

Over-strength in every part

It pays to buy sturdy, rugged threshing machinery. For it has to stand treatment that ordinary machinery never gets.

The bumping about over rough roads, up hills and down, puts a terrible strain on these heavy machines. If there are weak parts, poor material, defective castings, or careless workmanship, they are bound to break and cause trouble and expense.

It was because White Threshing Machinery had sturdiness and extra strength in every part built into them that they hold such high reputation to-day.

Aside from their practical simplicity and ease of operation

as efficient machines, they have the strength that stands up under strain. Parts that have to meet extra load and strain are made with great over-strength. It has been the one thing we specialized on for years, the building of threshing machinery, and every feature of proven merit is to be found in "The First Quality Line"

The better you understand machinery the more you will admire the White Tractors and Threshers. We want you to examine our machines carefully, compare them point by point with others, and then decide absolutely on the merits of the machines. You are bound to choose "The First Quality Line."

Full information and illustrated catalogue will be sent on request

"THE FIRST QUALITY LINE"

Makers of Steam, Gas and Kerosene Tractors and Threshers

100 Yards of Ditch in Three Hours

—a better, cleaner and more satisfactory ditch than one dug with pick and shovel, and made in less time and with less labor and less money.

C. X. L. Stumping Powder

dug this ditch—it is digging ditches for hundreds of farmers, who have found the value of C. X. L. on the farm. Whether you want to drain or irrigate—whether your field is upland or swamp—the C. X. L. way is the most practical.

Use C. X. L. for stumping clearing your waste land and planting your fruit trees—it does the work easier, more economically and it helps to produce better and larger crops.

Our book "Farming with Dynamite" tells you how you can use C. X. L. profitably on your farm. Write for your free copy today.

PURE WATER CHEAPENS FEEDING

—helps fatten your horses, cattle and hogs; makes cows produce more milk, and keeps them healthy. But stock will not drink freely of ice cold water nor of warm stale water. With

Empire WATER SUPPLY System

you can have an unfailing supply of pure, fresh water anywhere about the barn, and it will be of an even temperature—just as it comes from the well, cistern or spring.

Just what you have been looking for. Costs little to install. Makes farm work easier.

WRITE FOR OUR FREE BOOKLET

We want to tell you about the many advantages of the Empire System. Our Free booklet gives descriptions and illustrations. We will also send you an Information Blank, which, when filled out, will enable us to send you full particulars and the cost of a system adapted to your particular needs.

Get posted—write us to-day.

Head Office and Factory: London, Ontario

Branch Office and Warehouse:
119 Adelaide St., W., Toronto, Ont.

ALWAYS READY - NEVER FREEZES

PEERLESS PERFECTION

Strong enough to keep your own live stock where they belong and your neighbor's out. The best way to hold neighborly friendships is to fence to prevent trespassing. This fence "locks the bars," "stays put." Made of Open Hearth steel wire—heavily galvanized

in such a thorough manner that it will not flake, chip or peel off. The wires are tough, elastic and springy and will not snap or break under sudden shocks or quick atmospheric changes. The joints are securely held with the "Peerless Lock," which will successfully withstand shocks and strains and yet it can be erected on the most hilly and uneven ground without buckling, snapping or kinking. We also build a full line of poultry fence, ornamental fence and gates. Write for our literature. Valuable information on fence construction.
