

152199/1

Ottawa, November 27, 1912.

Sir, -

Referring to the proposition to erect a new school building on the Rama Reserve I have to ask you to be good enough to look into the matter of a site and report to the Department. The site should contain at least one acre of ground, should be centrally located, high and dry and easily drained. If it is necessary to purchase such a property you should ascertain the cost. It has been suggested to the Department that the site across the road from the present building might be suitable. You should take this matter up at an early date.

Your obedient servant,

Asst. Deputy and Secretary.

Chas. W. Myers, Esq.,
Indian Agent,
