### Important to all Women Readers of this Paper.

Women are as subject to kidney trouble as men, which fact is often overlooked. Many women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they will cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, head ache and loss of ambition. Poor health makes you nervous, irritable and may be dependent; it makes you any one so.

But thousands of irritable, nervous, tired and broken-down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy.

Swamp-Root brings new life and activity to the kidneys, the cause of such troubles. Many send for a sample bottle to see what Swamp-Root the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive sample bottle free by mail.

### METHODIST CONFERENCE

Many Changes in Methodist Ministers Will Probably be Recommended.

Moncton, N. B., June 16.—The New Brunswick & P. E. I. Conference of the Methodist Church convened in annual session in Central Methodist this afternoon and evening. The sessions were ministerial and private. There was a large attendance of clergy and everything was harmonious and pleasant. Stationing, nominating and ministerial committees were in session. The first draft of the stationing sheet will be laid on the table of the conference at Thursday morning's session. Among the changes to be recommended will likely be the following:—

Rev. E. Bell, from Petitediac, to Springfield; Rev. A. C. Bell, from Grand Lake to Apohaqui; Rev. Thos. Hicks, from Albert to Point de Bute; Rev. Chas. Flemington, from Pt. de Bute to Walsford; Rev. J. S. Cross, from Bute to Vernon River; Rev. G. S. Dawson, from Little York to Petitediac; Rev. W. J. Kirby, from Gagetown to Albert; Rev. Wm. Thompson, from Campbellton to Tyrore; Rev. Thos. Stebbings, from Tyrore to Gibson; Rev. J. C. Berrin, from Gibson to Maryville; Rev. W. B. Thomas, from Maryville to Campbellton.

The ministerial conference will be in session all day tomorrow and the first public meeting will be held tomorrow evening when the anniversary of the sustentation fund will be held. The ministerial session was engaged principally in answering questions as to the standing of ministers.

### Complaining of the Water

If the water you drink disagrees, take ten drops of Nerviline three times daily. It tones up the stomach, prevents bowels, cures diarrhoea. Your health will be the better for taking Polson's Nerviline occasionally. Test a 25c bottle.

## ANNUAL CLOSING EXERCISES OF ROTHESAY COLLEGIATE SCHOOL

Rev. W. R. Hibbard the New Head Master Was Present Yesterday Afternoon—Sports Carried on in a Downpour of Rain—The Results.

Many friends of the Rothessay College for Boys, assembled yesterday afternoon at the 17th annual closing and, in spite of the heavy downpour of rain, thoroughly enjoyed the sports and exercises. The boys made a splendid showing on the slippery turf. Many of the visitors viewed the events from the house windows, while the Arillery Band had a sheltered position from which they furnished good music. During the afternoon the boys had an opportunity to see their new head master, Rev. W. R. Hibbard, who will return here early in July to take charge. He made a very favorable impression, but what seemed to give the boys most pleasure was the announcement, made on good authority, that Principal Moore had consented to remain another term as assistant master. It was very evident that he and Mr. Moore are very popular with the boys in attendance. Among those present at the closing exercises were many ladies and gentlemen from St. John and Rothesay, and from other parts of the county. The weather was not so good as it could have been, but the usual big crowd from attending. The sports were keenly contested though the weather conditions prevented any record performances. David Ritchie led the senior class, winning the Association gold medal. Fawcett, Teed and Kilmer finished in the order named. C. West led the middle class, winning a gold medal, and Otty, McKay and Tennant were the other prize winners.

The honors in the junior class were carried off by Coter, with Logan, T. Gilbert and McLeod respectively second, third and fourth. The list of the events and winners is:—

Putting the shot, senior—1, Fawcett; 2, Ritchie; 32 ft. 4 in.  
Standing broad jump, middle—1, Clarke; 2, Kilmer; 3, Fawcett.  
High jump, junior—1, Coter; 2, Logan; 3, Fawcett.  
Hop, step and jump, middle—1, West; 2, Clarke; 3, Fawcett.  
Standing broad jump, senior—1, Ritchie; 2, Fawcett; 3, 35 sec.  
High jump, middle—1, Otty; 2, Carite; 3, C. West.  
High jump, senior—1, Teed; 2, Kilmer; 3, Ritchie.  
75 yard dash, junior—1, Coter; 2, Logan; 3, McLeod.  
440 yard dash, senior—1, Teed; 2, Ritchie; 3, Fawcett.  
Running broad jump, middle—1, C. West; 2, Otty; 3, J. McKay.  
100 yard dash, senior—1, Fawcett; 2, Ritchie; 3, Sterne.  
220 yard dash, middle—1, J. McKay; 2, C. MacKay; 3, Otty.  
Running broad jump, senior—1, Teed; 2, Fawcett; 3, Hall.  
50 yard dash, middle—1, Murray; 2, Coter.  
Hurdle race, middle—1, Tennant; 2, C. West; 3, Otty.  
Pole vault, senior—1, Gilbert, 1st; Fawcett, 2nd; Kilmer, 3rd.

