

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER
contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

DID NOT WORK OUT WELL IN INDUSTRIES

QUEBEC, June 11.—An industrial council, formed along a line of several schemes in force in other cities, Canadian and American, to prevent strikes, failed in Quebec, and was disbanded. Herbert Gale, shoe manufacturer, told the commission on industrial relations to-day. Mr. Gale said the council was in existence for many years up to 1916, and then was dropped because the men refused to accept the decisions of arbitration boards. The council was formed by six men, representing the various unions of the shoe trade, and a like number of manufacturers.

The chairman was a manufacturer who was acceptable to the union representatives. Recently a petition was made to revive the council, but the manufacturers are insisting that the unions put up a money bond to abide by the decisions of any board appointed to arbitrate on differences. At present time the manufacturers dealt with the unions individually.

The shoe industry. Mentioning that recently the shoe cutters had demanded an increase of 20 per cent the witness said this would bring up the cost of direct labor in a \$10 pair of shoes to 80 cents. The balance was made up of raw, overhead, etc.

Commissioner Smeaton White: "Of course, there is the labor put into the raw material. Really I suppose the complete labor cost in a pair of boots is \$2 to \$3."

The witness agreed this was so. J.G. Scott, ex-president of the Board of Trade, said there was a lot of labor unrest in Quebec. The high cost of living was the main cause of it. There was a good class of laborers in Quebec. He had employed 1,000 of them for 20 years and had never had any trouble with them. They were fully organized. There had been an increase of 103 per cent in the cost of foodstuffs in the Quebec district. He advocated control of the export of food. Commissioner Riordan: "but would not that tend to diminish production?"

The witness said he did not think so. He pointed out the enormous increase in production of wheat, oats and barley in Quebec during the war as evidences of what the farmers could do.
Cotton Exports Protested.
L.J. Amyot, corset maker, protested against the export of factured cotton to other countries.
PRESTON
To Observe Peace
A meeting of the Preston Town Council and the representatives of the Great War Veterans. The purpose of organizing a Peace Celebration Committee so that Preston will be ready when the official word comes that Peace has been signed to celebrate was discussed. Mayor H.J. Schultz acted as chairman and the Council as well as the G.W.V. A. were well represented. There was some discussion in regard to the form which the celebration should take and it was decided that on the day the word comes that Peace has been signed a joint religious service will be held at Speed Park. Officers were elected and committees appointed, and the officers and committees that have the matter in hand will see that a real celebration will be held in Preston.

Following were the officers and committees elected:
Chairman—Mayor H.J. Schultz.
Secy.—Treas.—Sports: Messts A. Wright, J. Grieve, J. Russell, Mayor Schultz.
Musical committee: G. Winchester, G. Mather, M.M. Donald, E. Underhill, Mayor Schultz.
A resolution was passed whereby there will be no fireworks purchased for the celebration.

A NATIVE SOUTH AFRICAN IN LONDON, ENG.—Springbox, mascot of the South African Troops, which marched with them in the big parade of Colonial Troops in London on May 3rd.

Great success attended the efforts of Mrs. Archie Wright and Mrs. Amel Kneek at the tea given by these ladies at the home of Mrs. Archie Wright. Over \$25 was raised in aid of the Ladies' Auxiliary of the Great War Veterans. Mrs. Archie Wright sold tickets on a crochet yoke, which was drawn for last Thursday in the Armories, 32 the lucky number, was held by Mrs. J. M. Wright.

Word has been received in town of the death of Mr. George Mahler of Detroit, who visited Preston recently and who has many friends in town.

Dr. George Adam.

One of the most recent acquisitions to Canada from Scotland is George Adam, of Montreal. He has been prominent in public life in the British Isles, and has rapidly come to the front here. He is a bosom friend of Harry Lauder's and a very warm friend of David Lloyd George. Two of his best lectures are entitled "A Trip to the Front with Harry Lauder," and "A Familiar Picture of David Lloyd George."

We are leaving it to the local committees to say which one of these lectures they prefer to hear. Both are great, but the majority of the committees are choosing to hear of the great British Premier who has played such a vital part in the winning of the War.

Adam lectures on the second evening of the week.

You Can Start With 25 Cents and be An Investor

And you can invest it in securities as safe and profitable as any held by capitalists.

Twenty-five cents saved each week can be made to earn 4½% interest by a very simple plan.

Thrift Stamps cost twenty-five cents each. Sixteen of these when exchanged for a War Savings Stamp become a 4½% interest-bearing security for which the Government will pay you \$5.00 in 1924.

In other words, if you lend the Government the \$4.00 odd you have saved by this easy means, the Government will pay it back to you WITH AN ADDITIONAL DOLLAR five years from now.

And you become an investor in the safest of all securities—a Government Bond.

Canada needs the small savings of her people to finance the work of reconstruction.
