The Empire WATER SUPPLY System

KITCHEN

BATH ROOM

BARN

Makes Farm Life Comfortable

Brings you the desirable labor-saving convenience you have envied the city folk.

Hot and cold water anywhere you want it in the house and outbuildings. And water—gallons of it—anywhere about the barn, stable, stockpens, lawn or garden.

The invention of the simple and efficient Empire Water Supply System makes all this possible at a cost well within reach of the average farmer or small-town dweller.

WRITE FOR OUR FREE BOOKLET

We want to tell you about the many advantages of the Empire System. Our Free Booklet gives descriptions and illustrations. We will also send you an Information Blank which, when filled out, will enable us to send you full particulars and the cost of a system adapted to your particular needs.

Get posted—write us to-day.

What about a Leonard-Huber Kerosene Tractor for your Fall Plowing?

Have you thought of buying a Tractor for silo-filling this year?

Do you know that the Leonard-Huber is the best all-round farm machine on the market?

Write for free booklet "Doing the Impossible"

E. LEONARD & SONS Limited London Canada

You Wouldn't Haul Crops

to town on your back and yet you unnecessarily break your back doing a lot of odd chores around the farm such as sawing wood, turning the grindstone, pumping water for the livestock, etc., and let your wife and girls wear themselves out over the wash-tub, churn, and separator.

There is no need to let these little jobs take the joy out of life, because an **International Kerosene Engine** will perform all of these tasks—and a lot more, besides—doing the work much faster and more cheaply, to say nothing of doing it better than it could be done by hand. These engines deliver steady, uniform power—they never lag—so any machine that they operate works to the best possible advantage. **There are three International sizes—1½, 3, and 6-h.p. engines.**

The 1½ and 3-h. p. engines are the all-around "chore boys" while the 6-h. p. engine is the dependable "man about the farm". It does work that a dozen hired men couldn't do, such as shelling corn at the rate of from 1,000 to 1,500 bushels a day, baling 15 to 20 tons of hay in a day, grinding feed at the rate of from 5 to 25 bushels an hour, and threshing 20 to 40 bushels of wheat an hour.

Shall we mail you a catalogue and tell you where you can see an **International Engine**? Write to the nearest address given below.

Stifel's Indigo Cloth
Standard for over 75 years

OVERALLS—when you buy them get your money's worth!
Men, ask for Overalls made of Stifel's Indigo Cloth.
Women, ask for Overalls made of Miss Stifel Indigo Cloth.

These two sturdy, fast-color fabrics are the most serviceable and economical made. You know, it's the **CLOTH** in your overalls that gives the wear.

Look for the **BOOT** trademark on the back of the cloth—
it's your guarantee of the genuine.

Your dealer can supply you. **REGISTERED** We are makers of cloth only.
