

RAISING SALE

family outfitting sale ever held in this city. It's forced one -- occasioned by uncontrollable circumstances of \$40,500 on March 15. It's a case of raise in absolute impossibility. The only means in our sale and it means in one way a stupendous loss upon the market at prices that absolutely elude, and the amount of merchandise a few dollars will compel the most frugal thrifty minded person we are making to get absolute possession of built into public esteem and known to discriminate as the Greatest Bargain Centre in the West.

Men's Suits

VALUES TO \$25.00

These are specially tailored garments from neat patterned tweeds and worsteds that are distinctly stylish. At practically half their regular pricing they will move real quick.

We Fully Realize

the stupendous task we face. It means that upon each and every day of this sale we must sell \$2,500 worth of merchandise -- and only by giving out-of-the-ordinary values will we accomplish our goal. It means a gigantic sacrifice of new spring goods, which means a direct loss to us, but we will be compensated by holding possession of these valuable premises.
