Stunning Suit Effects

E PLANNED BIG for our men's suit department for spring owing to moving into our new store, and we can safely say that never in this store's history have we had so much suit excellence and variety of patterns, styles and fabrics as we are showing now. If we have

GOOD LUCK

we will open our new store about the 4th or 5th of May; but there is a lot of selling to be done here before then, and we must clear out as many suits as possible before moving.

We are showing some natty styles in the new tones at \$10, \$12 and \$15. Others more handsome in style, design and workmanship, \$18 and \$20 to \$25. Then come our superb, hand-tailored garments at \$28, \$30, \$32, \$35 and \$40. Truly we are leaders in fine clothing, and are satisfied only when you are pleased.

Two-Man Newspaper League.

The final game in the Newspaper Two-Man League was played yesterday afternoon, when the Diamonds won two straight from the Breviers in the roll-off for second place. This ended the first season of the league, and, judging by the expressions of satisfaction made by the members, it will likely prove the forerunner of many more. It was tried this year as an experiment, and proved entirely successful. The Agates, L. Findlay and W. R. James, won the first prize, and the Diamonds, E. Allan and W. Armstrong, the second. W. J. Beer wins the high average in the second division. The averages are as follows:

Early Estimates of Damage Not Exaggerated—Planters Face Lack of Seed.

ATLANTA, Ga., April 26.—Secretary W. M. Hutchinson of the Cotton Seed Crushers' Association of Georgia, has sent the followin gtelegram to every sent the followin gtelegram to every cotton seed mill in the state:

"Frost predicted to-night which will necessitate replanting generally. Suggest that you stop crushing and hold your cotton seed now on hand for replanting, or at least until extent of damage is definitely known."

It is expected that this will result in the closing of every oil mill in the state. Secretary Hutchinson, from telegrams received from all sections of Georgia, fo-day gave it as his opinion

NEW ORLEANS, April 26.—Reports received to-day from all parts of Louisiana and Mississippi indicate that earlier estimates of the damage to the cotton crop as a result of Sunday night's cold were not exaggerated. With the cotton acreage damaged to an extent of not less than 50 per cent, including a total loss in many quarters, planters to-day turned their attention to replanting, only to be confronted with the grave problem of a lack of seed.

Pie Sickness An American Disease

Pie-eating, excessive use of sweets, imperfect and hasty mastication of food and the prodigal use of coffee, are the principal causes of the almost universal dyspepsia of the American People. The result of these dietetic excesses is congested liver; this in turn produces a multitude of symptoms, such as sour stomach, headache, pains under the shoulder, bad color, n depression, cold extremities, back and

Don't be advised to reduce your diet too much or you'll get thin and weak.

A better plan is to take Dr. Hamilton's Pills, which will remove dyspeptic conditions and confer health-ful action throughout the system. Dr. Hamilton's Pills are made from remedial vegetable juices that cleanse and cool the system,—that redden the blood, renew appetite, bring back faded looks and departing strength. For the weak, the sick, the tired, no medicine can surpass Dr. Hamilton's Pills of Mandrake and Butternut, 250 a box; all dealers or The Catarrhozone Company, Kingston, Canada.
