**MASQUERADE BALL IN ASSEMBLY SUITE A GREAT SUCCESS**

Some 200 in Attendance, Pretty Costumes, Fine Music and Admirable Management Throughout

As jolly and pleasant an evening as one could ask for was enjoyed by some 200 in Keith's assembly suite last night at the masquerade ball conducted by a very capable committee of young men. It was the first evening of the kind held in St. John in some years, was excellently managed in every particular and was voted a pronounced success.

At 8.30 o'clock the chaplains—Messrs. S. C. Young, Frank I. McCafferty, W. H. Golding, W. H. Holder, Robert B. Pace and W. S. Fairweather—received those attending, this ceremony occupying the better part of an hour. There were dances of colonial days and serious gentlemen of portly appearance and grave demeanor, flower girls, Indian maids, nurses, soldiers brave and naval officers gallant, Pierrots and Rubes and other characters all in appropriate garb and as they filled into the brilliantly lighted and handsomely furnished reception room there was presented a series of varied and pretty groupings pleasing to look upon. Then came the filling in of dance programmes and with the excellent music of Jones' orchestra dancing was begun with the grand march. There was a programme of sixteen numbers with three super extras, unmasking came just before the call to the dining room and this brought all together again in pleasant chat while an excellent menu was enjoyed. It was nearly 2 o'clock when God Save the King announced the time for farewells.

Nothing could have been conducted better, the arrangements were so well made and carried out that one part of the programme followed another with commendable precision and it was seen to that no one was permitted to collect during the hours pleasantly. The music was beyond criticism, the dining hall arrangements were perfect and in the end the department managing committee had done its work well. It was composed of Kenneth F. Bonnell, Percy Kistner, S. C. Young, Geo. W. Brown, Edwin W. Bonnell and W. H. Golding, who was a most energetic secretary.

**THEY CONDEMN THE CO-OPERATIVE BILL**

**Montreal Retail Merchants Association Declare That It Is Dangerous Legislation**

(Montreal Gazette.)

Resolutions condemning the two co-operative bills now before parliament were adopted at the annual meeting of the Retail Merchants' Association held yesterday. These bills which have been introduced at Ottawa for three or four years back were declared to be dangerous legislation for the public. The general objection raised against the bills was that they would permit irresponsible persons to collect money from the working classes under promise that they benefit by being members of a co-operative association, which would in return sell them merchandise at reduced rates, but it was alleged that the history of these bills in England was that they were looked upon as having Socialistic tendencies, was that failure often came to their doors, and subscribers were only found out when they had been duped.

During the discussion it was remarked that the bills were supplementary to each other, one authorizing the collection of funds, and the other the formation of the co-operative societies, but that either of them if adopted would permit the objectionable legislation to become effective. Opposition to the first bill which is sponsored by F. D. Monk, M. P., was to the effect that it provided for no efficient government inspection, that the money could be invested in any manner the committee of management might see fit, that there would be no limit to the number of societies, which can be operated. That any seven persons living in the Dominion might all out a blank form and upon forwarding it to Ottawa may secure the right of incorporating themselves without any cost, and thus start a loan and savings company, limited. These shares are to be one dollar each and a million, or more, might be secured by each society if they so desired.

It was further explained that no guarantee or money deposit was to be placed with the government, and that the whole scheme opened paths to speculative vision over the old established savings bank and loan companies, which were conducted by experienced men.

The second bill objected to was that of Mr. Martin, M. P., for Regina. The first-named bill, it was shown, was for the purpose of securing the money from the people, and the latter bill was to enable them to secure and invest the money in speculative societies, so as to manufacture and do a wholesale and retail business. Practical objection to the second bill was that it was the same plan as the first, but it was provided for organization. The seven promoters could begin business, it was said, in the same way as in the first instance, and could borrow money, and with this money, together with what was secured from the sale of shares, they would be able to manufacture or buy and sell at retail grain, land, timber, paper, coal, produce, cement, dry goods, hardware, jewelry, boots and shoes, etc. No restrictions are mentioned in the bill, it was declared, as to how the business shall be conducted, or how their business shall be inspected by the government.

