and support the present population.

MA OF THIS "THE CITY OF CERTAINTIES."

ward bound, is loaded with thousands whose goal is the distribution of wealth which will be distributed throughout the world. As marketed, etc., for the year 1911 is conservatively placed at one hundred million dollars, hard to conceive of such an amount, but it is much easier to conceive of the distribution will offer. OPPORTUNITY spells the situation! Today's paper you'll learn more of this "The City of Certainties."

ANNOUNCEMENT OF TUXEDO PARK, CALGARY."
