## POULTRY SHOW

The Annapolis County Poultry Association will hold a Poultry Show at Lawrenceston, December 2nd and 3rd, entries open to the County only. There will be a special opening on the evening of December 1st, with prominent men from the Government at Halifax as speakers. At the present time it is not possible to name these gentlemen as arrangements are not complete.

The most pleasing feature of the Show is the Junior Farmer section, open to boys and girls of sixteen years and under. It is realized that the children of today are the poultrymen and Nova Scotians of tomorrow, and that it is the duty of every citizen to assist in checking the rural migration to the United States and to our own cities. Hence, there is a special class for Junior Farmers in the Prize List. Moreover, the afternoon of December 3rd will be devoted to the young folk, when Professor Landry will talk to them on poultry, using his five motion pictures to illustrate with Doctor Hall, of Lawrenceston, will give a prize to that school having the greatest percentage of winners. On the special season, due regard being taken in distance from Lawrenceston according to a scale in B.C. It is expected that there will be a cup presented to the school winning the greatest number of points from the exhibited poultry.

Professor Landry, of the Agricultural College at Truro, will give addresses on the Care and Management of Poultry. Illustrating with his films, Flock Selection and Marketing Problems will be discussed by Mr. A. F. Curran, District Poultry Promoter, who also will use motion pictures. Further, he will hold demonstrations on the killing and dressing of fowl, the candling of eggs, and the churning of the flock.

The prize list is in the process of completion, and will probably be available in the first week of November. There are special points for poultrymen to take cognizance of, as follows:  
(a) Exhibits must be owned and on the premises of the exhibitor 30 days previous to the opening of the show.  
(b) Entries close on November 28th.  
(c) Exhibitors must be members of the Association, either before or when forwarding their entries.  
Further particulars will be published when arrangements are complete. In the meantime communicate with A. M. O. Gold, Sec. Treasurer of Lawrenceston, or with C. A. Good, Assat. and Sec. Treas., R. R. No. 1, Lawrenceston.

## ITEMS OF INTEREST

A well attended political meeting was held in the Armadale Theatre on Monday night, chaired by Mr. W. C. Felndel, with addresses given by Mr. W. C. Felndel, and Mr. A. L. Davidson, Middleton. Both speakers were well received. The theatre was filled to the doors.

Today's election day. Get out and vote, and cast it for the party you think will serve you best.

The days of "because father was" are all gone by, and today people are coming to weigh policies and take a keener interest in the affairs of the land. H. B. Short is the candidate of the Liberal-Conservative party and L. J. Lovett, the candidate of the Liberal party.

Ivan H. Crowell, who was teacher in Manual Training at the Macdonald School here last year, is at present enrolled as a student in Forestry at the University of New Brunswick.

Mr. Crowell is planning to continue the study of woods begun in his manual training course and work toward his degree in forestry. The Freshman class at the University this year numbers eighty, one of the largest in years.

A large number of those owing us

At This Season of the Year  
With its changeable weather and wet roads your car needs considerable attention.

Are you keeping the Spring Leaves Lubricated? Rusted Spring Leaves are often the cause of breaking. All Chassis Bearings should be greased very frequently with the proper grease. Grease is only preventive of friction and rust. Bring your car to have thoroughly lubricated. We have in stock, Alemite, Grease L and Graphite Grease.

When washing your car why not protect the finish with a good waterproof polish. We have the best—Simon's Kleener and Simon's Brilliant Lustre and Loco Gloss.

To those who are putting their car up for the winter we especially recommend the purchase of one of our Kennedy Auto Covers. These covers are easily handled and afford a splendid protection to the car.

If you find your lights aren't quite as bright they once were, and not as bright as you would like them, drive in, we will fit you up. Our service is at all times quick and satisfactory.

YOUNG PEOPLE OF THE UNITED CHURCH GIVES PROGRAM

The Young People's Society of the United Church gave an interesting musical program in the Church Parsonage last Friday evening.

The Builders was chosen as a name for the Society.

have received intimation during the month; also unless payment is made as noted thereon, drafts will be made. These drafts are already in hand to the bank. All unpaid drafts will be cleared for in another way, and we ask those concerned to please attend to the little matter at once and save considerable extra expense and inconvenience. If we didn't need the coin we wouldn't bother folks at all, but would keep our heads down and continue the work. Letting nature take its course, which with a great many is a mighty slow and shaky one.

Middleton's photographer, Mr. W. H. Dill has taken over the E. I. Cook photographic establishment at Berwick. Mr. Dill will go up to Berwick a portio not each week to make sittings and take amateur work.

By this new acquisition he will enlarge his field of labor, and be in a better position to give his large number of patrons at Berwick a better service.

We congratulate him upon his business enlargement and bespeak for him greater success and increased trade relations. A picture by Dill means a good one, amateur work by him is the best that can be done.

## OBITUARY

### MRS. MAYNARD OAKES

At South Albany, on Thursday, Oct. 22nd, Mrs. Maynard Oakes passed away, after several weeks of illness, due to dropsy and heart trouble at the age of 44 years. On account of the illness of her son, during the past year and the consequent care, Mrs. Oakes had made great drafts on her strength, underlying thereby her constitution.

She was a daughter of the late Henry Bruce and his wife, Lavinia Cropley Bruce of Brooklyn. For several years she was a successful teacher in the public schools of the Province.

Besides her husband and son, Charles, she is survived by two brothers, Harry Bruce of Brooklyn, Johnson Bruce of Centreton and one sister, Mrs. Deal of Cross Island, Lunenburg Co.

