FELLOW'S Compound Syrup of Hypophosphites. As all life endowed bodies, whether they be Beasts, Birds, Reptiles, Insects, or even Zoophites, and subjects of the Vegetable Kingdom, are governed by vital force, which binds all the springs of existence, and as nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is indeed a boon to the world
Modern Chemistry has ventilated the question and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are strengthened.
This, then, is substantially the basis on which Fellows' Hypophosphites is built, its direct action is upon the blood, the brain and nervous system, and the muscles. Strengthening the Nerves, it causes the rapid distribution of vitalised blood in the Muscular Organs of the Body.
As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for Fellows' Syrup, and take no other.
It is adapted for all cases of weakness and Emaciation, whether arising from a sedentary life, a tropical climate, from fever, or debility from any cause, and is efficacious in Pulmonary Consumption, many confirmed cases having been cured and all benefitted, where its use has been continued over a fortnight.
In Bronchitis it is a specific, and in Asthma it gives relief where every other remedy fails.
For Nervous Debility it stands unrivalled, and may be used with confidence in all cases.
Rousing the Sluggish Heart and Liver, strengthening the action of the Stomach and Bowels, and enabling the Lungs to be fully inflated with Oxygen.
