

THE GRANITE TOWN GREENS

LOCAL AND SPECIAL

The New Brunswick Legislature is called to meet Feb. 17th.

Members of Red Granite Division will pay a fraternal visit to Second Falls division in the near future.

The Dairy School at Sussex will open this year about the middle of March.

Rev. H. I. Lynds and family are occupying the Frauley place as temporary place of abode.

If any of our outside subscribers have any news please send it in and we will publish it. Any items of interest given us will be appreciated.

The Stmr. Connors Bros. succeeded in coming all the way up the river to the wharf and arrived here on Tuesday morning with freight for our merchants.

The provincial government has appointed Mr. A. G. Turney, at present employed by the Ontario government at Simcoe, Ontario, to fill the position of provincial horticulturist.

The property at the corner of Main and South streets, Calais, owned by the late E. C. Young, has been purchased by local parties and will be fitted up as a hospital on the St. Croix, one each in Calais, St. Stephen and Milltown, N. B.

The result of the elections in England thus far is as follows:—  
Unionists 2,565,627  
Liberals 2,324,315 and  
Laborites 133,803, which would give the Liberals and Laborites a total of 2,477,118 and a majority of 187,516 out of a total vote of 5,043,745. The voting on the remaining 102 seats will decide the fate of the administration.

The Thistles of St. Stephen are seeking the aid of the citizens of that town for the erection of a rink. It is proposed to expend eight thousand dollars on the building. \$5,000 is to be used for bowling alleys. The prospects are bright for the success of the undertaking. The organization has developed a large number of champions in athletic sports in the past and the old hockey team brought fame to St. Stephen and Charlotte Co.

The St. George Debating Club on Jan. 10th, debated the question:—Resolved that war is unjustifiable under any circumstances. The leaders Mr. Seelye for the affirmative and Mr. Lawrence for the negative led their followers in a rather close debate. The judge Mr. Lord ruled in favor of the negative side. On Jan. 17th, a very interesting impromptu debate was held to discuss the question propounded by Judge McKenzie:—Resolved, that human happiness is promoted by the increase of wealth and luxury. The leaders were A. C. Toy, affirmative, and Mayor McGee, negative. The decision went to the affirmative. Several of the speeches were very excellent.

Two new senators from Nova Scotia have been appointed. Hon. Edward M. Ferrell, speaker of the Nova Scotia assembly, is a son of Patrick Ferrell, who is a native of Newcastle, N. B. Mr. Ferrell was himself born at Liverpool, N. S. in 1855, and is therefore 55 years old. He is a publisher and printer, and has been in the house of assembly since 1896. He has been speaker since 1905. Mr. Wm. Roche, who has been appointed to the senate, is of Loyalist descent, and a native of Halifax. He is 67 years old, was a member of Nova Scotia legislature from 1896 till 1899, and of the Canadian parliament from 1900 until the last general elections. He is a leading merchant of Halifax.

H. Price Webber and Company arrived on Monday for a four night engagement and was greeted by a well-filled house in Court's hall, Monday night. The play, "The Wife's Revenge," was given in the first-class manner that has become associated with Mr. Webber's excellent reputation. Miss Grey was heartily welcomed on her appearance, and gave a fine rendition of her character, which was a very difficult one. Her costumes were beautiful. All the company were well-up in their characters, especially Messrs. Fleming, Hayden and Palazzo and Misses Butler and Bishop. The genial manager was very funny in his role, and as usual gave some original local hits, and they were received with great approval by the audience. Last night "A Southern Romance," was played, and to-night the new and interesting comedy, "A Woman's Heart" will be given and the company will make their last appearance on Thursday, with another good attraction.

LOCAL AND SPECIAL

The Stmr. Viking is expected to arrive here on Thursday.

The situation at Glace Bay, C.B.N. seems to grow more serious, with no signs of a settlement. On Monday the striking were fired upon by the police and one man was shot. Another encounter followed and there were many injuries on both sides. It is considered as the worst strike in the history of Nova Scotia.

Clergymen in St. Stephen are agitating the repeal of the Scott Act, at least three prominent ministers have lost faith in the law and in the interests of temperance, advocate the adoption of the New Brunswick local option act. The trouble is not in the Scott Act itself but in the difficulty in finding citizens willing to enforce it. Local option is enforced by provincial officers.

The Moncton Transcript says: "The Richmond Review has changed hands, and in the future the editor and manager will be Mr. Lynott, who has been running the Granite Town Greetings, St. George, N. B. Mr. George A. Hutchinson, barrister, who has been devoting a portion of his time as manager of the Review, has severed his connection with the paper and in future will give all his time to practice of his profession."

The local paper is the most effective advertising medium through which to combat the mail order houses. Yet the local business men sometimes fail to utilize its columns. In some cases the home paper is even obliged to accept contracts from the mail order houses to make up for advertising which should come from local sources. One of the best advertising mediums is "Greetings."

As far as can be learned, the Cumberland Railway and Coal Co. at Springhill, N. S. have fully decided not to open up any negotiations with their striking employees. It is also evident that the Company intend to resume operations as soon as possible. No matter whether one's sympathy is with men or management no one can fail to admire the loyalty of the officials to the Company. Over five months ago they left their comfortable offices, laid aside their ordinary wearing apparel and donned miner's clothes and began heavy manual work to which they were totally unaccustomed. For five months they received no extra remuneration and continued work with no complaint. After securing sufficient foreigners to afford them relief at the fire doors and around the bank heads, they then went into the mines and began coal cutting. It is rumored that their strength has been augmented by a limited number of skilled miners. Be that as it may, the fact remains that the Company have been able to bring coal to the surface. It has been learned from one of the officials that if the strike is continued the allowance to the men is barely sufficient to keep body and soul together, and if it comes to a termination, only a limited number of hands can be given employment. The condition of the town of Springhill is the question which we are discussing, and whether the strike is justifiable or is not. We take no side with the Company, nor do we side with the men as there are many strong points of grievance on both sides.

St. Stephen, N. B., Jan. 24.—Nominations for town officials took place here tonight at 6 o'clock. W. A. Dinmore was nominated mayor and as there was no other candidate Town Clerk James Vro declared him elected. The new mayor has sat at the council board for ten years and has become thoroughly familiar with town affairs and will no doubt prove himself an efficient officer.

Mayor Grimmer has served the town faithfully and well and many citizens would have been pleased to have him serve the town a second term.

The councillors for Dukes ward were Councillor J. R. Sederquest and as they were unopposed they were declared elected.

There will be a three-concerned fight in Kings and Queens wards.

The Kings ward candidate are councillor J. T. Whitlock, J. P. Wry and George H. Budd.

Queens ward candidates are S. B. Mills, Eugene Thornton and Edward DeVot. The assessors were returned unopposed Queens ward, J. E. Douglas; Kings ward Thos. McGeachy; Dukes ward, Harry L. Wall.

Word was received here to-day announcing the death of Ira Lee Wanamaker at Claresholm, Alberta. Mr. Wanamaker was a native of Apolauqui, Kings county and was connected with the Bank of Nova Scotia here and elsewhere for a number of years. Five years ago he married Miss Mercy Murray, of this town, and moved to Claresholm, Alberta, where they have since resided. Mr. Wanamaker has been conducting a successful agricultural business. A few months ago he was forced to go to Lethbridge Hospital for an operation turned to his home when he gradually became weaker and passed away. He leaves a widow, father, brother and sister all in Claresholm.—Telegraph.
