Good Things Coming to Theatres of St. John

IMPORTANT ITEMS TO REMEMBER

In Connection With Engagement of "Joan The Woman" at Lyric Mon., Tues. and Wed.

Those who intend witnessing Cecil B. DeMille's clossal spectacle, "Joan the Woman," with Geraldine Farrar at the Lyric Monday, Tuesday and Wednesday, should bear in mind the following facts:

Three performances will be given daily, once in the afternoon, twice at night.

The matinees will commence at two-thirty sharp, and the evening performances at seven and eight-forty-five. There is no advance sale of tickets, neither are there any reserved seats. Although this production played throughout Upper Canada and the U. S. A. at a price scale of from fifty cents to $2, it will be seen at the Lyric for ten, fifteen and twenty-five cents; children attending the matinees, ten cents; adults, twenty-five; evenings, fifteen and twenty-five cents.

Complimentary season passes not recognized during this engagement. Special musical arrangement, with John McCue, the Irish tenor, in appropriate selections. Be early for seats.

NEW GROCERY STORE

Joseph L. McKenna, who purchased the grocery business of H. L. Alexander, Waterloo street, some time ago, has opened for business. Mr. McKenna intends to run an up-to-date cash grocery, and his friends wish him success in his new enterprise.

LESSER THAN OTHERS, BUT NOT QUITE SO LESS

In the ad. of Alex. Lesser, which appeared in this paper last night, six sets of black fox fur were quoted at $5 a sett up. This should have read $55 a sett and up. Their easy-to-pay plan makes these bargains particularly attractive.

RELATIVES

Next to an actual visit, a portrait sent at Christmas time to the folks at home or those relatives who care most about you, will be most welcome—will give the greatest pleasure. Are we going to photograph you this Christmas? — The Reid Studio, corner Charlotte and King streets.

UNDER NEW MANAGEMENT.

In another part of this issue a business change of importance is announced. J. F. Tilley, who has managed the Pacific Dairies, Ltd., since its organization, has retired and C. W. McMulkin, who has been in charge of the St. John Ice Co., Ltd., for some time past, has taken Mr. Tilley's place. Mr. McMulkin is a young and energetic business man who will spare no energy in meeting the wishes of the public in this new line of work which he has undertaken.

FOR THE BOYS OVERSEAS

J. A. Marven, Limited, who have hitherto confined their efforts to the manufacture of White Lily Brand Biscuits, are now displaying in their windows at 69 Dock street, their new line of White Lily Cake, pound cake, fruit cake, cherry and sultana cake, with a special "overseas fruit cake for the soldier boys." The ladies of St. John are able to buy these cakes from any good retail grocery.

Arithmetic in the Garden of Eden.

How many apples did Adam and Eve eat? Some say Eve 8 and Adam 2—a total of 10 only. Now, we figure the thing out differently. Eve 8 and Adam 8 also—total, 16.

We think the above figures are entirely wrong. If Eve 8 and Adam 82, certainly the total would be 90.

Scientific men, however, on the strength of the theory that the antediluvians were a race of giants, reason something like this: Eve 81 and Adam 82—total, 163.

Wrong again. What could be clearer than if Eve 81 and Adam 812 the total was 983?

I believe the following to be the true solution: Eve 814 Adam and Adam 8124 Eve—total, 8,938.

Still another calculation is as follows: If Eve 814 Adam, Adam 81242 oblige Eve—total, 82,056.—Prudential.

There was a reading by Miss Jennie Goldsworthy. Miss Hersey and Miss Miles gave a piano duet. Mrs. Coe sang a solo. Mrs. Horton gave a reading. Miss Loretta Arthurs gave a piano solo. STUDY AND EXERCISE

Overstudy and lack of exercise make thin bloodless children. Study does not usually hurt a child at school unless the studies encroach on time that should be spent in out-of-doors exercise. But lack of exercise and overstudy is a combination that brings on St. Vitus dance. If your boy or girl at school is thin and pale, listless and inattentive, has a fickle appetite, is unable to stand still or sit still, you must remember that health is much more important than education, and more time should be given to exercise and recreation.

See to it at once that the child does not overstudy, gets plenty of out-of-door exercise, sleeps ten out of every twenty-four hours, and takes a safe, reliable tonic like Dr. Williams' Pink Pills until the color returns to the cheeks and lips and the appetite becomes normal. For growing children who become pale and thin Dr. Williams' Pink Pills are not only safe but in most cases are the very best tonic that can be taken. These pills build up the blood, strengthen the nerves and assist nature in keeping pace with rapid growth.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail postpaid at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

PERSONALS

Mrs. F. Nell Brodie will receive for the first time since her marriage at her home, 164 Duke street, on Wednesday and Thursday, the 14th and 15th inst., from 4 to 6 o'clock.

