DAYLIGHT  
SAVING LAW  
IS REPEALED

City Solicitor Advises That  
Council Has no Jurisdiction  
and Motion to Repeal Car-  
ries

The Common Council yesterday re-  
pealed the by-law setting ahead the  
hands of the clock one hour during  
the months of May, June, July and  
August, and St. John will this sum-  
mer have the same time as the rest of  
the province. The city solicitor ad-  
vised that the council had not the  
power to alter the time for the general  
public, although they could fix the  
time for their own employees to work  
by. Coupled with the motion to repeal  
the by-law was a resolution to appeal  
to the Dominion government to make  
daylight saving general throughout the  
Dominion.

Mayor Hayes presided and those  
present were Commissioners Wig-  
more Russell and Fisher.

A communication from Patrick Mc-  
Hale, who has been in the employ of  
the public works department for 27  
years as teamster, for full pay while  
absent through illness was referred to  
the commission of the department.

The common clerk read the opinion  
of the city solicitor in regard to the  
legality of a plebiscite on the daylight  
saving matter. He said: "The time of  
the 60th meridian was fixed law for  
use here and the city had no authority  
to make any other time legal."

While there might be no objection  
to the council securing the opinion of  
the citizens in this way it would have  
no legal effect as the city had no ju-  
risdiction in the matter.

Commissioner Wigmore said in view  
of the legal opinion it was no use to  
take a plebiscite and moved that the  
by-law be repealed.

Commissioner Fisher, in seconding  
the motion, asked that it be amended  
by a provision calling for memorializ-  
ing the Dominion government to make  
daylight saving general over the  
country and this was accepted by the  
mover.

Commissioner Russell favored the  
motion under the circumstances and  
Mayor Hayes said he did not see how  
the council could take any other ac-  
tion. He had been in touch with Com-  
missioner McLellan and the commis-  
sioner was in accord with their ac-  
tion. The motion carried.

The bill providing for the repeal of  
the daylight saving by-law was given  
its first, second and final reading and  
adopted, and the common clerk in-  
structed to forward to the Dominion  
and provincial governments mem-  
orials announcing the approval of the  
citizens of St. John to daylight saving  
if made Dominion wide.

## THE TEAMSTERS PETITION.

A number of team owners assembled  
in Clayton's Hall last night and fur-  
ther discussed the matter of increased  
rates for single and double teams.

The following petition is being  
signed by the boss teamsters of St.  
John, and is to be presented to the  
council shortly:

To His Worship the Mayor and  
Commissioners:

Owing to the high cost of living, and  
the price of food at present time, the  
undersigned team owners have decided  
to ask you to increase wages of double  
teams from \$5.00 to \$6.00 per day,  
and single teams at \$4.00 per day.

Trusting you will see your way clear  
to grant this request, we remain,  
Yours truly,  
St. John Team Owners.

Was Troubled With  
Shortness of Breath

When the heart becomes affected  
there ensues a feeling of a choking  
sensation, a shortness of breath, pal-  
pitation, throbbing, irregular beating,  
smothering sensation, dizziness, and  
a weak, sinking, all-over feeling of op-  
pression and anxiety.

The nerves become unstrung, you  
dread to be alone, have a horror of  
society, start at the least noise and  
are generally fatigued.

On the first sign of the heart be-  
coming weakened or the nerves un-  
strung, Milburn's Heart and Nerve  
Pills should be taken. They are just  
what you require at this time. They  
regulate and stimulate the heart, and  
strengthen and restore the whole  
nervous system.

Mrs. C. M. Cormier, Bucoche,  
N. B., writes: "Since two years ago I  
was troubled with a shortness of  
breath, and sometimes I could hardly  
breathe. I went to see several doc-  
tors, and they said it was from my  
heart and nerves, but they did not  
seem to do me any good. One day I  
got one of your B.H.B. Almanacs and  
read of a case similar to mine.

"I bought a box of Milburn's Heart  
and Nerve Pills, and after taking it I  
collected such a change that I kept on  
taking them until I had used four  
more boxes, when I was cured."

Milburn's Heart and Nerve Pills  
are 50c. a box, three boxes for \$1.25,  
at all dealers or mailed direct on re-  
ceipt of price by The T. Milburn Co.,  
Limited, Toronto, Ont.

ported as Having Been  
Wounded During Fighting

Pte. L. S. Fairweather.

Mrs. Annie Davidson received a tel-  
egram yesterday morning informing  
her that her son, Pte. Leonard S. Fair-  
weather had been admitted to No. 3  
Stationary Hospital in Wimereux on  
April 10 suffering from a gunshot  
wound in the back. He was with a  
Canadian infantry unit at the front for  
the last six months. Prior to donning  
khaki he conducted a grocery store in  
Brussels street and had also branched  
out in the coal and wood business.

Pte. J. H. Donnelly.

That Pte. James H. Donnelly has  
been admitted to Colchester Hospital  
on April 20 suffering from a lacerated  
hand was the word which his wife re-  
ceived yesterday morning at her home,  
53 Commercial street. The telegram  
did not give particulars. Pte. Don-  
nelly was attached to a well known  
New Brunswick battalion at the front,  
having been transferred from a unit  
which left here last year.

Pte. J. A. Ewart.

Mrs. Zetta Ewart of 65 Guilford St.,  
West St. John, has received an official  
announcement from Ottawa on April  
21, that Pte. James Alexander Ewart,

unit, had been admitted on April 13 to  
No. 3 General Hospital, Boulogne, suf-  
fering from gunshot wounds, multiple.

fantry battalion and later went with a  
draft to France.

