To Farmers and Mechanics.

GENTLEMEN, having invented a

CHEESE PRESS

That is now giving satisfaction to those using them.
I now introduce it for general use. The advantage
it possesses over the common press is, that in ad-
dition to the screw pressure, there is a constant
steady pressure on the cheese, as the box, as shown
in the engraving, is laden with stones. Thus, when
the pressure of the screw slackens, as it invariably
does by the settling of the curd, still the heavy
weight continues, independent of the screw. The
screws are made of either wood or iron, as pre-
ferred. The price of the single Press is \$6, with
wooden screw; or \$9 with iron screw; in ranges
of three complete sets for dairies, \$27, placed on board
the cars.

N.B.—I will sell a few shop or county rights in
distant parts of the Province, or allow them to be
made on royalty. For circulars and rights apply to
made on royalty.

Interesting to Ladies.

In this rapid age it is absolutely necessary for
Ladies to keep au courant of what is passing in the
world around them.

For this purpose no medium is so good as a first-
class magazine.

We recommend to ladies, who desire one useful
and sensible as well as fashionable, **Demorest's
Illustrated Monthly**, as the very best parlor pe-
riodical that we know.

It is more complete in its departments than any
other.

Its fashions are more unique, because they are
authentic and original, and not blind copies of
French and German models.

It gives with every number full-sized Patterns,
which supply, during the year, all that any lady
needs for the cutting of her own and her children's
wardrobe.

It is always high-toned, and its contributors in-
clude some of the finest talent in the country.

Its Ladies' Club affords valuable and interest-
ing information upon every subject.

It is the best magazine for the utilities and orna-
mentation of the household: the best magazine for
floriculture, original music, architecture, and other
topics interesting to ladies—all calculated to assist
in making our homes attractive and happy.

It is the most enterprising of all magazines, and
gives more than twice as much for the money.

It also offers a large and magnificent Parlor Steel
Engraving, 28 by 35 inches, entitled "The Picnic
on the Fourth of July," valued at \$10, to each sub-
scriber as a premium.

The engraving is all done in line and stipple, from
the original painting by Lillie M. Spencer, and,
besides the copyright, cost over \$7000, and is ac-
knowledgeed by artists to be the most perfect and
beautiful large engraving ever issued in the coun-
try. Certainly \$10 will not procure another that
combines so much interest and beauty.

Or, it offers a fine Chromo, worth \$5, and other
premiums, worth more than the cost of the maga-
zine, to each subscriber, post free, and extraordi-
nary premiums for clubs.

Subscription price \$3 per annum. Commence any
time.

Single copies 25 cents. Specimen copies, with
circulars, mailed free on receipt of 15 cents.