## LUMBER HUNG UP ON ST. JOHN RIVER

Twenty Five Million Feet Hung up—Most of It Belongs to an American Concern at Van Buren.

Fredericton, June 16.—Among the guests in town is F. Chouinard, of St. Paphille, the well known lumber operator, who this year was one of the heaviest operators on the St. John river. For the St. John Lumber Co. and for the mills at St. John, Mr. Chouinard this year took out about forty million feet of logs and succeeded in bringing them all out with the exception of two of the fourteen millions which he cut for the St. John Lumber Company. Mr. Chouinard says in all, as far as can be learned about twenty-five million feet of logs were hung up on the St. John river and tributaries and when all reports come in this amount may be exceeded or it may be that with steady rains some of the logs now hung up will come down by one of the operators.

The amount hung up includes two millions of Mr. Chouinard's operation for the St. John Lumber Co.; eight millions of W. J. Noble's drive for the Cushing Co., hung up at Nine Mile Rapids; five millions of Michael's drive on the Allegash for the St. John Lumber Co.; hung up by a big dam going out; two millions of Alan Hammond's drive on Black river for the St. John Lumber Co.; three millions of Jabez Hodgson's drive on Tronier Lake, Tobique, for D. Fraser & Sons, hung up by a large dam being carried away; four millions for the Ashland Lumber Co. on the Machias; one million of Neil McLean's on Brown Brook, and half a million on the Blue river, which was left behind by one of the operators. If it had not been for several big dams breaking away practically all of the lumber on the upper St. John and its tributaries would have come out.

## BOURASSA IS MAKING GAINS

He is Now 37 Votes Ahead in the St. Hyacinthe Recount.

Montréal, June 16.—At the adjournment of the recount of St. Hyacinthe, Mr. Bourassa had a majority of thirty-seven, from fourteen ballots counted. The recount was continued to-morrow. Justice Martineau gave his decision at 2 o'clock, to the effect that the contents of the poll giving Mr. Morn thirty-one of a majority must be rejected from the count, because the ballots were numbered. Mr. Bourassa also made a gain of his honor. In the Laval recount, Mr. Levesque's majority was reduced to nine with eight votes yet to be examined.

Ottawa, June 16.—Among the candidates who passed the recent examination for entrance to the Royal Military College is Donald S. Fisher of St. John, who was listed as eighth in a list of thirty-eight.

## GREAT BRITAIN says NO ALUM IN FOOD

and strictly prohibits  
the sale of alum  
baking powder—

So does France

So does Germany

The U. S. Congress has made the sale of alum foods illegal in Washington (District of Columbia), and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum,  
when ordering baking powder,

Say plainly—

ROYAL BAKING  
POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

## PARLIAMENT IS RUSHING THE COUNTRY'S BUSINESS

The Government Announces That It Will Withdraw the Insurance Bill This Session—Inquiry Into Major Hodgins Charges is Over.

Ottawa, June 16.—With the air charged with conflicting reports as to the disposition of the government supporters as evinced in caucus the house plodded on in business fashion this evening and made good headway with three of the most important ministerial measures of the session. Indeed the indications as the sitting wore on inclined more and more to the outcome of an amicable agreement upon the vexed question of the election bill and prorogation in another session. The announcement made in senate by the secretary of state of the withdrawal of the insurance bill is regarded as the precursor of a similar statement by Sir Wilfrid Laurier in regard to other weighty government measures.

The bill to place telegraph and telephone companies under the jurisdiction of the railway commission was passed through the committee stage and stands for a third reading. The bill to restrain the use of tobacco by young persons was amended by raising the age limit to eighteen years. On the motion for the third reading, Mr. Blain, of Peel, will move his amendment to prohibit the manufacture, importation and sale of cigarettes.

The bill to reduce the rate on drop letters to one cent per ounce in cities having free deliveries was read a third time. Tomorrow Sir Wilfrid Laurier is expected to make an announcement in regard to the government's decision in regard to the election bill.

Mr. Graham's bill to amend the railway act by bringing telegraphs and telephones under the jurisdiction of the Railway Commission, occupied the attention of the commonsense all day. It was explained on its first reading in March, but today the opposition criticized many of its features, the main contention being that it was not clear that local telephone companies, under provincial charters were not included.