Mrs. J. H. Driscoll, nee Sullivan, will be at home to her friends on Tuesday afternoon and evening, October 20, at 179 Tower street, West St. John.

Major A. O'Brien of the 180th battalion, who recently returned from the front, is in the city today.

Mr. and Mrs. Chas. W. Magee, of East St. John, have announced the engagement of their daughter, Jean K., to Edwin H. Stirling, the marriage to take place at an early date.

Brain Blood-Supply Must Be Good.

The importance of having pure blood is perhaps never more deeply impressed on us than when we are told by physiologists that if the brain is supplied with impure blood, nervous and bilious headache, confusion of ideas, loss of memory, impaired intellect, dimness of vision, and dullness of hearing, are experienced, and in time the brain becomes disorganized and the brittle thread of life is broken.

The more we learn of the usefulness of the great blood purifier, Hood's Sarsaparilla, the more grateful we are for this old and successful family medicine, which has accomplished so much in removing scrofula, rheumatism and catarrh and other blood diseases and correcting run-down conditions of the system. If you need a blood purifier, get Hood's Sarsaparilla.

LOCAL CAMPAIGN FOR VICTORY LOAN

In Great Britain one person in every twenty-three has invested in war bonds; in the United States the proportion is one to twenty-seven; in contrast with this only one person in every 187 has loaned any money to the Canadian government for war purposes.

In view of these circumstances there seems to be a wide field for the canvassers for the new Victory Loan and the provincial committee has set out with the idea of bringing New Brunswick up to the mark set by the mother country, and incidentally to secure the $12,000,000 which is allotted as the amount the province should raise.

In order to secure this amount it will be necessary to secure an amount equal to $35 for every man, woman and child in the province. This, of course, will mean a much higher average for the actual subscribers.

Everyone in the province will be asked to subscribe; in fact it will be practically impossible for any person to avoid hearing the call every way they turn. Members of the Commercial Travelers' Association have volunteered to distribute posters; stickers will be attached to parcels sent out by merchants; literature will be enclosed with private mail and the government is sending a prospectus and application form to every person who gets mail through the post office.

He was taken to No. 11 field ambulance.

He reached the front about seven months ago and soon afterwards was slightly wounded, but did not find it necessary to enter the hospital.

UNDER WATER WORK TO MAKE NEW PUMPING SYSTEM WORK EFFICIENT

In order to make the new pumping system effective, the New Brunswick Power Company has found it necessary to undertake considerable under-water work at the intake. The intake for the water supply opens on the slip near the power plant and it has been found that there is not sufficient depth of water there to ensure an adequate supply. It was found that this was due to the fact that the bottom of the slip had been covered with timber at some time and, in order to deepen the slip it will be necessary to cut away the timbers. The contractor, S. H. Mayes, has employed a diver for the purpose and be started work today. It is expected that the new pumping apparatus will be in use in five or six days.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If Little Stomach is Sour, Liver Torpid or Bowels Clogged

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig-syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

Face Paint Tabooed Remove Skin Instead

"A few years ago only one class of women painted their faces," says Dolly Madison. "It was a sign of social ostracism and was tabooed in refined circles. The custom has become so universal we must admit it is to be deplored and to be shelved as soon as possible."

How foolish to seek artificial "beauty" of this sort, obnoxious from artistic and moral standpoints, when it is so easy to obtain a truly natural complexion by the use of ordinary mercolised wax, which may be had at any drug store in original one-ounce package. This mercolised wax is so effective and so harmless, no one need think of using anything else for the purpose. Applied like cold cream at night, and washed off in the morning, it at once begins to show its remarkable rejuvenating effects. It gently absorbs the lifeless surface skin in tiny particles, gradually showing the fresher, livelier, beautiful underskin. Naturally it takes with it all surface defects, like freckles, pimples, chaps, moth patches and liver spots.

FOR COMPULSORY VACCINATION IN THREE COUNTIES

Victoria, Carleton and York—Alarm Felt in Carleton County—Waverly in Fredericton Quarantined

Fredericton, N. B., Nov. 10—The Fredericton Board of Health is meeting this afternoon to consider the smallpox situation and Dr. McGrath, secretary of the provincial board of health, is in conference with that body.

