

GREAT THINGS ARE BEING DONE FOR US

Optimistic Speeches at Formal Start of Courtenay Bay Work — Thousands There—Banquet in Union Club

The formal opening of the development work which will create a modern harbor in Courtenay Bay was observed yesterday with appropriate ceremonies. During the afternoon, within a short distance of the site of the breakwater and dry dock, speeches were made and a huge crowd set off on the site of the dry dock. This was followed by an athletic meet on the shore and a garden party at which Norton Griffiths & Co. were the hosts.

Thousands There The inauguration of the work was witnessed yesterday afternoon by thousands who gathered on the sands on the eastern side of the bay. H. C. Schofield, president of the St. John Board of Trade, presided and the speakers included Mayor Prink, Lieutenant Governor Wood, Hon. W. T. White, minister of fisheries, Premier Fleming, Hon. J. J. Reid, minister of customs, Hon. Wm. Pugsley, George W. Fowler, M. P., and P. R. Warren, chief engineer of Norton Griffiths & Company.

More than 300 citizens and visitors were the guests of Norton Griffiths & Company, represented by G. E. Palmer, P. R. Warren and W. Percy Thomson, at a garden party which was given on the grounds of Tenby Cottages, the home of W. F. Burditt. The guests were informally but very pleasantly entertained and the affair proved a delightful success. Tea was served from a large marquee and the guests were very dainty, the floral decorations being pink roses and sweet peas.

Among those present were: Lieut.-Col. A. J. Armstrong, Miss Jessie F. Armstrong, Mr. and Mrs. Beverley R. Armstrong, Mr. and Mrs. Clarence B. Allan, and Mrs. J. H. A. Anderson, J. C. B. Appel, Mrs. W. Earl Anderson, Joseph Allison, Dr. and Mrs. J. Vickers Dring, Mr. and Mrs. E. Agar, J. R. Armstrong, William Scumell Allison, Miss Armstrong, Mr. and Mrs. Charles W. Bell, Mr. and Mrs. Thomas H. Bullock, Mr. and Mrs. M. M. Baxter, Arthur F. Burditt, Mr. and Mrs. A. M. Belding, Mrs. M. R. Bennett, Mrs. Ruby, Mr. and Mrs. W. H. HE WAS SURPRISED When Dr. Morse's Indian Root Pills Cured Her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings: "I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness was a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should permanently drive them away. Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Root Pills that I shall never on any account be without them." Dr. Morse's Indian Root Pills cure Bowel and Kidney as well as Liver troubles, and keep you healthy. 25c a box at your dealer's.

THE BANQUET The banquet given in the Union Club last evening by the St. John Board of Trade was a fitting function for the close of such a auspicious occasion. A sumptuous dinner was heartily enjoyed and then followed speeches of an inspiring character, breathing confidence in the future of the port and the development of the surrounding country. W. H. Thorne proposed the health of the lieutenant-governor, and the latter returned the compliment for the close of such a fitting function for the close of such a auspicious occasion. A sumptuous dinner was heartily enjoyed and then followed speeches of an inspiring character, breathing confidence in the future of the port and the development of the surrounding country.

BONAR LAW MAY VISIT DOMINION

It is all a Matter of Being Able to Arrange For Time

TWO NOTED BANDS Scots Guards and Besses of the Bara to Cross the Atlantic—King and Lord Roberts Give Trophies for Cadet Shooting

(Times Special Correspondence) London, July 11.—Dr. J. O. Gray, secretary of the Canadian National Exhibition, Toronto, is here taking his annual tour of British colonies, visits of art and exhibits for the exhibition in August. I have already mentioned that he has persuaded popular Sir George Reid to visit the exhibition and the Australian high commissioner will be in Toronto in the first week in September. It has been contradicted in the press that Bonar Law will visit Canada this year, but if he can possibly arrange his political engagements, he will visit Canada and be a guest of the Canadian National Exhibition in Toronto. He is anxious to visit the Dominion. Of course, very large demands are made on his time and energy by the proposed programme of legislation in the British parliament this year, so the most that can be said is that if he does not go to Canada it will not be for want of effort.

Doctor Orr has secured from the King permission to have the famous Scots Guards Band play at the exhibition. Another famous band which you will hear again this year is the Besses of the Bara. In addition to the cup which King George has given for competition by the cadets, Lord Roberts has given a gold medal and two silver medals to be awarded to the three best shots in the Toronto cadet competition. Among the notabilities you will see in Colonel Peet Boreford, who has been appointed by the army council to take charge of the British and Irish cadets. You will remember that he belongs to the Irish nobility, of which family Lord Charles Boreford, of which family Lord Charles Boreford, who opened the exhibition three years ago, is a member. Colonel Sir Laurence Brunton has been appointed chief medical officer of the cadets. He is physician to His Majesty's Household, and one of the most famous practitioners we have. His researches in pharmacology and the repetition have made his text books famous.

Very great interest is being taken throughout Great Britain in the cadet competitions. Part of the contingent of British boys who will go to Toronto have been selected from the great public schools, such as Eton and Winchester, and include the sons of some of the most notable families in Great Britain. So interested are the authorities of the public schools, and so desirous are they of having their pupils become acquainted with the development of Canada, that they are giving special concessions in regard to holidays which are usually rigidly fixed. Lord Lansdale, a famous sporting peer, has promised, if his engagements permit, to go to Toronto and act as judge in the horse section. If he is unable to go, he has undertaken to persuade the Earl of Orkney to take his place. King George has expressed lively interest in the visit of the cadets to Toronto this year, and received Doctor Orr, discussing with him this matter. At His Majesty's request, a full memorandum concerning the work of the Canadian National Exhibition was submitted to him by Doctor Orr. Lord Roberts is also very much interested in the movement of the British boys to Canada. He takes that had been made in other places by not building big enough but these medals did not pay and we must now prepare to spring up in this Canada. "I believe," said Hon. Mr. White, "that the maritime provinces are upon the eve of great development and a great increase in population." He urged the people here to be content with St. John as a port of passage but to build up the industries and look for a greater future for the city. The speaker referred to the great resources of the province and the vast extent of the lands capable of tilling and urged the residents to do all in their power to develop the agricultural resources which were every hand.

Hon. Mr. J. Reid spoke enthusiastically of the necessity of equipping St. John to meet the requirements of the trade, and added that if Mr. White could not find money enough his department would gladly furnish all that would be needed from the surplus of \$30,000,000 which they will have this year. A Wonderful Harbor Hon. Wm. Pugsley was greeted with hearty cheers. Referring to the remarks of previous speakers, who seemed to be content to build up the industries and look for a greater future for the city, he said that it will take from fifteen to eighteen years and the expenditure of a much larger sum of money than has been provided to carry out the plans in full. When the full expenditure of \$30,000,000 has been completed, we will have such a harbor as few have been able to realize. The undertaking will not only be of great value to the transportation interests, but will help greatly in building up the surrounding country. Mr. Fowler and The Roads George W. Fowler, M.P., in the course of his remarks said very emphatically that the roads of the province are in a disgraceful condition and that an expenditure of \$3,000,000 is required to put them in condition. In replying to a toast to the legislature, proposed by W. S. Fisher, Premier Fleming discussed the immigration policy of the government, saying that their chief aim was to keep our own young men here.

Pabst Blue Ribbon The Beer of Quality

A Norder for Pabst's Blue Ribbon Beer carries with it the distinction of quality and good taste. Served with your lunch or dinner, Blue Ribbon lends zest and refreshment most satisfying. Every bottle is worthy of your table.

Bottled only at the brewery in crystal clear bottles, showing at a glance that it is clean and pure.
