I would like very much if you could make it convenient to come down East some time in the latter half of August. If it would be agreeable to you I would like Mr. Dennis to come with you and Mr. Rhodes too if he could possibly be here, but I don't suppose he can. In any event though I want to see you. Could you write me to Portage la Prairie, Man. where I will be until about the 15th August?

Yours very truly,
