SIR WILFRID IS LAID TO REST

CANADA HONORS MEMORY OF ITS GRAND OLD MAN

Largest, Grandest Funeral in History of
Dominion.

THOUSANDS LINE THE ROUTE
OF MARCH.

OTTAWA, Feb. 22.—Canada's Capital today honored its greatest dead in a worthy fashion. There was a tremendous dignity and solemnity in the funeral cortege of late Sir Wilfrid Laurier, which formed a fitting climax to a life which would have been noble in any of the great nations of the world, ancient or modern.

This dignity made itself manifest not so much in formal arrangements, which had been made for state funeral but in the grand spontaneity with which people flocked in thousands to pay their last tribute. Unquestionably this was the largest funeral, and the grandest and noblest that Canada has ever seen. Soon after eight o'clock great numbers of spectators had assembled along the line of route, taking advantage of every position which would give them an unobstructed view. The city had over a night filled with visitors, as it by magic. Special trains running from distant points and at times congesting the large railway station.

Promptly at ten o'clock arrange-
ments for the departure of the cortege

were complete despite a complexity of having to make up a procession composed of horse drawn sleighs for the streets in Ottawa are deep in snow and of scores of dignitaries of state national societies returned soldiers and political bodies closing with vast unclassified stream simple citizens from nearly all parts of dominion. The Governor General and Staff General Gwatkin, representing H.R.H. the Duke of Connaught, Lieut Governor, archbishops and bishops and members of the Cabinet the Speaker of the Senate and Senators and speakers and members of the House of Commons with members of the Parliamentary press gallery walked. Prominent gentlemen acted as honorary pall bearers. In the sanctuary were several archbishops and bishops and representatives of all religious communities. A touching Mass composed by Abbe Perois was rendered by Choice and at conclusion an eloquent eulogy of the dead was pronounced in French by Archbishop Mathieu of Regina and in English by Rev. Father John Burke, Paulist of Toronto, son of the late Mr. Denis Burke of Ottawa. After the final absolution the body was taken to its last resting place in Notre Dame Cemetery. At the grave last rites were performed by Father La Jolue of the Jurimate of the Sacred Heart.

FOR THE FUNERAL OF SIR WILFRID LAURIER. The picture shows the casket surrounded by flowers and guarded by Dominion policemen in the chamber of the temporary quarters of the House of Commons at Ottawa. Other views are of the Laurier home and of the museum, which is being used as a temporary House of Parliament from where the body will be taken Saturday to the Basilica for the funeral service.

British Miners Define Their New Demands

ASK FOR NATIONALIZATION
OF MINES
LONDON Feb 22.—Robert Smillie, president of the miners federation, initiated in an interview with the United Press today, that the miners may join with the railway and transport workers to enforce their demands on the government. He said that representatives of the three unions will meet today to discuss the situation and decide whether a general strike is advisable. "Premier Lloyd George's proposal so far have not lessened the certainty of a mine strike," said Smillie. "He has not manifested a disposition to meet us even half way, regarding wages and hours. He has merely offered an advance equivalent to the increased cost of living since 1914. This is not satisfactory to us."

Holstein Breeders Hold Annual Event

QUESTION OF A SALE DIS-
CUSSED.
Officers Elected.
The Holstein breeders association at the annual meeting held in the City Hall yesterday afternoon re-organized for the year. Two mat- ters occupied the members attention. These were the question of holding a big sale of Holstein head this year and the election of officers. After securing the view of all those breeders of the stock who were present it was found that twenty-five head could be offered by the men present at a sale this year. It was the opinion that an equal number could be offered by breeders not present. A committee was therefore appointed to get into touch with all breeders in order to ascertain the advisability or in- advisability of holding a sale. The time of the sale will probably be late next fall although this is left with the committee to investigate. The officers elected are as follows: President: Henry Beckner. First Vice President: Allen Shantz. Second Vice President: J.A. Bry- don. Secretary: W.A. Rife of Galt. Directors: C.H. Janzen, Kitchener. A. Lorch of Elmira; A. Duering of Waterloo; W. Bean of New Ham- burg; E.G. Langs of Waterloo; H. Ludolph of city; A.B. McNeil of Galt; A. Becker of New Dundee; E.B. Martin of Waterloo; H. Groh of Preston.

Another Attempt Early This Morning

Residents Again Dis-
turbed by Early Morn-
ing Intruders.

Mischief Makers Evidently Looking
For Trouble.

