## Hotter the Weather Bigger the Proof.

Bigger the Proof. As the weather grows warm, the sale of James Pyle's Pearline Washing Compound rapidly increases. This proves that many women recognize the fact that PEARLINE makes the fact that PEARLINE makes assime than when done with the ordin-ary means. Proves also that summer clothing, being of delicate texture and color, will not stand the rough usage necessary when washed with the rubbing, lessens the wear and tear and fills a very important place. Delightful for bathing in fresh or salt. water. Its ingredients render it harmless to the most delicate skin. Especially during the hot weather it is to your advantage to use PEARL-INE, and only humane to supply your servants with the tub lighten their labors; besides you insure much better results. Beware of imitations. JAMES PVLE, New York.
