

MAY, hath XXXI Days.

1807.

APPROACH OF SUMMER.

WITH unskill'd hand of late and feeble string
 I fung the daisy, harbinger of spring ;
 Whole head inclining to the solar ray,
 Greet's the lone traveller on his weary way.
 Then silence reign'd o'er all the wat'ry plain ;

New Moon 7th day Oh. 52m. afternoon,

First Quarter 14th day, 6h. 45 m. afternoon,

Full Moon 21th day, Oh 28m. afternoon,

Last Quarter 28th day, 3h. 49m. morning.
