

Don't Sell Your Cows

THE increasing shortage of hired men is forcing many farmers to seriously consider selling their herds as they cannot get the time nor labor to milk them.

To sell now is similar to "killing the goose that laid the golden egg"—for never in the history of farming have the prices of milk and cream been higher, nor the necessity of their production so vital to the Empire's needs.

Your herd is a source of rapid growth in your yearly income—a source of rapid increase in productive value of your land itself. Why cut off that income and increased productivity, when you can save it and get better results from your cows?

EMPIRE MILKING MACHINES

have solved the problem of saving time and labor in milking—and have freed the hired man for work in the fields.

Mr. J. H. Grisdale, B. Agr., Director of Dominion Experimental Farm says: The real drudgery of the dairy farm is eliminated by the use of the milking machine. ONE man with a milking machine can do the work of three hand milkers in the same length of time. They take the place of the extra hired men so hard to obtain at this time and are recognized as a good investment.

The most exacting tests by Experimental Farms and Stations prove that Empire Machines milk without injury to the cow, with speed, ease, economy and thoroughness. Cows and heifers take readily to being milked by an Empire Milking Machine and benefit by it. An Empire will save money for you in labor and soon pays for itself. Space prohibits giving full information about this labor saver; Our booklets, however, have the whole story and valuable testimonials from other dairymen just like yourself. Write us for them.

Deering Drills for Good, Quick Planting

DEERING drills do away with delay at planting time. They have a workman-like way of sticking steadily to business until the job is done that does away with most of the terrors of our short planting season.

Deering drills first make a furrow just deep enough, then plant the kernels regularly, according to the quantity per acre you want to sow, and then cover them thoroughly to an even depth. They are light-draft machines with strong frames, large, easily-filled grain and fertilizer boxes, and accurate double run feed. They are made in single disk and hoe styles with 11 and 13-furrow openers.

The Deering local dealer is the man to see when you are ready to look at drills. See his sample drills, or write to us for a catalogue showing all the good features of Deering drills.

Registered Fertilizers

Analysis Guaranteed

"Best-by-Test" Fertilizers are registered and identified by a number. The analysis is guaranteed by us, and any purchaser is allowed to submit samples for Government examination. If you want any crop to give big returns, feed it Fertilizer. Whatever soil you have, needs some addition to its plant food constituents. If you will tell us the kind of soil and the kind of crop, we will tell you if they are suited to each other, and what kind and how much Fertilizer to use. Write us fully; we shall be glad to help you. Special rates when farmers club together and order in car-load lots. Agents Wanted.

Power for the Big Pull

Power measures the amount of work done, time consumed, and cost of operation—and power depends on piston rings.

To get maximum power and get it continuously requires a set of

McQUAY-NORRIS LEAK-PROOF PISTON RINGS

The rings that check compression losses and turn wasted fuel into power for automobile, draw-bar or belt work. Their light tension causes least friction loss—more power gained. They reduce carbon—higher engine efficiency. Economical in fuel and oil.

Your dealer can get you any size or over-size quickly. Over 300 jobbing and supply houses in all parts of the country carry complete size assortments. If you have any difficulty getting them, write us.

SEND FOR FREE BOOKLET

"To Have and to Hold Power"—a simple, clear explanation of piston rings, their construction and operation.

Manufactured by McQuay-Norris Mfg. Co., St. Louis, U. S. A.
Canadian Factory: W. H. Banfield & Sons, Ltd., 1374 Pape Ave., Toronto

Copyright 1917, McQuay-Norris Mfg. Co.

McQUAY-NORRIS RINGS

A special ring for engines that pump oil. Used in top grooves only of pistons to control excess oil, with McQuay-Norris LEAK-PROOF Rings in lower grooves to insure maximum compression and fuel economy.

As You Plant, So will You Pick

Good crops are not accidental. Big, meaty tomatoes—Crisp spicy radishes—Large, firm beets—come only from true, vigorous and reliable seeds. Doubtful seeds are dear at any price. This year, when your country needs the largest crop you can produce, be sure and buy good seed. McDonald's tested seeds are carefully selected from plants of perfect production, tested strains of highest germination and vigorous growth, particularly adapted for a big-yield in Canada's climate.

SEND TO-DAY FOR BIG NEW CATALOGUE

Our new 1918 catalogue is free for the asking. It contains a complete variety of Vegetable and Flower seeds, Agriculture and Fodder plants, Seed Grains. In fact, everything for the Farm and Garden.

For 40 years we have furnished seeds of the highest quality. Thousands of customers attest this fact. Fill in the coupon now and mail it to-day.
