**NEW YORK.** April 12.—The largest single order of its kind ever placed was taken this week by the U. S. Steel Corporation from the Standard Oil Co. calling for 100,000 tons of steel plates to be used in the manufacture of pipe. This covers the Standard Oil Company's requirements for this product for this year. Plates are very strong.

Several good steel contracts besides this have been placed recently. Newfoundland railways have contracted for 6,000 tons of steel and Canadian Northern for forty thousand tons.

Work is being rushed on improvements at the Farrol, Pa., plant where between \$400,000 and \$500,000 will be spent in new work, alone.

**C. P. R. in New York.**  
 New York, April 12.—The independent strength in C. P. R. is attracting attention and causing comment here. Offerings are all absorbed and it rather looks as if accumulation on a good scale, as well as short covering were going on. The rest of the day's trading is refining the discouraging market in bonds. This factor is disturbing holders of securities and will require to be moved before confident buying in the stock list is resumed.

**Wheat Orders.**  
 New York, April 12.—Americans in London generally 18 to 38 higher. Government will bring a criminal suit against the United Fruit Co. calling for \$150,000, and chief place of business in Montreal, and to take over as a going concern the stock, property, and franchises of the Rich and Ont. Nav. Co., also assets and liabilities of that company. To pay for this there will be an exchange of shares of the new company for the shares of the old Rich company.
