GOSSIP.

Mr. R. E. A. Leech, of Brandon, Man., who has been on a few months' visit to Ontario, paid the FARMER'S ADVOCATE office a short call a few days ago. Shorthorns are good property and likely to be better. The same may be said of Herefords. March 9th is the date fixed for the auction sale of John Scrigley's (Allandale, Ont.) herd of 23 Shorthorns and 13 Herefords. See advertisement in this issue. The young bull, Ida's Rioter of Highfield, recently purchased from Miller & Sibley, Franklin, Pa., is a dandy; average test of dam and sire's dam, 29 lbs 10 oz. of butter in 7 days; average milk record of same, 65 1/2 lbs. a day. He is large and is very stylish, and is the picture of his grand sire, Ida's Rioter of St. Lambert, 1866. He is now testing from 14 lbs. 10 oz. to 25 lbs. 51 oz., and averaging 20 lbs. 2 1/2 oz. a piece of butter in 7 days. Grandam Ben Pogis of Prospect 87045, test 19 lbs. 1 1/2 oz.; gave 61 lbs. of milk a day, and 11.183 in one year; full sister to Gipsy Ben of Prospect; 48 1/2 lbs. of milk a day as a three-year old. Orders are coming in fast, and we think that this will be a better year than ever for the butter queen. We like the ADVOCATE very much, and would not be without it. It must have a very wide circulation, as our ad. in it is bringing us orders from all parts. Wishing your paper every success, we are, J. H. SMITH & SON, Highfield, Ont. P. S.—The bull we are advertising for sale is a dandy.

DAIRY INSTRUCTION. The demand for dairy instruction goes on apace with the development of the dairy industry. We are informed by J. A. Ruddick, superintendent of the Kingston Dairy School, that the attendance of students this year is nearly 50 per cent. ahead of any previous year, and applications for admission indicate that this ratio will hold out for the whole term, there being 135 applications by Jan. 15th, against 80 at that date in 1897, and 114 for the entire course. Cheesemaking demands most attention, as indicated by last year's record, when 56 took cheese work only, 20 took butter only and 12 took both butter and cheese. There have been no applications from ladies to attend the Kingston Dairy School. The Guelph Dairy School opened 10 days earlier this year than usual. At a recent date 100 students were in attendance, and more were expected. The instructors are the same as those of last year, with the exception that Miss Laura Rose is lady assistant in the Home Dairy. There are seven young women in attendance at this branch of the school. The Western Dairy School at Strathroy had by Jan. 15th 15 students, all gentlemen. A number of applications have been received for the following opening dates. Most of the students at this school desire and receive buttermaking instruction.

A NOTABLE SALE OF SHORTHORNS. H. Cargill & Son, Cargill, Ont., write: "We have recently sold to Mr. A. J. McArthur, of Paisley, Ont., for shipment to Calgary, N. W. T., the following splendid lot of Shorthorns, and would strongly recommend intending purchasers to examine this lot individually, as well as their breeding, before buying elsewhere. We are convinced that this is the best lot of cattle which has gone West, the property of any one person: H. litroppe, the calved August 5th, 1887; a beautiful red cow, large size, full of quality, as evidenced by her prize-ring record, when she was only in very moderate condition, she winning 2nd in a strong class at Toronto, and 1st at London in 1894, and has never been beaten at local shows; sired by Sir Lewis—45614—(imp.) dam H. litroppe (imp.) Lovely Lena, calved October 2nd, 1890; a magnificent cow, red with some white, grand character, stylish carriage, full of substance and of large size; sired by imp. Baron Camperdown—4728—dam Lovely 19th, sired by Millionaire—31917—regular breeder, having had 5 calves, and due to calve again in a short time; served by Rantin Robin (again in the herd of the same name); sired by Diamond 19th, calved November 29th, 1895; is one of the low down, thick-fleshed sort, of strong character, and full of quality; almost sure to develop into a show cow of superior merit, and being a perfect bred should leave something extra good in the herd of the owner; sired by Rantin Robin (imp.) dam Diamond 18th (imp.), the highest priced and conceded to be the best cow owned by D. D. Wilson at the time of his sale in May, 1895 Bull, Bruce Royal (twin), calved January 29th, 1897; is a deer, very fine, and very sappy, though only in fair condition; sired by the grand imported bull, Royal Member—17107—(64741), and out of the beautiful imported Bruce cow, Rosalind—21208—; he is twin brother to the calf recently sold to Mr. Arthur Johnston, of Greenwood, for use in his herd. Ladore, red and white, calved Nov. 5, 1894, sired by Basil—18368—dam Isabella 4th, Snowflake, white, calved July 8, 1895, sired by Royal Member (imp.) dam Maude—12122—; sired by Daisy Duke—1580—, a massive heifer of good form and quality. Royal Susan, red, calved Sept. 19, 1896, sired by Royal Member (imp.) dam Susan—11122—; by British Duke—4325—, a splendid heifer in quality and character. Rose of Strathmore—25050—; g. d. Rose of Strathmore—25050—, out of Rose of Strathmore—1875—, the Fry Duchess 2nd, red and white, calved Dec. 13, 1896, sired by Lovely Victor—22170—, dam Fry Duchess—25051—; Josephine, roan, calved April 28, 1897, sired by Royal Member (imp.) dam Josephine Victor—18275—; Genoa 2nd, roan, May 16, 1897, by Royal Member (imp.) dam Genoa—16825—; above mentioned Isabella 9th, red, Dec. 8, 1896, by Rantin Robin (imp.) dam Isabella 5th, Edna Earl 2nd, red, Dec. 27, 1896, by Rantin Robin (imp.) dam Edna Earl—18221—; by Bert Victor (imp.) Larder, bull, red and white, March 17, 1897, by Rantin Robin (imp.) dam Isabella 1st—18745—; this bull is thin, but is of good form, and being out of a grand cow and sired by a very fine bull, should make a good one; he is a very fine fellow. Bull, Royal Joseph, red, March 30, 1897, by Royal Member (imp.) dam Josephine 8—22329—; This is one of the low down, thick sort. His dam is a great milker. He should develop into an extra bull.