Mr. Northrup made a strong argument to show that the bill was not effective to compel railways to respect their agreements. He insisted the case of the Grand Trunk which took over the Belleville & Hastings road, pocketed the municipal subsidies amounting to \$21,000, and abandoned the road. He moved an amendment to compel the Grand Trunk to respect its agreements with the municipalities.

Mr. Graham expressed disapproval of such retroactive legislation. David Henderson asked the Hamilton Herald bill was before committee he proposed an amendment to compel the specific performance but Mr. Graham promised that such a clause would be incorporated in the railway act. There was no such provision in this bill.

When the committee discussed the amendment might be further discussed on the third reading tomorrow. The bill was therefore reported.

If the majority of its members have their way and it will be against all precedent if they fail to get it, the committee of investigation into charges of over-classification on the National Transcontinental will tomorrow decide that the charges have been abandoned and that there is nothing further to investigate.

Just before the committee rose at 6 o'clock tonight, Major Hodgins was asked by E. M. MacDonald, "You made an expression the other day that you did not regard this committee as a proper tribunal to determine the question of the case."

Major Hodgins' reply was "With all due deference to the committee, I do not, it is an engineering dispute and as far as I am concerned I quite believe that arbitrators who are appointed for the purpose should deal with this question of classification and I think that a board of arbitrators is the only right and proper tribunal to determine it."

When the committee resumed at 8.30 in the evening, Mr. Murphy, K.C., counsel for the Transcontinental commissioners, said in view of Major Hodgins' statement and the question of arbitration was the only tribunal to settle the question of classification, no useful purpose could be served by continuing the inquiry, unless somebody else alleged fraud against the commissioners and he would therefore suspend his cross-examination.

Mr. Lennox did not think the investigation should be stopped by Major Hodgins' statement. The reference to a committee was not only upon the broad question of improper classification, but upon charges of Major Hodgins and statements in the press which the Transcontinental commissioners desired to be investigated. Upon the latter points, Mr. Lennox wished to re-examine Major Hodgins.

## WATTERS CASE IS HELD OVER

But Charles Ward is Fined \$50 for Violation of the License Act.

Two liquor cases occupied the attention of the police court at a lengthy session yesterday afternoon. Charles Ward, charged with allowing persons in his bar during prohibited hours, was fined \$50 or one month in jail, and the case against J. Everett Watters, Carlton druggist, was withdrawn in order to be brought up again when necessary witnesses return.

When the court opened, Police Clerk Henderson, who appeared for the prosecution in both cases, said that two witnesses were present in the Watters case, but their evidence was unimportant and that the chief witness had locked himself up in his house so that the summons could not be served. He had since been gone away and his another wanted was now in the United States.

Dr. Leffell, K. C., who represented Mr. Watters, protested against a withdrawal of the case and asked for a dismissal on the grounds that one witness had been examined. Mr. Henderson pressed for a withdrawal or postponement for an indefinite period. Judge Ritchie said: "Then we will never hear of it again."

Mr. Henderson assured the court that the case would be resumed if the witnesses returned to the city. The charge was at first stated as selling liquor during prohibited hours on Saturday and Sunday, the 6th and 7th inst., but was amended to the 6th inst., between 9 and 10 o'clock, he saw the bar room door open and two men come out. One man went in the direction of the city and the other back to the bar. The door was fastened and with Policeman Perry he tried it. They got no answer and tried the front door. They were admitted and went in the direction of the bar. He saw two men come from the city and saw a light from the barn and went out on the Marsh road.

On cross-examination by J. B. M. Baxter, the witness said he would not swear there was any liquor sold. He would not say how he got to the Marsh road that night. He went out the way he did so that Mr. Ward would not see him. He refused to tell which way he got to the Marsh road. He had heard many complaints about liquor being sold and wanted to see for himself. When the witness refused to tell of his movements on getting to the house, Mr. Baxter stated his purpose was to find out the facts. "I find that some police officers on the stand do not tell the truth at all," said Mr. Baxter.

"Oh, that would not apply to Finley," said H. H. Honor, "it is that way with some but not with Finley."

Policeman Perry gave evidence along the same lines as the first witness. He said they had got to the One Mile house by way of the Westmorland road, and a cross road.

"Did you walk on the road," said Mr. Baxter. "No, but we walked close by it," was the reply.

The witness also told of the officers going about the house and lying concealed behind a bunch of grass. The witness also told of one of the men seen coming from the house, speaking to him saying "Good night, Mr. Perry." The witness knew the man.

Mr. Henderson asked to have the charge amended and Mr. Baxter opposed it, saying that the judge could use his discretion in allowing the charge to be amended.

