FARMER'S ADVOCATE AND HOME MAGAZINE.

The FARMER'S ADVOCATE and HOME MAGAZINE is pronounced by influential American agriculturists to be

"THE BEST IN THE WORLD."

It is now certain that no Agricultural Periodical on the British Isles, or in the British Colonies, has half as large a list of good subscribers. It is known that it has had no superior in Canada for more than twenty-one years.

Purely "Independent" of Sect or Party; its power for good is unbounded, and it has conferred more lasting benefits upon the Farm, Stock and Dairy Interests by its useful hints, valuable information and timely warning than any other periodical in Canada. Those that have taken it for the past twenty-one years will testify to these facts.

The \$1 paid annually for it, is the best expended dollar that goes from the farm. It is improving every year; it is the only true ADVOCATE of the farmer's interest.

The HOME MAGAZINE with its varied knowledge and pleasant reading is "a ray of sunshine to the farmer's home," and has helped to enliven many a winter fireside with its innocent amusement, and afforded valuable information on household matters.

If you have not already become a subscriber, and have any doubts as to the propriety of so doing, ask the leading farmers who are taking it.

The volume for 1888 promises to be better than any previous volume.

Address— **FARMER'S ADVOCATE,**
ONLY \$1.00 PER ANNUM. LONDON, CANADA.
