Joseph Allen and Isaac Holland, two that he was trying to shield the other fined \$500 and costs in police court this morning of having liquor in a place other than a private dwelling. This was the result of a police raid on the quarters of the Grand Trunk porters here early this morning. Jabez Coats, George Mathews, Mino B. Coles, Theodore St. John, Theodore Philipps, all of Toronto; Allen Nathaniel of Chicago and Eldridge Bishop and Harry Williams of this city are facing similar charges.

Louis McCaughey and William Middaugh, made the arrests. Allen, who was charged first, said that the six bottles found belonged to him and that he placed some of them in the other men's club bags, and opened two for the use of the men. He was accustomed to have liquor for drinking purposes on the car. A revolver was found with this has been laid.

Magistrate A, H. M. Graydon thought:

Sounded Pecullar.

Holland did not know how the liquor got into his bag. The court said that this was a peculiar thing these times. Williams, Bishop, Coats and Nathaniel were seen sitting at a table playing poker. The policemen say that Bishop went away from the table and came back. Soon after a bottle appeared. He was seen to take one off the table was seen to take one off the table was an empty one. There had been a big game there for five hours previous to their playing, and the liquor, he thought, belonged to the other players. During part of the other game he and some other men had been discussing warfare.

He is not employed at the Grand Trunk at present, as he is ill. He declared that he had not been drinking while ill.

When asked about 100 bottle containers that were found he remarked: "It must have been a terrible game." Sounded Peculiar.
Holland did not know how the liquor got into his bag. The court said that

Nothing Done Regarding Better Police System At Springbank.

FIRST METHODIST
CHURCH ABOLISHES
ALL PEW RENTS

Plan To Raise \$20,000 For General Expenses.

At the annual meeting of the quarterly board of the First Methodist Church last might splendid reports of the year's work were presented, indicating steady growth in all departments. The financial returns are about \$500 ahead of those of last year, while the connexion that will aggregate about \$9,000.

Commencing tomorrow an important change goes into effect by which pew rents are abolished, and the voluntary contribution system takes their place. Plans are being made for a drive to raise \$20,000 for general expenses.

It is planned shortly to erect in the church a bronze memorial tablet in honor of the boys of the congregation who were killed or wounded while on overseas, service. There will be 135 names inscribed on it.

LONDONERS OUT TO

The matter of having a social centre where young people of both sexes might entertain each other under the right supervision, was brought before the council. Mrs. J. Gemmill suggest-ed that the schools be thrown open certain evenings of the week. It was thought that this could not be done as the janitors objected to working in the evenings. One member stated that if the janitors were paid there would probably be no objection. That a social centre was necessary to the community was considered by the council.

Bathing the Best Method.

record on the above date.

Toronto men have been tractiong steadily for some weeks, and scores close around a 100, from possible 165, have been made, with the service short Enfield rifle, at 200, 100 and 600 yards.

Did it ever occur to you that if the system is kept perfectly clean, both inside as well as out, how much easier it would be to keep yourself free from contagion? It is only when the blood is not kept clean and pure that you are unable to throw off disease.

The great cause of impure blood is unable to throw off disease.

The great cause of impure blood is constipation. allowing accumulated waste to remain in the system, especially the colon, where the entire blood circulation passes every twenty-four

culation passes every twenty-four hours. There, poisons are taken up by the blood and the system becomes a prey to any infectious disease that may be prevalent.

The only method of properly keeping the colon and intestines clean is by bathing internally. The J. B. L. Cascade is the only perfect appliance for this purpose, and only purified warm water is used. It positively removes constipation and keeps the system as clean and healthy as nature intended it should be. it should be.

it should be.

If you want to avoid being sick or to regain your health, keep your system clean and your blood pure. Thousands of Canadians have proven this wonder-

"The New School" was the first toast on the list being proposed, and was re-sponded to M. C. Fletcher and Arthur GLASS, FLINT and GARNET PAPERS Roy, McLeod proposed the toast to the officers for the coming year, which was responded to by Malcolm Campbell, the new class president. The ladies were praised in good style by Harold Leach, and Hilton Stothers responded on their behalf. M. W. Peole proposed the health of the retiring officers, which was responded to by the toastmaster.

During the banquet selections were rendered by the Agony Quartet, comprising A. Wheatley, M. Campbell, H. G. Fletcher and E. J. Hunter. After singing several class and school songs, the party broke up in "the wee sma' hours," and the next meeting will be held with the resumption of studies in October next. Roy McLeod proposed the toast to the IN SHEETS AND ROLLS

London Railway Commission

appointed delegates from the council to

Report to the Citizens On L. & P. S. R. Wages

The employees of the London and Port Stanley Railway on April 9, 1920, applied to the minister of labor at Ottawa for a board of conciliation to determine the scale of wages which should be paid under a new agreement

The board of conciliation met, and after hearing the evidence of representatives of those interested, submitted its findings to the minister of labor, who forwarded the result to the commission and to the employees, under date of May 10.

The commission at a meeting Friday night received and considered the finding, and decided to accept the recommendation of the board of conciliation that the schedule of wages, as herewith published, be adopted.

The commission presents for consideration of the citizens of London a comparative statement of the scale of wages recommended by the board of conciliation for the London and Port Stanley Railway; the rates of wages paid by the Niagara, St. Catharines and Toronto Railway, which is part of the Canadian Government Railway System, and also the rates paid on the Lake Eric and Northern Railway, which is owned and operated by the Canadian Pacific Railway Company.

Both Niagara, St. Catharines and Toronto Railway and the Lake Erie and Northern Railway rates were agreed upon and accepted by the employees of those Railways in March, 1920.
