

U. S. SENDING "VERY VIGOROUS" PROTEST TO BRITAIN

VISITORS TO M.T.A. FIND MANY FEATURES TO DELIGHT THEM

Closing Exercises of the Academy and Ladies' College Yesterday Drew Large Attendance and the Programmes Proved Well up to High Standard of Other Years.

Special to The Standard.
Sackville, May 15.—The closing exercises of Mount Allison Academy this afternoon were held in Fawcett Hall where a large audience assembled. The different numbers were successfully carried out.

Matriculants—Armstrong, W. E., Wawel, N. B.; Black, Raymond W., Upper Dorchester, N. B.; Bolea, Albert, Sackville, N. B.; Boyd, Frank S., John, N. B.; Bradley, George T., Durham Bridge, N. B.; Carruthers, Vivian H., Grand Falls, N. B.; Ellis, Shirley A., St. John, N. B.; Ewing, Merton R., Aylesford, N. B.; Fenderson, Roy, Jacques River, N. B.; Leard, W. R., Alberton, P. E. I.; McCoy, Ritchie, Halifax, N. S.; McLoughlan, Kenneth N., Hamiton, Bermuda; Provas, Hubert, Gloucester, N. B.; Pyle, Edward M., Hopewell Cape, N. B.; Randle, John B., New-Castle, N. B.; Robertson, Chas. F., North Sydney, O. B.; Taylor, Austin, Salisbury, N. B.; Winsor, W. A., West-leyville, N. B.

Probationers—Carow, Bruce, Hunter River, P. E. I.; Rennie, Reginald L., Annapolis Royal, N. S.

Graduates in Bookkeeping, etc.—Aubin, Alfred J., Little River East, Que.; Black, Marion F., Oxford, N. S.; Boyle, Percy E., Five Islands, N. B.; Fillmore, Hazel, Sackville, N. B.; Kean, Baxter W., Brookfield, N. B.; Milner, Chas. R., Sackville, N. B.; Snowdon, Rupert E., Wood Point, N. B.; Sullivan, C. Wallace, Sackville, N. B.; Whiteside, J. B., Sackville, N. B.

Graduates in Penmanship—Aubin, Alfred J., Little River East, Que.; Black, Marion F., Oxford, N. S.; Ugarite, Robert B., New York, N. Y.; Whiteside, Julia, Bayfield, N. B.

Graduates inorthand and Typewriting—Bulmer, Mary, Westmorland Point, N. B.; Bagley, Edith, St. John, N. B.; Fillmore, Edith, Sackville, N. B.; Lewis, Fannie, Yarmouth, N. S.; Lutes, Beatrice, Sussex, N. B.; McKnight, Marion, Douglaston, N. B.; Kelly, Doris, Kingston, N. S.; Palmer, Gladys, Sackville, N. B.; Rafuse, Violet, Conqueror Bank, N. S.; Smith, Beesie, Parrsboro, N. S.; Smith, Lucy, Sackville, N. B.; Spence, Edith, Sackville, N. B.; Sutherland, Victoria, Lockport, N. S.

Dr. Palmer in his report stated that the present graduating class was the largest in the history of the school and that the standard of their work comes from having some of their important subjects in the classes of the University professors. In addition to all that, they enjoy inestimable social and cultural advantages which are attendant upon life in such an outstanding institution as our Ladies' College.

Oratory.
The three young ladies who have completed the course in oratory can congratulate themselves on mastering one of the most pleasing arts of our course. The young lady who has acquired the rare historical skill by which she can enter into the thought, feeling and personality of different characters in rapid succession has acquired a power that argues a high degree of cultural balance and adaptability.

Fine Arts.
The graduates in fine arts this year have chosen largely the technical courses which would place them in line with the spirit of the war age, which demands the production of all things useful as well as artistic. Our friends will notice that this as well as all our courses demands a high degree of that kind of mental development which gives a student the power to originate and create. As much as possible our students of fine arts are encouraged to originate their own designs and thus acquire the power to think intellectually and consecutively.