The funeral service which was largely attended was conducted at the home on Saturday afternoon by the pastor of the Albany Baptist Church, Rev. A. H. Whitman, assisted by Rev. George O. Whisman, returned missionary from China.

The underbearers were: E. J. Whitman, George Bairn, Fred Mallman and Lewis Merry. Interment was made in the South Albany Cemetery.

### PERCY BALSOR

Lawrencetown, Oct. 26—At the Memorial Hospital, Middleton, whither he had been taken the week previous for treatment, Percy Balsor, eldest son of Mr. and Mrs. Richard Balsor of So. Williamston, passed away at the age of 28 years. He had not been well for some time and on the advice of his physician an operation was considered necessary, which revealed a case of tubercular peritonitis. He was a young man of promise, faithful to his home, fond of music and artistically inclined.

Besides his parents, two brothers, Fred and Frank and one sister, Ellie, all at home survive him.

The funeral service took place at the home on Tuesday afternoon. Rev. A. H. Whitman officiating.

## DAIRYING

The extraordinary progress made by the dairying industry of the Dominion during the past few years continues and it is gratifying to find that the demand for Canadian dairy products is becoming greater and wider each year.

The output of creamery butter last year was 152,200,968 lb., valued at \$59,459,150. Canada's best customer for the product during the year ended 31st July last was the United Kingdom, other markets being the United States, South Africa, Bermuda, West Indies, Newfoundland, Ireland, Cuba, Alaska, China, Japan, Germany, Belgium, Holland, New Zealand, Philippine Islands, South America and Panama.

The growth of the industry in the prairie provinces has been remarkable, particularly in the case of Saskatchewan, which only a few years ago was regarded as entirely grass-growing territory. For the first six months of the current year the butter production of that province was \$292,462 lbs., exceeding the figure for the corresponding period of the previous year by 25 per cent. Manitoba's increase was even greater, being 52 per cent higher to the end of May last. Alberta, which in 1915 imported 4,116,900 lbs. of butter and last year exported 4,100,000 lbs., expects to increase its output by 20 per cent this year.

The outstanding reason for this growth, doubtless, is that the farmer is realizing, as never before, that dairying provides a steady source of revenue and affords relief from many of the evils which go hand-in-hand with the production of grains alone.

The figures of the Dominion Bureau of Statistics covering the export of dairy products for the year ended 31st July last, compared with the two preceding years, are as follows:

1925—Butter, \$10,217, 819; Cheese, \$27,894,665; Milk (fresh and cream), \$4,006,615; Milk (condensed, etc.), \$5,500,010.

Total Value \$50,619,118.

1924—Butter, \$5,278,479; Cheese, \$28,702,976; Milk (fresh and cream), \$5,453,732; Milk (condensed, etc.), \$5,269,871.

Total Value \$39,706,108.

1923—Butter, \$6,497,232; Cheese, \$20,142,340; Milk (fresh and cream), \$4,837,426; Milk (condensed, etc.), \$4,147,409.

## AUSTRALIA IN THE LEAD

The British Dominions have been slow to initiate a campaign of Empire propaganda. At last, however, Australia has taken the initiative, and the campaign is beginning with the moving pictures. In every moving picture programme in the theatres of Victoria after June 30th, 1925, not less than 1,000 feet of British film must be shown. An amendment to the censorship bill, which was given its third reading last month, provides from 1,500 pounds to \$1,945 pounds for the encouragement of the "movie" enterprise.

Australia is thus setting a worthy example for Canada, where very few Canadian or British films are seen, but where everything American is well advertised.

Christmas is drawing near: How about Extra Advertising?

## THE POPPY

Considerable interest is being shown by everyone in the coming Poppy Sale, conducted by the Middleton Branch of W. V. A. Assistance is being offered by all as it is generally realized that Veterans have most worthy objects in view in selling the poppies. It is fitting that the Anniversary of Armistice Day be the occasion of commemorating our Dead. It is, also, of value to all of us to reflect that our Canadian homes are intact, due to the sacrifice of those Sixty Thousand. The Veterans, who were comrades of those lads, are to be commended for annually asking us to pause in our civilian duties to give heed to the same call of true liberty that inspired the boys still in France. It is hoped that Armistice Day hereafter will be held on November 11th, as the spirit of Memorial Day is entirely different from that of Thanks giving. It is impossible to combine the two occasions consistent with personal and national dignity.

Further, by selling the poppies, the Veterans are assisting their wounded comrades. The replicas are made in the Vet-Craft Shops throughout the Dominion, and the lads who, otherwise could not secure work because of serious disabilities, are thus given employment. What local profits there are, will probably be given to some purpose in connection with the hospital.

## FOR THE KIDDIES' SUPPER

Children who take cold luncheons to school need hot and hearty food at night. Care, however, should be taken to see that the food is digestible as well as substantial in its nature. One mother, whose three thriving children show her good care, contributes this hint.

Try a vegetable soup made with milk. Cook carrots, potatoes, a little onion and a little turnip all together in an enameled ware saucepan until all are very soft. Rub through a colander. Put milk into an enameled ware boiler. Heat just short of boiling point and then stir in the pureed vegetables. Cook slowly in the milk until all is smooth. The soup will not be discolored if it is cooked in enameled ware.

Served with toast or oyster crackers, this soup means a meal in itself. It is very nourishing and will never give even a delicate child the nightmare, which can be so easily acquired from food too rich or heavy.

There's nothing like success: the way to help attain success is to advertise good goods in The Outlook.