Compulsory vaccination in the three counties of Victoria, Carleton and York will be resorted to by the Provincial Board of Health, starting next week. This is action made necesary by the fact that smallpox is epidemic in northern Maine, and New Brunswick is likely to have cases from that section for an indefinite period. The only sure means of combatting the disease is general vaccination. Reports from Carleton county are to the effect that there is a feeling of general alarm among the people.

Last night a quarantine was placed upon the Waverly Hotel in this city. The patient, who had what was thought to be smallpox in its early stage, was Rainsford Allen, a commercial traveler for the Palmer McLellan Shoepack Co. of Fredericton. He was in contact with smallpox cases at Burt's Corner some days ago. He is a relative of Harry Allen, in whose hotel in that village four cases are located. Dr. R. H. McGrath, secretary of the Provincial Board of Health, followed him up and had him under observation at the Waverly Hotel for five days at the end of which time it was decided to send him to Burt's Corner, where he will be isolated with the other cases. He left Fredericton last night. A quarantine was then placed upon the Waverly and all the people there were vaccinated.

Would Increase N. Y. Docking Facilities

Hylan's First Move to Reduce High Cost of Living — Must Oust the "Moneybags"

New York, Nov. 10—Mayor-elect Hylan was asked how he will go about it to reduce the cost of living in New York.

"In the first place," said the judge, "I would increase the city's docking facilities. At present the docking privileges are in the hands of those whom I have referred to as the 'moneybags;' foodstuffs cannot be unloaded if they do not wish them to be and often they rot or else farmers are discouraged from making shipments.

"Now the federal government recognized this condition, and made arrangements for the improvements and docking facilities for the city on Jamaica Bay. It was prepared to reimburse the city for all the money that might be expended on the work. All that New York had to do was to go ahead, and what was spent would come back to it. This, in addition to the fact that the earth thrown up behind the bulkheads makes valuable new land. There is something specific and definite.

"Why has this work been discontinued? What interests have been strong enough to throw to one side this attempt of the government to help New York, and the home-makers of this city? I want to find out, and I intend to correct this condition.

"Do you represent Charles F. Murphy?"

"I shall be the Mayor of New York. At the same time I want the co-operation of all who have worked for me. And mark this well; I want the co-operation of all who honestly oppose me. Let them show that they have the interests of New York at heart and I will gladly listen to them."

Murphy Not Quitting.

Charles F. Murphy denied that he is planning to resign as leader of Tammany Hall. "Not a chance," he said.

In reply to another question, he said he might be at the City Hall on January 1, and chuckled.

"Have you decided to do anything in an advisory way in the matter of the selection of city officials in the new administration?" asked a reporter.

"Not yet," replied the boss, with a grin.

There are millions of dollars worth of patronage, from $15,000 jobs down. There are 85,000 city employes.

VETERANS TRAINED AS JEWELRY CRAFTSMEN

Returned Soldiers To Be Used In Development of New Canadian Industry

For returned soldiers who will be unable to return to heavy work because of disabilities which have impaired their health, the vocational training officers of the Military Hospital Commission in Montreal have arranged a course in craft jewelry making, beaten brass and copper articles for which there is a ready sale, and good salaries to be earned in the making.

Through the agency of Paul Beau, whose shop for antiques and art crafts is a centre for such wares, the men will have the advantage of expert instructors, and the men who have entered the class are eager to get started. Difficulty in securing the proper tools has held up the work for a few weeks, but things are now under way.

Montreal officers have been the originators of two ingenious and practical schemes for giving the men who require light work a means of livelihood and at the same time developing a new industry and filling a need in Canada.

Hand woven textiles and similar artistic handicrafts for which there is a steady increase in demand, present a big field for development according to the officers. The trade is particularly suited to men who must hereafter do light work, and preparation is being made now by which they will have the training of first class workmen.

possible if the negotiations can be carried on with a government which really represents the country and also is able to speak with some authority to Russia's allies."

The newspaper adds that if M. Kerensky does not succeed in establishing stability in Russia the country will fall into chaos which may be disastrous for the whole world, since it would make a national solution of the question of war or peace impossible within measurable time.

Against the Extremists.

London, Nov. 10—A despatch to the Exchange Telegraph Company from Petrograd says the members of the Petrograd municipal council and the peasant delegates to the workmen's and soldiers congress, together with the minimalists, have decided not to acknowledge the authority of the Bolsheviki, and will appeal to the nation regarding the coup d'etat.
