Members of These Faiths Are Available for Non-Combatant Service.

A ruling from Ottawa, received today by Acting Deputy Registrar H. F. Beresford, is to the effect that the exemptions of all of the ages of 20, 21 and 22, inclusive, granted on religious grounds, and classed as "noncombatants," are cancelled, the same as those of other men. By noncombatants is meant Mennonites, Doukhobors, Quakers. Shakers, and members of other re-ligious organizations whose tenets of faith prohibit adherents from taking up combatant military service. Under the new ruling, men in the first call, 20, 21 and 22 years old, who belong to any such religious body are now liable to call the same as others. These men will not be called up at present, it is understood, but will be ordered to report duty when more men are req for noncombatant service in Cana

for noncombatant service in Canada or overseas. A number of these men may be in A category, but they will be called upon to perform the duties of B category men only. The exceptions specified in the military service exclude these men from combatant service. The majority were allowed exemption from all military service when they appeared before the tribunals. The latest ruling means these men will have to go when the army needs them. WOUNDED IN LEG AND EYE BY GUNSHOT, IS

### MEDICAL BOARDS EXAMINE MEN OF **NEW DRAFT CALL**

Five Working Now to Handle Rush of Recruits in London.

OFFICIAL MESSAGE 500 MEN TO ST. THOMAS

W. O. R. Shifts Them There to Provide Room at Park Camp for New Arrivals.

No less than five medical boards are busy today handling the drafted men who are reporting for service here. Under the new system, as announced in The Advertiser some time ago, men who report for service are examined immediately on arrival. Previously men were given outfits, and if later found unfit, their clothing was partialfound unfit, their clothing was partially at least "scrapped," when they were discharged from the army. This is being avoided under the new scheme. In addition the possibility of the claim being made that the disability which causes a man's discharge after he has been in the C. E. three or four counter-checkings beforfe the list of defaulters is finally issued. In addition to the four medical boards at the mobilization centre, there are three dental surgeons, who give each man his preliminary dental examination. All men are examined by the doctors and categorized, or re-categorized, as the case may be.

How Leave Is Granted.

Men in category A go direct to the depot battalion, but men in B, C, D or E, go to a branch orderly-room of the depot battalion at the armories. There Capt. Kirkland, representing the O. C., grants leave to B and C men. Men in D are given leave for the length of time their disability will exist, as nearly as it can be determined by the medical boards. For instance, a man suffering from bronchitis might be well in a month, and his leave would extend for that time.

that time.

Men in category E are again passed upon by the medical board of review, upon by the medical parmanently unfit, they and if still rated permanently unfit, they are given a provisional discharge certificate, until the usual discharge certificate can be mailed to them.

Bona-fide farmers in Category A, if they receive the approval of Lieut.-Col. T. R. Mayberry, agricultural representative at the registrar's office, will be granted leave till June 1 by the O. C. Depot Battalion.

This action was taken as the result of a request made to the board to prohibit the M. C. R. from running trains on both tracks through the city at the same time. The question was taken up at Ottawa, and the M. C. R. solicitors advised the board that all St. Thomas crossings are protected by bells. They stated also that in fourteen years there have been ten accidents, two of which resulted fatally. This, they argued was a satisfactory record. The council took action following a recent accident in which a young woman lost her life. The aldermen believe that if the members of the board visit the city and see conditions for themselves their decision may be changed.

A letter was received at tonight's meeting from Inspector Shaw, asking that in order to avoid friction with the light, heat and power department, other arrangements be made for the sale and distribution of coke. He has been looking after this work for some time. The matter was referred to No. 1 committee to report on.