Music.
Some of the graduates in music have already given samples of their rare musical attainments. The Mount Allison Conservatory has had a long succession of exceptionally able teachers of musical appreciation and performance. This department of our Ladies' College work has always been the most popular and attractive of the college offerings to the public.

The young ladies who have obtained proficiency in this splendid art have possessed themselves of a rare accomplishment, in being able to minister to the needs of mortals and the living human sorrow. "For the dear soul knew that Music was a very sovereign balm. She had sprinkled it over sorrow and had seen its brow grow calm. May the dear Master bless you all, as you go out into the varied activities of life to carry blessing and balm and inspiration and healing wherever you go."

LADIES' COLLEGE REPORT—1916.
The report for the year delivered by Dr. Borden was as follows: Ladies and Gentlemen, Fellow Students: As I find myself once more on this platform at a Ladies' College closing, I feel something as a modern might who has suffered a reversal to some earlier type. Thirty-one years is a long time to look forward to, but it is not, however, such a desolating matter in retrospect. At an anniversary thirty-one years ago reported 60 students in residence. We had then

NEWICE BREAKER IS CHRISTENED THE J. D. HAZEN

Two Thousand Witness Launching of Steamer Yesterday at Montreal—Second Largest of Kind in World.

Montreal, May 15.—Christened by Lady Borden, the "J. D. Hazen," the million dollar government ice-breaker built by the Canadian Vickers Ltd., gracefully slid into the St. Lawrence at 2.30 this afternoon in the presence of 2,000 invited guests, including the Premier, Sir Robert Borden and the Minister of Justice, Hon. C. J. Doherty. A feature of the speech-making which took place at a luncheon served in the Canadian Vickers Company in the moulding room, was the expression of the president, Mr. F. Orr, Lewis, of the hope that the Dominion should become a great ship-building nation, and Sir Robert Borden's follow-up to the effect that he saw the national resources of the Allies and the central empires, as well as between the two great nations, had surpassed not only the expectations of her people, but of the world outside.

The "J. D. Hazen" is 292 feet in length, 57 feet, 6 inches in breadth, and has 8,000 horsepower. It is said to be the second largest ice-breaker in the world.

NEGRO LAD WHO KILLED WOMAN BURNED AT STAKE

Taken from Court Room and Burned to Death in Public Square of Texas Town.

Wayco, Texas, May 15.—With fifteen thousand persons as witnesses, including women and children, Jesse James, a negro boy, who was convicted to the criminal assaulting and murder of Mrs. Lucy Fryar, seven miles south of here last Monday afternoon, was taken from the fifth district court-room shortly before noon today and burned to death on the public square.

CANADA AT MERCY OF ENEMY.

In "The Battle Cry of Peace," the greatest of all wars, which will be presented at the Imperial Theatre shortly, the United States is shown in the position of Belgium—at the mercy of an immensely stronger power, which has declared unprovoked war against her, which has defeated the United States navy and landed its army, and advances on New York. The capital is shelled. The army, outnumbered, makes a vain stand against incomparably superior artillery. Finally, the United States beaten to her knees, is forced to sue for peace on any terms. Shells are seen falling in the crowded streets of New York, civilians victims of machine guns, American women compelled to self-destruction. This is what happened in Belgium. And the "Rutlandians," the nation with which the United States is supposed in the photo-play to be contending, appear to have adopted, with a modified German helmet, the full German moral code.

Violin duet, Midnight and Serenade Godard
Mr. Hetherington and Mr. Whitney.
Song, Salut d'amour Elgar
Miss Susie Gordon, Boston.
Piano solo, Fantasia-impromptu Chopin
Miss Edith McQueen.
Reading, Gardeners Both. Marion Hill

REPOSE TEA "is good tea"

SPLIT BETWEEN THE RUSSIAN AND GERMAN RED CROSS

Over Refusal of Germany to Express Regret for Sinking Russian Hospital Ship in Black Sea.

