Issued by the

Ontario Mutual Life.

This policy guarantees for the beneficiary an income as long as she shall live. It guarantees the full payment of the amount of the policy even if she should not live to receive it. It saves the beneficiary all the worry of financing and all danger of loss.

PARIS MURDER CASE

Stevens Found Guilty of Manslaughter—Twenty Years Imprisonment the Sentence.

Brantford, Ont., March 9.—At the assizes here, in the Paris murder case, the grand jury found a true bill for murder against Daniel Stevens.

Stevens, the tramp, charged with the murder of a companion tramp, during a quarrel at Paris station, about two months ago, was placed on trial last evening. Half a dozen witnesses testified strongly against the prisoner, after which Stevens went into the witness box and admitted the shooting, but pleaded self-defense. The jury brought in a verdict of manslaughter, and Stevens was sentenced to twenty years' imprisonment.

WOMAN'S RIGHTS

The Time Has Come for United Action Says Mrs. Lowe.

Atlanta, Ga., March 8.—Mrs. Rebecca D. Lowe, president of the Women's Federation of Clubs, has issued a circular letter to the presidents of the 527 clubs in the Federation, in which she says:

"The Federation has become a vital part of the great historical movement of this country, and the work it has accomplished for the cause of education has made a permanent impression, which will gather force as it continues."

"In the light of recent events—notably the discharge of all women employees in the service of a great railway system in the west, and the attitude of labor unions towards wage-earning women—we must plainly see that the time has come for united action among women for women."

"A great struggle is going on in the labor world, and the working woman must play her part in all its phases, and bear the burden of the result equally with the men."

"As an organ the Federation is a powerful weapon to be wielded by half of this people, and dependent upon us in order to work effectively, we must study conditions, seek to know what is needed and then strive to become helpful in discovering and applying the remedy for the wrong."

WARNING FROM BRITAIN.

Pekin, March 8.—Sir Claude M. MacDonald, the British ambassador, has informed the officials of the Chinese foreign office that any attempt to repudiate the railway contract will be regarded as a breach of faith, meriting retributive measures. At the same time the minister received Lord Salisbury's assurances of support for China if another power attempted to force her to repudiate the contract.

OPPOSED TO POLYGAMY.

Kirtland, O., March 8.—The Reorganized Church of Latter-Day Saints (non-polygamist Mormons) has just closed a three-days' conference in the old temple here. Resolutions were adopted earnestly protesting against any one guilty of the crime of polygamy, or plural marriage, being seated or retained in the national house of representatives.

FOUND DEAD BESIDE HIS FATHER.

St. Thomas, Me., March 8.—Bert Lossing, baker, aged 25, was found dead in bed yesterday morning. The deceased, who slept with his father, complained of a slight attack of a gripe, and Dr. C. Duncombe was called, and prescribed a mild remedy. At 6 o'clock, when his father awoke, he found his son dead by his side, with the bedclothes wrapped around him. Dr. Duncombe thinks he was dead three or four hours before being discovered.

Mutual Life Statement.

The annual statement of The Mutual Life Insurance Company of New York showing the business transacted by that company for the year ending 1898, shows an amazing growth. The assets were increased \$23,750,887 and the total sum now held by this institution for the security of its policyholders is \$27,517,325. The Mutual Life, after paying \$23,053,640 to the credit of its reserve fund in accordance with the requirements of the New York Insurance Department, has a remaining surplus of \$4,463,684. The surplus shows a growth for the year amounting to \$8,950,490, from which dividends are apportioned.

In 1898, the claims paid arising from the death of policyholders amounted to \$13,265,905, and in addition to this the company paid during the twelve months \$11,435,751 on account of endowments, dividends, etc. The general business of the Mutual Life in 1898, when compared with the results during the previous year, is highly satisfactory. The insurance in force Dec. 31, 1897, amounted to \$935,602,331. On Dec. 31, 1898, the business in force aggregated in amount \$970,496,975, which is unequalled by any other company in the world. Since its organization in 1843, The Mutual Life Insurance Company of New York has paid to its policyholders \$457,744,210.

Starting Figures

British Naval Estimates Will Call for \$130,000,000

Further Increase in the Income Tax Foreshadowed.

Strained Relations Between Russia and Servia—China Likely to Apologize to Italy.

London, March 9.—The Times this morning says: "We understand that the navy estimates will show an increase for the ensuing year of nearly £3,000,000 over last year's total, and will reach almost £26,000,000. It is proposed to add between 4,000 and 5,000 men. The largest share of the increased expenditure, however, is for ship-building, repairs and the like."

Commenting editorially upon the foregoing "rather startling statement," the Times says: "It is pretty clear that Sir Michael Hicks-Beach (chancellor of the exchequer) will have an admirable opportunity to display his powers as a constructive financier, and we only hope he will rise to the occasion. But he positively must not seek to escape from his difficulties by a further increase in the already oppressive income tax."

STRAINED RELATIONS.

Belgrade, March 9.—The relations between Russia and Servia are of the most strained character. The Russian minister, M. Shadowski, has left Belgrade, after vainly endeavoring to persuade King Alexander to expel his father, ex-King Milan I., and pay the tribute due to Russia. The king openly snubbed M. Shadowski by not inviting him to a court dinner. Russia is prepared to exact satisfaction.

SALISBURY GOING TO PARIS.

London, March 9.—The Birmingham Post learns that Lord Salisbury will shortly go to Paris in order principally to settle pending Anglo-French questions with President Loubet and Foreign Minister Delcasse.

FOUL PLAY.

Paris, March 9.—M. Lockroy, minister of marine, in an interview regarding the explosion of the naval powder magazine in the port of Toulon, said that the authorities now have little doubt that it was due to foul play. He thinks it was probably caused by some clock-work arrangement, provided with a detonator, hidden in a powder keg.

THE FRENCH ARMY.

In the Chamber of Deputies the debate on the army budget led to the usual references to the necessity for preparedness against Germany, and to the subject of the "open door" in China as being the only possible policy of Great Britain. He said a single province of China was worth the whole of Africa, from a commercial point of view. The admiral also said that there would be war unless the "open door" policy should be adhered to.

The Daily Mail publishes an interview this morning with Lord Charles Beresford, who has just completed his tour of the world, in the interest of the associated chambers of commerce of Great Britain, in an interview with a representative of the Associated Press today, reiterated his well-known views on the subject of the "open door" in China as being the only possible policy of Great Britain. He said a single province of China was worth the whole of Africa, from a commercial point of view. The admiral also said that there would be war unless the "open door" policy should be adhered to.