His Honor allowed the amendment, found the defendant guilty, and imposed the maximum fine of \$50.

**MICHAEL FARRELL WINS APPEAL CASE**

Supreme Court Allowed It Against the Portland Rolling Mills.

Ottawa, June 16.—The supreme court today in the case of Michael Farrell v. James Manchester, et al., allowed the appeal against the Portland Rolling Mills Co., and dismissed as against James Manchester and R. C. Elkin. Costs as directed.

The annual meeting of the New Brunswick Presbyterian will be held in Woodstock commencing today. The sessions will probably last two days. This organization in the Presbyterian Church is composed of all the women's societies connected with the various congregations in the province. A number of delegates from this city left yesterday morning. Among them were Mrs. J. H. Thomson, Mrs. Cowan, Mrs. John A. Bowe, Miss Morrison, Mrs. R. McRae and Mrs. Ogilvie.

The executive of the New Brunswick Fish, Forest & Game Protection Association will ask the government to look into the necessity for a fishway in the Mispic dam. Rigid enforcement of the law against dumping sawdust into the stream will also be urged.

**The Bane of the Race**  
The one disease that destroys thousands in constipation. Cure it now, today—this you can do with Dr. Hamilton's Pills, easy to take, no gripe, sure relief. Try Dr. Hamilton's Pills yourself, 25c per box.

## NUTRIOTONE

Is Bringing the Pasture to the Stable

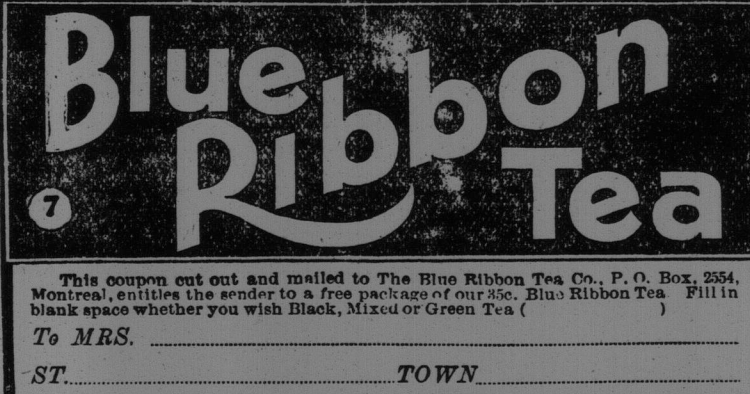

Here is results of Bennett's second trip among the Nutriote customers who have made a thorough use of it since last October. Halifax people are getting great results, stating they would not be without it at twice the cost. Mr. Worman, of Lounsbury Co., Ltd., Moncton, says it does better work than any preparation he ever used. The Lounsbury Co., Ltd., who have just sent in another and larger order, are to handle it in all their territory from Moncton to Campbellton. See a few letters from reliable horsemen.

Truro, N. S., June 3, 1908.  
Messrs. W. D. Carpenter & Co., Syracuse, N. Y.  
Gentlemen,—We started using Nutriote last October and are most pleased with the results from this wonderful Tonic. Since we started feeding it we have had some twenty horses in our stables and have given each one a course of Nutriote, and in every case, the results have been most satisfactory. We consider that for putting a run-down horse into condition it has no equal. We have recommended and sold it to many of the leading farmers and horsemen in this section, and since introducing it to them our sales of Nutriote have steadily increased and where fairly tried has given good results. We are feeding it to "Arctlight" 219, sire of the speedy "Marguerite" 223K, and he has never been in better condition than he is this spring. Nutriote is all right.  
We use it—We sell it.  
Yours very truly,  
McMULLEN & FRASER.

Truro, N. S., June 3, 1908.  
Messrs. W. D. Carpenter & Co., Syracuse, N. Y.  
Gentlemen,—I have been using your Nutriote since last fall, with the best of results, and have advised others to try it, and it has given us much better satisfaction than anything we have ever used. My horses have done better, with less grain than formerly, and for a poor hidebound mare it did wonders and all who try it, where I have recommended it, are much pleased. Yours truly,  
NEWTON LEE.

Moncton, N. B., June 10, 1908.  
Messrs. W. D. Carpenter & Co., Syracuse, N. Y.  
Gentlemen,—Last fall my horses were all run down after a hard summer's work in the few business, and your agent persuaded me to buy a tub of Nutriote, which I have used with several more, and it has put my horses up into fine, sleek condition, cleared out worms, and I would not be without it, as I am convinced that it is a far better tonic than I have ever used before.  
Sincerely yours,  
SHERMAN BLAKENY.