Stockholm, via London, May 15.—According to the Dagbla Nyheter the Red Cross conference resulted in a complete rupture between the German and Russian Red Cross, owing to the refusal of Germany to express regret for the sinking of the Russian hospital ship Portugal.
Turkey admitted last month that a Turkish submarine had sunk the Portugal in the Black Sea. The vessel, according to the report, was steering toward a landing place, heavily laden, and towing several loaded punts in which there were numerous persons. The commander and other officers of the submarine, the statement added, "were justified in believing the ship was a transport, which was on the way to land troops and supplies."
A despatch from London, April 22, said Prince Charles of Sweden had telegraphed the Russian Red Cross that regret had been expressed by the Red Cross of both Austria and Germany over the sinking of the Portugal. The Russian Red Cross previously had decided to sever direct relations with the Austrian and German Red Cross, in the absence of protests from Germany concerning the Portugal, the despatch added, and representatives of the Russian Red Cross had sent a telegram to Prince Charles, announcing the cancellation of the mandates to Russian delegates to the meeting of the International Red Cross at Stockholm and asking the prince to act as intermediary in ascertaining the views of Germany and Austria regarding the Portugal incident.

THE OCEAN LIMITED TO RUN EVERY DAY

Changes in the I. C. R. Time Table Will be in the Nature of Distinct Improvements.

The Ocean Limited made its first run of the season on Sunday last from Halifax. It leaves Halifax at 8 a. m. and Moncton at 2.30 p. m., daily, going north. The only connection at present from St. John is by the 7.10 a. m. train, which does not run on Sunday.
Last summer a train left here at 11.20 a. m., connecting with the Limited and was run as late as possible last winter, but it had to be withdrawn on account of the military movements over the road last winter. Prospects are bright for the restoration of this train at an early date as Mr. Guellet has said that when the new time table goes into effect on June 11 a daily service will be maintained between St. John, Halifax and Winnipeg. This is a broad new service and has been made possible by the government taking over the National Transcontinental Railway and operating it as a part of the government system of railways.

BAZAAR IN NEW YORK TO HELP RELIEF FUND OF ENTENTE ALLIES

New York, May 15.—A cable message from Sir Edward Grey, minister of foreign affairs for Great Britain, wishing success to the bazaar to be held here from June 3 to 14 for the benefit of the relief fund of the Entente Allies, was received today by the National Allied Relief Committee which, with the war relief clearing house and the committee for relief in Belgium, will conduct the affair.

BREAD IS THE "STAFF OF LIFE." BREAD MADE FROM PURITY FLOUR IS THE REAL "STAFF OF LIFE."

PURITY FLOUR
More Bread and Better Bread

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fats, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing of making them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable preparation is called Sargol. Six strength-giving, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.
A few weeks' systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. If not, every druggist who sells it is authorized to return the purchase price. Increased nourishment is obtained from the food eaten, and the additional fats that this people need are thus provided. If you find a druggist who is unable to supply you, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine street, Montreal, and a complete ten days' treatment will be sent you postpaid, in plain wrapper.
While this new preparation has from reports given splendid results as a nerve-tonic and vitality, its use is not recommended to nervous people unless they wish to gain at least ten pounds of flesh.

U. S. PROTEST OVER HOLDING UP OF MAILS

Note to British Govt. Will Say That Detention of Mails to and from United States Can No Longer be Countenanced.

Washington, May 15.—The American government is preparing a protest, characterized by officials as "very vigorous," against the interference with mails to and from the United States by Great Britain. A note, which will be sent to the British government, will take the position that the United States can no longer countenance seizure and detention of mails to and from the United States, particularly those concerning neutrals.
The American government is preparing a protest, characterized by officials as "very vigorous," against the interference with mails to and from the United States by Great Britain. A note, which will be sent to the British government, will take the position that the United States can no longer countenance seizure and detention of mails to and from the United States, particularly those concerning neutrals.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which, if not eliminated, then sucked into the blood through the very ducts which are intended to send in only nourishment to sustain the body.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

To People Who Are Under Normal Weight

Good Advice For Thin, Undeveloped Men and Women Who Want To Put on Flesh.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fats, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing of making them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable preparation is called Sargol. Six strength-giving, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.