It was further contended that, to induce the public to deal with them, so-called dividends were offered on their purchases to subscribers ranging from five to twenty-five per cent. In other words, it was the old trading stamp scheme dressed up in new garments. It was further remarked that evidence showed that over eight hundred of these societies have failed in England and Scotland during twenty years and had caused disastrous loss.

The discussion was brought to a close by the expressed wish that the members of the house would do their utmost to throw out both bills, as the interests of the commerce were taken up by the association members.

A long discussion, during which the opposing points were advanced, resolutions were adopted condemning the two bills now before the dominion parliament.

**ROOM FOR MORE.**

"But," protested Willie, "he means to keep them always."

"Oh, I guess not."

### MORNING LOCALS

Rev. J. G. Shearer, general secretary of moral and social reform and evangelism for the Presbyterian church in Canada, was in the city yesterday. While here he held a conference with the members of the synod committee on these branches of church work. Rev. W. H. Smith, of Fredericton, the convener, was in the chair. The other members are Rev. Gordon Dickie, Rev. A. A. Graham, Rev. David Lang, Rev. L. B. Gibson, St. Stephen, and Rev. G. McArthur, Newcastle. Rev. Mr. Dickie said last night that nothing of any importance was transacted as they were merely getting their work in shape for the meeting of the General Assembly.

It was said by station officials yesterday that Hattie LeBlanc, of Cape Breton, and her father, had alighted from the Halifax train yesterday morning, but whether or not they are still in the city is unknown. They left for Reed's point, evidently to take the Boston boat for that city, but the boat will not sail till tomorrow.

J. S. A. McKay, of Ottawa, reached the city yesterday to temporarily fill the position of paymaster in the customs house, vacated by the death of Joseph Erving. John Hayes' head was badly cut yesterday when he fell from his wagon in Main street.

Joseph Guthrie, serving a term for vagrancy, made a successful break from the chain gang yesterday.

Friends of Miss Ethel Stirling surprised her at her home in the evening. She will be East St. John last evening. She will be one of the June brides this year.

The Philanthropic Society's street Baptist church last night gave a fine concert, consisting of choruses, readings, dialogues, etc., in the evening. Misses Coggins and McKay gave readings.

Additional to the fleet of automobiles in St. John this spring will be machines for H. P. Hayward, T. H. Estabrooks and Norman Rogers.

A concert in St. Philip's church last night was well attended. The programme was pleasing and each number was enjoyed.

Representatives from the Canadian Clubs and Loyalist Society and LaTour Daughters of the Empire met yesterday afternoon to discuss celebrating Loyalist Day. Another meeting will be held next Thursday.

The Church of England Institute tea and sale in Trinity Church yesterday afternoon was a great success. The attendance was large and the tables and booths were well patronized.

D. R. Jack read a paper on Russian Art at the monthly meeting of the St. John Art Club last night. The paper was very interesting. Mrs. Gordon Dickie played two piano solos and Miss Steeves of Fredericton sang two solos. Several water colors by F. H. C. Miles were placed on exhibition and were greatly admired.

The annual meeting of the Chief Constables' Association of Canada will take place in Ottawa on June 27, 28 and 29. Chief Clark is president.

### Her Face and Body Were Littered Covered With "BOILS."

### Burdock Blood Bitters Cured Them.

Mrs. John H. King, St. John, N.B., writes: "Last winter I was very much troubled with boils, and my face and body were literally covered with them. A friend advised me to take Burdock Blood Bitters. I got a bottle and before long I had taken the first one my boils began to go away. I had just taken a few more out of the last one when they all disappeared. My husband has also used Burdock Blood Bitters with much benefit."

Boils in themselves are not a dangerous trouble, but still, at the same time, are very painful. They are caused entirely by bad blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing to equal that old and tried remedy, Burdock Blood Bitters. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