It was reported this morning that thieves were again in the vicinity of Elby Street in the early hours. At about two thirty this morning an attempt was made to enter the same residence by the aid of a key to the front door as reported yesterday, but the intruders were disturbed by the arrival of the police. Their motive for a second attempt is in doubt, and the incident is mystify- ing in the extreme. Careful watch is being kept of the district and any further trouble will probably find the culprits in a home to which they haven't a front door key

Has No Statement to Make on the Report

About Erecting A Big Tire Factory.

Interviewed today regarding the purchase of Mr. C. H. Janzen's green- houses on Walter street and rumors about the erection of a big tire factory on the site, Mr. A. R. Kaufman today had no statement to make either in the way of affirmation or denial. "Any report that you have did not come from me. You may surmise anything you wish but we are not authority for it."

In the Eastern Transvaal is a sheet of water known as Lake Chris- tie. From the earliest days of Dutch settlement there was a prophecy that, if this lake ever ran dry, the Boers would lose their independence. Towards the end of the South African War, Lake Christie, for the first time on record, became com- pletely dry, but soon after the de- claration of peace, resumed its normal appearance.

Matters on Which Brant-
ford Meeting Passes
Resolutions.

A meeting of the Grand River Valley Board of Trade was held in the Chamber of Commerce assembly hall at Brantford on Friday afternoon, with President J.H. Hancock, of Galt, in the chair. Mr. Geo. Hatley, secretary of the Brantford Board of Trade, was elected permanent secretary of the G.R.V. Board. Those in attendance were Messrs. J.R. Jaffray, Galt; Frank Macklin, Stratford; P.C. Robinson, Port Dover; B.L. Edgecomb, Dunnville; K.J. Shilton, Dunnville; Capt. Charles Ross, Dunnville; W.A. Fry, Dunnville; W.H. Breithaupt, Kitchener; W.F. Scott, Dunnville; G.H. The first subject taken up was that of the conservation of the water flow on the Grand River. Mr. W.H. Breithaupt read a carefully prepared and highly instructive paper, which received the closest attention of all present and was spoken to by several members. A resolution was unanimously adopted referring the subject to the Ontario Associated Boards of Trade, which meets next month at Toronto, with the request that the scheme pro- posed be urged upon the Govern- ment and Legislature.

Port Dover harbor improvement occupied the attention of the Board and was discussed from all angles by a number of those present. Finally, on motion of H.B. Donley, of Simcoe, seconded by J.S. Martin, of Port Dover, it was resolved to memorialize the Minister of Public Works, urging immediate pro- tection of the plans for repairs and improvements promised on the recent visit of Hon. Mr. Carvell to Port Dover; and some of the ma- terials for which repairs are already on the site. If it is thought advis- able to supplement this memorial day by a delegation to Ottawa the president will arrange for that.

Mr. Kelly, representing the Ham- ilton Board of Trade, introduced a resolution urging upon the Provin- cial Government the advisability of establishing, in connection with one of the Universities, a School of Journalism. The tenor of the resolution and the tone of the re- marks of the gentleman introduc- ing it, prompted spirited replies from H.B. Donley, of the Simcoe Reformer and E.J. Payson, of the

A considerable quantity of hay was offered and showed a downward ten- dency \$21.00 per ton being asked. Other produce was well up to the standard, there being a brisk demand and farmers sold out rapidly.

Question of Soldiers' Memorial Discussed By The Park Board

Will Have a Definite Plan Prepared For Consider-
ation. Mr. A. W. Feick Re-elected Chairman.

Baseball Representative Waits on
The Board.

The monthly meeting of the Park Board was held last evening, a full membership being present. Minutes of last meeting were read and adopted and likewise the ac- counts. Mr. A.W. Feick was re-elected chair- man by ballot and the committee of last year were all returned unanim- ously. A representative of the base-ball organization of this city asked permis- sion of the board for the use and first privileges of the athletic grounds for the coming season. The Board decided to give all the support in their power to the new team as they looked upon Kitchener being represented in the International League as of vital importance to the town both from the business and pleasure standpoint. A Memorial to Fallen Soldiers Chairman Mr. A.W. Feick then

brought up the question of a memor- ial to the local heroes who have fallen in the great war. To give the members an idea Mr. Feick had drawn out a proposed plan of a fountain, surrounded by maple trees, each tree bearing the name of a fallen hero. The idea was favourably received but the question of a site in the park brought some discussion and it was decided that the board make a visit and decide on a suitable site before further details of the design and construction of the memorial were discussed. Whatever their decision is how- ever the memorial will be well worth while and promises to be fully cred- itable both to the brave men who have paid the price and to the city itself. In all probability the cost for the memorial will be raised by public subscription, and no difficulty in raising the funds is anticipated.
