**MEN AND THINGS AT OTTAWA.** Another Better Terms Claim for New Brunswick—Comments upon the Commission—How the Government Keeps Faith with Parliament—Lord Dufferin's "In Time"—What Tilley Knows about Railway Loans. [FROM OUR OWN CORRESPONDENT.] OTTAWA, Sept. 22. There is one thing in connection with this Pacific Railway scandal, which does not seem to have been brought as yet before the public mind. It is something which reflects somewhat upon our men in the Cabinet, and shows that they are not over-watchful of the financial affairs of our Province. Messrs. Tupper, Tilley and Mitchell will have to account for their conduct in allowing all Sir Hugh Allan's dollars to go to Ontario and Quebec. What matter if Tilley and Mitchell did not need the money for their elections? Parliament should have insisted upon a renunciation of the financial affairs of our Province. **THE SHAB** is reported to have sold the copyright of his "Journal of Travel" to a London publisher. The Manager of the Little Glouce Bay Colliery, Henry Mitchell, Esq., shipped on Saturday last 755 tons of coal. He averaged last week over 700 tons per day. There are now over 4,000 tons of shipping in port, and vessels are daily arriving and departing. The young gentlemen from Ottawa who while duck hunting on Wed. recently, set up in a small log canoe and discharged his gun, says it required about twenty minutes diving to recover the shell-wagon from the bottom of the river. He thinks firing a gun over the side of a log canoe is not a safe proceeding. The bank of Liverpool has made arrangements for redemption of its paper in Halifax at the Bank of Nova Scotia. The position of Manager of this Bank has been offered to Mr. A. H. Patterson, of Antwerp. We understand that he has accepted the office, and will shortly enter upon the duties of his office.—*Liverpool Advertiser.* On Saturday afternoon while three young men, named James McCormick, John Hayden, and another whose name we could not learn, were rowing across the harbor, a small boat, with a crew of three men, was propelled into the water. One of the rowers, in his endeavor to save the boat, was precipitated into the water. The boat immediately capsized and landed the man at the Commercial wharf more dead than alive.
