

THE GREATEST Medical Discovery, OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR

from the worst scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of pimples on the face. Two or three bottles will clear the system of humors.

Two bottles are warranted to cure the worst case of erysipelas. One to two bottles are warranted to cure all humor in the eyes. Two bottles are warranted to cure running of the ears and blotches on the hair.

Four to six bottles are warranted to cure scrofula and running ulcers. One bottle will cure scaly eruptions on the skin. Two or three bottles are warranted to cure the worst case of ringworm.

Two or three bottles are warranted to cure the most severe case of rheumatism. Three or four bottles are warranted to cure the salt rheum. Five to eight bottles are warranted to cure the worst case of scrofula.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken. Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure is water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself.

There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1841. Second, that it should cure all kinds of humor in order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Scrofula, or King's Evil

is a constitutional disease, a corruption of blood, by which this fluid becomes very weak, and poor. Being in the circulation pervades the whole body, and may burst in disease on any part of it. No organ is not destroyed. The scrofulous taint is caused by mercurial disease, low living, and filthy habits, the depressing virus, ordered or unhealthful food, impure air, above all, by the venereal infection.

Its effects commence by deposition of blood of corrupt or ulcerous matter, in the lungs, liver, and internal organs, the surface, eruptions, or sores. This eruption, which renders in the blood, the energies of life, so that scrofulous eruptions not only suffer from scrofulous complaints, but they have far less power to stand the attacks of other diseases; frequently, vast numbers perish by them, which, although not scrofulous in themselves, are still rendered fatal by this taint.

One quarter of all our people are scrofulous, and their health is undermined. To cleanse it from the system we must use the blood by a healthy food and such a medicine we supply in
