Halifax is to play here about the end of the month and later on the St. John team is to go to Woodstock.

The spoon match shot in e with the foregoing was won by:

Champion of Canada.

Ottawa, July 9—Charlie Murray, professional of the Royal Montreal Club, is the new open golf champion of Canada. The third and fourth rounds of the 72 hole play, which decided the honors and in which twenty-two of the finest professional players in the dominion participated, closed at the Ottawa links Saturday. Murray, who had turned in a card of 151 the previous day, doing the third round in 84 and the last in 79, thus acquiring for the 72 holes a grand total of 314. Davie Black, the great little player from the River Mest Club, proved a big surprise of the demaking the last round in the remark. The last round in the remarker of lambton, took third with 318, while Karl Keffer, Ottawa, and George Cummin, Toronto, tied for fourth with 321.

easily cut three crops and then have sufficient growth to protect his roots from the frost. With an equal production for the remaining two cuts this will mean a production of nearly 11 tons to the acre or to be exact 21,840 pounds. This is a yield that will make most farmers sit up and think but the result is still more marvelous when measured in dollars and cents. The value of 11 tons of alfalfa, reckoning mill feed as worth \$28 per ton, is \$228.80.

That is what Mr. Seeley is producing, in comparison with the production of considerably less than two tons of hay from the average acre in Kings county. Why just stop and consider what the increase in production means? A dairy farmer with 20 acres of such alfalfa would be one of the best fixed men in New Brunswick.

If alfalfa can be grown on anything like the scale that has been reached by Mr. Seeley, the province has the west beaten for miles. The production of this wonderful plant is one of the most important questions before the farmers of this section of Canada. It may take some time to get the results that are desirable and it may call for a little more exertion and care to to grow alfalfa successfully but the prize is well worth striving for and Mr. Seeley has grow alfalfa successfully but the prize well worth strivng for and Mr. Seeley ha set a pace that should be followed.

amusements in St. John The condition of the wind made scoring very difficult on Saturday and the absence of several good men lowered the total in the three league match fired by the 62nd Fusiliers Rifle Club. The following are the results:

THE UNIQUE

The mangement of the Unique do not hesitate, when introducing Miss Betty Donn to their patrons, in placing her at the head of a long list of successful vocalists. She is a lyric soprano with a range a below c to f, above high c, and with a charming personality. The little lady has a charming personality. The little lady has a extensive repertoire and during her stay will be heard in popular as well as the dear old melodies. She will make her first appearance this afterpoon. An exceptionally atrong picture programme is also worthy of mention. First there will be a Tanhouser drama, "The Step-Mother." It is a thie of a good step-mother. The children didn't give her the right chance at first, but she won them over in a most unexpected hanner. Next will come the Weekly Review of happenings in Europe, and to crown the bill the Powers' Company, will offer an Indian drama in five acts, entitled, "Ogallilah," which will illustrate the Indian characteristics as they are commonly understood.