Stomach Troubles  
Due To Acidity

So Says New York Physician.

So-called stomach troubles, such as  
indigestion, wind, stomach-ache and  
inability to retain food, are in prob-  
ably nine cases out of ten simply evi-  
dence that fermentation is taking  
place in the food contents of the  
stomach causing the formation of gas  
and acids. Wind distends the stomach  
and causes that full, oppressive feel-  
ing sometimes known as heartburn,  
while the acid irritates and inflames  
the delicate lining of the stomach.

The trouble lies entirely in the ex-  
cessive secretion of acid and the fer-  
mentation of food. Such fermentation  
is unnatural, and may involve harm-  
ful consequences if not corrected. To  
stop or prevent fermentation of food  
contents of the stomach and to neu-  
tralize the acid, and render it bland  
and harmless, a teaspoonful of bis-  
muth magnesia, perhaps the best and  
most effective corrector of acid stom-  
ach known, should be taken in a  
quarter of a glass of hot or cold water  
immediately after eating, or when-  
ever wind or acidity is felt. This  
stops the fermentation, and gets rid  
of the acidity in a few moments.

Fermentation, wind and acidity are  
unnecessary. Stop or prevent them  
by the use of a proper anti-acid, such  
as bismuth magnesia, which can be  
obtained from any druggist and thus  
enable the stomach to do its work  
properly without being hindered by  
gas and excessive acids.

PLENTY OF LABOR;  
SCARCITY OF MEN

With a large number of ships in the  
harbor at the present time, it is said  
that stevedores are finding some diffi-  
culty in procuring a required number  
of longshoremen to perform the work,  
especially when there is a rush on.

A large number of men are needed  
daily, and it is said, that while there  
was plenty of help during the winter  
months, the arrival of spring is the  
cause of the present scarcity. The  
reason given is that as soon as the  
saw mills and fishing season com-  
menced, many of the men who have  
been working "longshore" since last  
fall, have resigned from the latter  
work and have taken up their posi-  
tions in the mill or fishing boat,  
which gives them steady employment  
during the summer months. As a rule  
the work on ships is rather slack when  
the winter port season finishes, and  
the ships proceed up the St. Lawrence  
for the summer trade, and just as soon  
as spring arrives the men depart,  
and the latter are among those to  
return to their regular summer em-  
ployment.

## ENJOYABLE SMOKER

AT K. O. C. ROOMS

Knights Entertain in Honor  
of Visiting Brothers of the  
Order—Eloquent Address  
of District Deputy Mead

Upwards of 200 members were in  
attendance at the smoker of the  
Knights of Columbus in their rooms,  
Cobourg street last evening. Grand  
Knight Dr. W. P. Broderick occupied  
the chair and made a brief address,  
extending a fitting welcome to the  
visiting Knights who came to the city  
to attend the exemplification of the  
third degree on Wednesday evening.

The outstanding feature of last  
evening's smoker was the address of  
District Deputy Mead of Massachusetts.  
He expressed his appreciation  
to the officers and members of the  
local council for their hospitality,  
and referred to the advancement of  
the order. Dr. Ahern, whose father  
was in the city 25 years ago, also  
made a happy address, while Wm. T.  
Canniff, D. E. Murphy, John J. Mc-  
Carthy, M. J. Gallagher, Conrad Gal-  
lagher, T. Kennedy, members of the  
visiting team spoke briefly. Pass  
Grand Knight W. J. Mahoney, Dr. S.  
H. McDonald, Charles A. Owens, Dis-  
trict Deputy M. T. Coholan, and  
Messrs. Green and O'Neill were among  
the other speakers.

Humorous songs by Daniel Murphy  
were greatly enjoyed, while the coun-  
cil's orchestra furnished delightful  
music. After refreshments had been  
enjoyed the smoker was closed with  
the singing of God save the King and  
the National Anthem of the United  
States.

Yesterday morning the visiting  
Knights were the guests of the local  
council at an automobile drive. The  
party went as far as Ben Lomond and  
took dinner at Barker's.

ACID IN STOMACH  
SOURS THE FOOD

Says Experts of Hydrochloric  
Acid is Cause of Indigestion.

A well known authority states that  
stomach trouble and indigestion is  
nearly always due to acidity—acid  
stomach—and not, as most folks be-  
lieve, from a lack of digestive juices.  
He states that an excess of hydro-  
chloric acid in the stomach retards  
digestion and starts food fermentation,  
then our meals sour like garbage  
in a can, forming acid fluids and  
gases which inflate the stomach like  
a toy balloon. We then get that  
heavy, lumpy feeling in the chest, we  
cruciate sour food, belch gas, or have  
heartburn, flatulence, waterbrash, or  
nausea.

He tells us to lay aside all digestive  
aids and instead, get from any phar-  
macy four ounces of Jad Salts and  
take a tablespoonful in a glass of  
water before breakfast while it is ef-  
fervescent, and furthermore, to con-  
tinue this for one week. While relief  
follows the first dose, it is important  
to neutralize the acidity, reduce the  
acid-making mass, start the liver, stim-  
ulate the kidneys and thus promote a  
free flow of pure digestive juices.

Jad Salts is inexpensive and is made  
from the acid of grapes and lemon  
juice, combined with lithia and sodium  
phosphate. This harmless salts is  
used by thousands of people for stom-  
ach trouble with excellent results.
